**Explanation and advice for students doing O Level English. O Level English India edition: written especially for students preparing for the O Level in English Language examination conducted by the University of Cambridge International Examinations; provides extensive explanation and advice to students to prepare for and succeed in the examination.**

**NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE •** A searing, post-apocalyptic novel about a father and son’s fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

This series contains poetry and prose anthologies composed of writers from across the English-speaking world. Parts of Songs of Ourselves Volume 1 are set for study in Cambridge IGCSE®, O Level and Cambridge International AS & A Level Literature in English syllabuses. The anthology includes work from over 100 poets, combining famous names - such as William Wordsworth, Maya Angelou and Seamus Heaney - with lesser-known voices. This helps students create fresh and interesting contrasts as they explore themes that range from love to death.

English Language for Cambridge International AS and a Level

Language not only expresses identities but also constructs them. Starting from that point, Language and Identity examines the interrelationships between language and identities. It finds that they are so closely interwoven, that words themselves are inscribed with ideological meanings. Words and language constitute meanings within discourses and discourses vary in power. The powerful ones discourses and marginalize or silence the least powerful languages and cultures. Language and culture death occur in extreme cases of marginalization. This book also demonstrates the socio-economic opportunities offered by language choice and the cultural allegiances of language, where groups have been able to create new lives for themselves by embracing new languages in new countries. Language and Identity offers opportunity and marginalization. Language and Identity argues that bilingualism and in some cases multilingualism can both promote socio-economic opportunity and combat culture death and marginalization. With sound theoretical perspectives drawing upon the work of Bakhtin, Vygotsky, Gumperz, Foucault and others, this book provides readers with a rationale to redress social injustice in the world. Cultural identities and an acknowledgement that access to language can provide opportunity.
