

Archetypes Of Wisdom Edition 8

Beloved by nearly half a million Tarot enthusiasts, Rachel Pollack’s Seventy-Eight Degrees of Wisdom forever transformed the study of Tarot. This much-anticipated follow-up to Pollack’s classic guidebook will inspire Tarot aficionados and inform a new generation of Tarot students. Enhanced by the author’s personal stories and insights gained over the past three decades, this book on tarot invites you on a fascinating and fun adventure. Offering an abundant array of new ideas mixed in with enlightening discussions about Tarot’s checkered past, this tarot guidebook features innovative ways to interpret and use Tarot, and a wealth of original spreads to try for yourself—including spreads for predictive, psychological, magical, and spiritual readings. All seventy-eight cards are explored from fresh angles: history, art, psychology, and a variety of spiritual and occult traditions, using cards from seven diverse decks so you can easily contrast and compare. No matter where your starting point on the path of personal discovery, this tarot book will prove a trusted companion for your journey.

ARCHETYPES OF WISDOM: AN INTRODUCTION TO PHILOSOPHY, 8E brings philosophy to life through lively narratives, engaging illustrations, and a student-friendly writing style. Using its signature conversational prose, the textbook guides students through the lives and works of history’s greatest philosophers, then brings it all together with helpful study materials in every chapter. Drawing from both canonical primary sources and the latest philosophical critiques, ARCHETYPES OF WISDOM: AN INTRODUCTION TO PHILOSOPHY, 8E makes philosophy approachable and exciting for students. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

At some point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted territory -- one that is generally uncelebrated in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy crone years. In this celebration of Act 3, Jungian analyst Jean Shinoda Bolen names the powerful new energies and potentials, or archetypes, that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty. As Bolen has explained in her remarkable body of work, there are goddesses in every woman, deep archetypal sources of wisdom, authenticity and spirituality that, once tapped, energize us and give us a sense of meaning and self- acceptance. The knowledge of which archetypes are active within us at each phase of life--maiden, mother (or matron), and cronesupports us in making choices that are true to who we are instead of conforming to others' ideas of who we should be. In Bolen's bestselling Goddesses in Everywoman, the classic work of the women's spirituality movement, the Greek goddesses personified these archetypes as they affected the first two phases of a woman's adult life. Now she explains that in the third stage, marked physiologically by menopause, there emerges a whole new cast of inner archetypes that a woman can draw on for guidance, creativity, personal integration, and joy. Once we learn to recognize these forces, we can feel empowered and wise, introspective and spiritual, sexually bold and full of mirth. For it is in the "wisewoman" years, when a woman has lived long enough to resolve the tasks of younger and middle adulthood, that she can fully and authentically become who she deeply is. The generation of women who are approaching or who have reached the crone years is historically unique. Influenced by the women's movement, they have benefited from educational opportunities, women's support networks, and economic resources as excellent preparation for decades of active postmenopausal life. By recognizing the goddess archetypes that emerge in this phase, women of this special generation will be enabled to transform the crone years into the best years of their lives.

"Maiden, Mother, or Crone--where does a woman in her midlife years fit in? Thirteen powerful archetypes for your whole lifecycle. Women who have turned to feminist spirituality for appreciation of women's ways of knowing will revel in the thirteen empowering archetypes presented in this book. From Daughter to Blood Sister, Mother to Amazon, Sorceress to Crone, this groundbreaking work reveals the grand pattern of women's lives, rich and complex, beautiful and mysterious. Elizabeth Davis and Carol Leonard, licensed midwives with sixty-five years combined experience as health care providers and healer, developed the Wheel as a synthesis of their work in women's health, spirituality and psychology. The women's wheel of life draws on more than a hundred interviews with women of all ages who have found the Wheel to be an inspiring and revolutionary path for more powerful living"--Back cover.

An Archetypal Journey

Who Are You?

The Wisdom Well

It's Not About the Money

King, Warrior, Magician, Lover

A Tarot Journey to Self-Awareness

The Love of Wisdom

Highly innovative work presenting a piercing interpretation of the tarot in terms of Jungian psychology. Through analogy with the humanities, mythology and the graphic arts, the significance of the cards is related to personal growth and individuation. The major arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to the symbolism of the cards and therefore to the personal life. "Sallie Nichols, in her profound investigation of Tarot, and her illuminated exegesis of its pattern as an authentic attempt at enlargement of the possibilities of human perceptions has . . . performed an immense service for analytical psychology. Her book enriches and helps us to understand the awesome responsibilities laid upon us by consciousness On top of it all, she has done this not in an arid fashion, but as an act of knowing derived from her own experience of Tarot and its strangely translucent lights. As a result her book not only lives but quickens life in whomever it touches." --from the Introduction by Laurens van der Post

A Speaker’s Guidebook is the best resource in the classroom, on the job, and in the community. Praised for connecting with students who use and keep it year after year, this tabbed, comb-bound text covers all the topics typically taught in the introductory course and is the easiest-to-use public speaking text available. In every edition, hundreds of instructors have helped us focus on the fundamental challenges of the public speaking classroom. Improving on this tradition, the fifth edition does even more to address these challenges with stronger coverage of overcoming speech anxiety, organizing and outlining, and more. And as the realities of public speaking change, so does A Speaker’s Guidebook; the new edition also focuses on presentational speaking in a digital world — from finding credible sources online to delivering presentations in a variety of mediated formats. Read the preface.

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind’s psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

The author of this unusual book-and-card set shows readers how to combine a simplified method based on tarot reading with general principles of Jungian psychology. The resulting benefits include understanding oneself and gaining insights to the future. Thirty-six specially designed cards--half the number of a standard tarot deck--allow users to conduct simplified readings. Thus they avoid the complexities and confusion they might encounter with a full tarot deck. Each of the 36 cards specifies a personality designation according to Jungian psychology. Among them are: Psyche, or our true selves . . . The Persona, or the masks we adopt in life . . . The Wise Old Man, or the well of ancestral knowledge and good counseling . . . The Child Within, signifying innocence, naivety, and immature aspects of self . . . Mother Moon Goddess, or the mother archetype . . . The Beggar, signifying psychological denial of unwelcome character traits. These are just a few of the 36 personality types reflected in the cards. The author instructs on correct methods of card reading for greater self awareness. She advises her readers to dip into the Wisdom Well and learn what the present means and what the future can bring. More than 150 color illustrations.

A Beginner’s Guide to Constructing the Universe

#1 New York Times Bestseller “THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In Think Again, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know.” —Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The bestselling author of Give and Take and Originals examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of Originals and Give and Take, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

Discover how mathematical sequences abound in our natural world in this definitive exploration of the geography of the cosmos You need not be a philosopher or a botanist, and certainly not a mathematician, to enjoy the bounty of the world around us. But is there some sort of order, a pattern, to the things that we see in the sky, on the ground, at the beach? In A Beginner’s Guide to Constructing the Universe, Michael Schneider, an education writer and computer consultant, combines science, philosophy, art, and common sense to reaffirm what the ancients observed: that a consistent language of geometric design underpins every level of the universe, from atoms to galaxies, cucumbers to cathedrals. Schneider also discusses numerical and geometric symbolism through the ages, and concepts such as periodic renewal and resonance. This book is an education in the world and everything we can’t see within it. Contains numerous b&w photos and illustrations.

A deluxe hardcover 40th Anniversary edition of the best-selling Tarot classic. This edition features: Printing on acid-free, archival-quality paper Smythe-sewn hardcover binding Bound in quarter-cloth with paper over boards Cloth spine is stamped in gold foil Front board features a blind stamp of Sun motif Rachel Pollack’s Seventy-Eight Degrees of Wisdom inspired a whole generation of tarot students. Often referred to as the “Bible of tarot books,” it is a landmark book that helped launch today’s Tarot renaissance. Drawing on mythology and esoteric traditions and delving deeply into the symbolism and ideas of each card, the book offers a modern psychological interpretation of the tarot archetypes rather than a system of esoteric symbolism. Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to ‘Choose the Right Victim’, ‘Appear to Be an Object of Desire’ and ‘Confuse Desire and Reality’. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we’ve become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history’s greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies of War.

The World Today: Concepts and Regions in Geography, 7th Edition

"[This] magnificent critical survey, with its inherent respect for both the 'West's mainstream high culture' and the 'radically changing world' of the 1990s, offers a new breakthrough for lay and scholarly readers alike....Allows readers to grasp the big picture of Western culture for the first time." SAN FRANCISCO CHRONICLE Here are the great minds of Western civilization and their pivotal ideas, from Plato to Hegel, from Augustine to Nietzsche, from Copernicus to Freud. Richard Tarnas performs the near-miracle of describing profound philosophical concepts simply but without simplifying them. Ten years in the making and already hailed as a classic, THE PASSION OF THE WESERN MIND is truly a complete liberal education in a single volume.

The World Today is the number one bestselling brief World Regional Geography textbook. The seventh edition continues to bring readers geographic perspectives on a fast-changing world through the regional view. Restructured chapters provide a macro review of important physical, cultural, and political characteristics, drawing upon up-to-date significant world events and crises. The cartographically superior maps have been updated for the seventh edition to offer an accurate and vast picture of the world--multi-layer, interactive, GIA maps have been added to WileyPLUS Learning Space. To complement the extensive map program, the majority of the photos have been taken by our authors during their field research, allowing the student to experience an authentic geographical viewpoint of our world.

Jordan Peterson's Twelve Rules for Life meets Jocko Willink and Leif Babin's Extreme Ownership in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face—we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit—long characterized by grit and fortitude—is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with Fortitude. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. Fortitude is a no-nonsense advice book for finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces. Interspersed with lessons from history and psychology is Crenshaw's own story of how an average American kid from the Houston suburbs went from war zones to the halls of Congress—and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

ARCHETYPES OF WISDOM, 9E uses a historical approach to bring philosophy to life through lively narratives, engaging illustrations, and a student-friendly writing style. Using its signature conversational prose, the textbook guides students through the lives and works of history ’s greatest philosophers, drawing from both canonical primary sources and the latest philosophical critiques. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

What do the latest financial thinking and ancient spiritual teachings reveal to us about financial freedom? Top financial advisor Brent Kessel insists financial success and security is "not about the money." Rather, it's about what's inside us—first understanding your emotional relationship to money, and only then taking action. It's Not About the Money expertly and compassionately guides you along the path to financial security and true peace of mind. Kessel, founder of two top wealth-management firms, has the inside scoop on the higher wisdom of personal finances, and he wants to share it with you. Through extensive experience as a financial advisor and spiritual seeker, Kessel has discovered that people need to understand their core financial story in order to make meaningful changes. Some of us are savers or caretakers, says Kessel, while others are pleasure seekers and spend like Hollywood stars; some people are idealists who place greater value on creativity or compassion than on financial security; some of us innocently believe our finances will work out without effort; and others obsess about building empires with lasting value. It's Not About the Money will help you identify your money type, providing information and resources as well as exercises and meditations to inspire a fresh approach to your relationship with money that will change your life.

How to Get the Most Out of Philosophy

Spatial Archetypes

This book analyzes the rise of the earliest Greek temples through an innovative phenomenological approach, in which lived experiences are assumed as key tools of investigation. Accordingly, much space is dedicated to exploring the connections that tied the Greeks to their surroundings environment, by surviving records of Greek religion, poetry, art, philosophy and architecture from the archaic times. This framework sheds a new light on the relationship between ‘human’ and ‘divine’ in the ancient Greek world, suggesting that the archetypal structure of temple was devised to facilitate a particular kind of experience, that of the Divine. Such an experience produced a break from ordinary and profane life, allowing a special awareness to be gained. The findings and method of this book enable us to bridge the gap between our present days and that distant era, rediscovering our ancient past as an endless source of inspiration. This Christian-based introduction to philosophy textbook is all the more appealing to its student audience for including humor and popular culture illustrations to teach important concepts.

Explore the power of male archetypes by calling upon the energies of specific godforms. This guidebook and companion volume to Invoke the Goddess shows you how to activate a positive and powerful connection to fifteen gods from three different pantheons—Hindu, Greek, and Egyptian—with ritualized meditations and visualizations. ·To increase initiative-elicit the dynamic energy of Hermes ·For greater power-invoke the might of Zeus ·For career success-seek the business

savvy of Ganesh ·For magickal prowess-call upon the prophetic wisdom of Thoth The gods live in our very midst, inside as well as outside of our own psyches. Invoke the Gods presents the history, lore, and instruction you need to incorporate their archetypal powers into your life.

YOUR EPIC LIFE STARTS HERE. In every woman lives a Queen who is confident, poised, and clear on her calling. She is bold and unapologetic. Drawing from her spiritual connection and feminine nature, she accesses the power to manifest her desires and fulfill her purpose. The era is over. Your time to be Queen has arrived. In The Audacity to Be Queen, women's empowerment and success coach Gina DeVee invites modern-day women to embrace the endless possibilities that are rightfully ours. Permission granted to take ourselves off the back burner financial and socially-and step into our greatness. The days of dismissing ourselves and our desires end here. No longer must we pretend to be anything other than brilliant, capable, and fabulous. The world needs women like us to own our power, raise our standards, and contribute our wisdom to the world. A woman chooses to be a Queen, everyone benefits. With spectacular flair, beautiful pearls of wisdom, and lifechanging stories of unexpected triumph, The Audacity to BeQueen takes you on a journey to empower the Queen within. Gina DeVee shares the steps, exercises, meditations, and affirmations to release all forms of self-doubt and self-sabotage so you can discover the best version of you. Only from the position of Queen can you fulfill your calling, and in this pivotal moment, time is of the essence. The age of the Queen is now.

Dreams are one of the most profound, enigmatic, and powerful activities of our mind and our soul. And for those who yearn for healing, purpose, and deeper connections, dreams can hold a plethora of creative insights and solutions to the problems that hold you back. Each dream is a message from the unconscious, and Modern Dreamwork offers a hands-on guide to several different approaches to working with and interpreting your dreams. Through this dreamwork, you can understand and resolve difficult decisions or issues with confidence, knowing that you're in tune with the unconscious. Exploring simple steps to improve your dream recall and learning about dream incubation, author Linda Yael Schiller shares three unique approaches to interpretation: the Integrated Embodied Approach, the PARDES method (based on Kabbalah), and the Guided Active Imagination method. These methods can be used by anyone, regardless of spiritual or religious background. Throughout the book you will also learn about dream journeys, waking dreams, synchronicity, intuition, dream imagery, and innovative techniques for soothing and transforming nightmares.

From the #1 New York Times-bestselling author of The 48 Laws of Power comes the definitive new book on decoding the behavior of the people around you Robert Greene is a master guide for millions of readers, distilling ancient wisdom and philosophy into essential texts for success and mastery. Now he turns to the most important subject of all - understanding people's drives and motivations, even when they are unconscious of them themselves. We are social animals. Our very lives depend on our relationships with people. Knowing why people do what they do is one of the most powerful skills you can possess, without which our other talents can only take us so far. Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to lead to insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose. Whether at work, in relationships, or in shaping the world around you, The Laws of Human Nature offers brilliant tactics for success, self-improvement, and leadership.

Think Again

"Coyle spent three years researching the question of what makes a successful group tick, visiting some of the world's most productive groups—including Pixar, Navy SEALs, Zappos, IDEO, and the San Antonio Spurs. Coyle discovered that high-performing groups ... generate three key messages that enable them to excel: 1. Safety (we are connected), 2. Shared risk (we are vulnerable together), 3. Purpose (we are part of the same story)"--

Discover the personality archetypes within you and improve your life and relationships with a new self-guided system of personal transformation. In Traditional Chinese Medicine (TCM) philosophy, the elements Wood, Fire, Earth, Metal, and Water are the foundation of how nature grows and evolves. They are believed to help us understand everything from illness and healing to the fundamental processes of child development—and they continue to inform Chinese medicine practice today. But as Ayurvedic nutritionist, reiki master, and Tournesol founder

Carey Davidson demonstrates in this book, each of the five elements can also be seen as a personality archetype—and inside all of us is a unique blend of these archetypes that serves as a window into living a more fulfilling life on every level. In The Five Archetypes, Davidson explains that by knowing the personality traits associated with each type and using what she calls the Five Archetypes method, you can actually start to predict your behavioral patterns—not only with yourself but also with your friends, your romantic partner, your children, and even your colleagues. By practicing this method, you will also: -Learn how to exercise more control over behaviors that thwart your potential -Hone your self-awareness and self-regulation skills in the face of day-to-day stress -And understand what really makes people tick, so that you spend less time in stagnant relationships and more time in gratifying ones Through her study of the elements and the observations she 's made in her work with individuals, couples, companies, parents, kids, and educators, Davidson has created a simplified and practical guide to harnessing the strengths of our five archetypes. Complete with an assessment designed to help you discover your primary, secondary, and lowest types, The Five Archetypes will not only teach you more about yourself and others but also transform your relationships and set you on the path to personal and interpersonal harmony.

There was once an emperor who was only interested in one thing, his clothes. He spent all his money on his outfits and had a different one for every time of day and every occasion. One day, two thieves arrived in town pretending to be weavers who knew how to make the most beautiful and sophisticated fabrics, which had the marvellous property of only being visible to those who did their job well.. It was the perfect offer for our king, who immediately placed an order. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children 's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Drawing on Zen philosophy and his expertise in the martial art of aikido, bestselling author George Leonard shows how the process of mastery can help us attain a higher level of excellence and a deeper sense of satisfaction and fulfillment in our daily lives. Whether you're seeking to improve your career or your intimate relationships, increase self-esteem or create harmony within yourself, this inspiring prescriptive guide will help you master anything you choose and achieve success in all areas of your life. In Mastery, you'll discover:

A Wake Up Call from Your 12 Archetypes

The Keys to Success and Long-Term Fulfillment

A sweeping view of the psychologies of cultures from the Sensitive Chaos of hunter-gatherers, to the Great Round of Neolithic villagers, to the Four Quarters of Bronze Age warrior chieftains, to the Pyramid of theocratic nation states, to the Radiant Axes of empires, to the Grid of commercial societies, to the Dissolution of collapse.

Have you ever wondered why you are drawn to certain people, ideas or products and turned off by others? Are you constantly searching for something you can't put your finger on, or wondering whether you are living a life that truly fits?In Archetypes, New York Times bestselling author Caroline Myss delves into the world of archetypes, which have been the subject of her work for more than 25 years. Archetypes are universal patterns of behavior that, once discovered, help you better understand yourself and your place in the world. In short, knowing your archetypes can transform your life.Within the pages of this book, Myss writes about ten primary archetypes that have emerged in today's society: the Caregiver, the Artist/Creative, the Fashionista, the Intellectual, the Rebel, the Queen/Executive, the Advocate, the Visionary, the Athlete, and the Spiritual Seeker. In each chapter, she explains one individual archetype, showing how it has evolved and then in fascinating detail lays out the unique characteristics, the defining graces, the life challenges, and other information to help you understand if you are part of this archetype family and if so, how you can fully tap into its power. She also offers tips and practical advice on how to fully engage with your archetypes. Learning which archetypes best describe you is just the beginning. You can then use this knowledge to make more conscious decisions about everything from careers to relationships, avoiding common pitfalls of your personality type while playing up your strengths. The result is a happier, more authentic you. It's never too late to change your life by embracing your archetypes to the fullest.So are you a Rebel? An Artist? A Visionary? Join us . . . and find yourself.

A brand's meaning—how it resonates in the public heart and mind—is a company's most valuable competitive advantage. Yet, few companies really know how brand meaning works, how to manage it, and how to use brand meaning strategically. Written by best-selling author Carol S. Pearson (The Hero Within) and branding guru Margaret Mark, this groundbreaking book provides the illusive and compelling answer. Using studies drawn from the experiences of Nike, Marlboro, Ivory and other powerhouse brands, the authors show that the most successful brands are those that most effectively correspond to fundamental patterns in the unconscious mind known as archetypes. The book provides tools and strategies to:

• Implement a proven system for identifying the most appropriate and leverageable archetypes for any company and/or brand

• Harness the power of the archetype to align corporate strategy to sustain competitive advantage

Part travel adventure, part spiritual instruction – a first-hand account of the movement of the Earth's Kundalini and the rise of the Female Light, 1948 to 2013.

Beyond 2012

The Five Archetypes

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

A Fully Revised and Expanded Edition of the Beloved Oracle Deck, Now with Two New Cards! Way of the Horse is a profound book-and-card set that invites readers to explore our sacred connection with horses in an entirely new way. This revised and expanded edition of the timeless deck from Linda Kohanov and Kim McElroy features new cards along with a completely redesigned and updated guidebook. Forty-two beautifully designed cards introduce readers to the hidden world of equine wisdom. Each chapter explores key concepts surrounding the corresponding cards, leading readers on a journey of discovery and exploration. Cards like The Keeper of Mysteries and The Silent Way capture the unique wisdom of the equine spirit. The book reveals the practical meaning behind horse behavior as well as the powerful symbolic and spiritual significance of these amazing animals. Sure to interest anyone fascinated by horses, Way of the Horse offers profound insights into the human-equine relationship.
