

Assassinations Of John And Robert Kennedy

Assassins have been killing the powerful and famous for at least three thousand years. Personal ambition, revenge, and anger have encouraged many to violent deeds, like the Turkish sultan who had nineteen of his brothers strangled or the bodyguards who murdered a dozen Roman emperors. More recently have come new motives like religious and political fanaticism, revolution and liberation, with governments also getting in on the act, while many victims seem to have been surprisingly careless: Abraham Lincoln was killed after letting his bodyguard go for a drink. So, do assassinations work? Drawing on anecdote, historical evidence, and statistical analysis, *Assassins' Deeds* delves into some of history's most notorious acts, unveiling an intriguing cast of characters, ingenious methods of killing, and many unintended consequences.

"A fascinating, elegiac account" of the bond between two of the Civil Rights Era's most important leaders—from the journalist and author of *Strange Fruit* (Chicago Tribune). With vision and political savvy, Martin Luther King, Jr. and Robert F. Kennedy set the United States on a path toward fulfilling its promise of liberty and justice for all. In *The Promise and the Dream*, Margolick examines their unique bond, both in life and in their tragic assassinations, just sixty-two days apart in 1968. Through original interviews, oral histories, FBI files, and previously untapped contemporaneous accounts, Margolick offers a revealing portrait of these two men and the mutual assistance, awkwardness, antagonism, and admiration that existed between them. MLK and RFK cut distinct but converging paths toward lasting change. Even when they weren't interacting directly, they monitored and learned from one another. Their joint story, a story each man took pains to hide during their lives, is not just gripping history but a window into the challenges we continue to face in America. Complemented by award-winning historian Douglas Brinkley's foreword and more than eighty revealing photos by the foremost photojournalists of the period, *The Promise and the Dream* offers a compelling look at one of the most consequential but misunderstood relationships in our nation's history. This powerful book reveals all those involved in the assassination of United States President John F. Kennedy and Senator Robert F. Kennedy. Robert Clayton Buick exposes with indisputable facts, official records, unbiased witness testimony, forensic evidences, the natural law of physics and his own personal knowledge and involvement those personalities behind the killing of the 35th President of the United States and the murder of his younger brother Bobby Kennedy.

Canal draws on his background in electronics and as an instructor in the US Air Force to challenge the conspiracy theories around the 1963 assassination of John Kennedy. He assembles evidence from the testimony of ballistics experts and doctors; new analysis of bullet fragments; and the phone calls and movements of Oswald, Ruby, and other members of the mob to argue why and how Oswald did it and why the mob would want him silenced. The Case Against LBJ

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real, honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond. Based on years—decades—of primary source research and having read countless books on the subject.

Legacy of Secrecy tells the full story of JFK's murder and the tragic results of the cover-ups that followed, as revealed by two dozen associates of John and Robert Kennedy, backed by thousands of files at the National Archives. The result of twenty years of research, it finally tells the full story long withheld from Congress and the American people.

William Manchester's epic and definitive account of President John F. Kennedy's assassination—now restored to print in a new paperback edition. As the world still reeled from the tragic and historic events of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective -- to set down as a whole the national and personal tragedy that was JFK's assassination -- is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.

"A multilayered, inspiring portrait of RFK . . . [the] most in-depth look at an extraordinary figure whose transformational story shaped America."—Joe Scarborough, *The Washington Post* **NEW YORK TIMES BESTSELLER** • Soon to be a Hulu original series starring Chris Pine. Larry Tye appears on *CNN's American Dynasties: The Kennedys*. "We are in Larry Tye's debt for bringing back to life the young presidential candidate who

. . . almost half a century ago, instilled hope for the future in angry, fearful Americans.”—David Nasaw, *The New York Times Book Review* Bare-knuckle operative, cynical White House insider, romantic visionary—Robert F. Kennedy was all of these things at one time or another, and each of these aspects of his personality emerges in the pages of this powerful and perceptive biography. History remembers RFK as a racial healer, a tribune for the poor, and the last progressive knight of a bygone era of American politics. But Kennedy’s enshrinement in the liberal pantheon was actually the final stage of a journey that began with his service as counsel to the red-baiting senator Joseph McCarthy. In *Bobby Kennedy*, Larry Tye peels away layers of myth and misconception to capture the full arc of his subject’s life. Tye draws on unpublished memoirs, unreleased government files, and fifty-eight boxes of papers that had been under lock and key for forty years. He conducted hundreds of interviews with RFK intimates, many of whom have never spoken publicly, including Bobby’s widow, Ethel, and his sister, Jean. Tye’s determination to sift through the tangle of often contradictory opinions means that Bobby Kennedy will stand as the definitive biography about the most complex and controversial member of the Kennedy family. Praise for *Bobby Kennedy* “A compelling story of how idealism can be cultivated and liberalism learned . . . Tye does an exemplary job of capturing not just the chronology of Bobby’s life, but also the sense of him as a person.”—*Los Angeles Review of Books* “Captures RFK’s rise and fall with straightforward prose bolstered by impressive research.”—*USA Today* “[Tye] has a keen gift for narrative storytelling and an ability to depict his subject with almost novelistic emotional detail.”—*Michiko Kakutani, The New York Times* “Nuanced and thorough . . . [RFK’s] vision echoes through the decades.”—*The Economist*

The Road to Dallas

The Death of a President

A landmark in historical research, tying the Mafia and Cuba to the assassination of JFK—updated to reveal the role of Cuban Commander Juan Almeida. Recent revelations by the U.S. government point to Cuba’s former number three official—Commander Juan Almeida—as secretly working with President John F. Kennedy in November 1963 to overthrow Fidel Castro. This updated edition of *Ultimate Sacrifice* tells the full story for the first time—complete with new photos and documents. The authors obtained the story from almost two dozen associates of John and Robert Kennedy, starting in 1990 with JFK’s Secretary of State Dean Rusk. Their accounts are supported by thousands of newly released files at the National Archives. A “palace coup,” set for December 1, 1963, was to be backed up by U.S. forces “invited” in by Commander Almeida, then Chief of the Cuban Army. However, three Mafia bosses being targeted by Attorney General Robert F. Kennedy used several CIA assets to infiltrate the secret plot and murder JFK. The new edition explains why Almeida was not a double agent, why Fidel suspected Almeida’s ally Che Guevara, and what Fidel did in 1990 when he finally found out about Almeida’s work for JFK. “How well do the authors make their case? With a relentless accumulation of detail, a very thorough knowledge of every political and forensic detail and the broad perspective of historians rather than assassination theorists.” —*Publishers Weekly* (starred review) “At last, the mysteries surrounding JFK’s death are fully explained by the startling revelations in this book.” —William W. Turner, former FBI agent and author of *Deadly Secrets*

Was journalist Dorothy Kilgallen murdered for writing a tell-all book about the JFK assassination? Or was her death from an overdose of barbiturates combined with alcohol, as reported? Shaw believes Kilgallen’s death has always been suspect, and unfolds a list of suspects ranging from Frank Sinatra to a Mafia don, while speculating on the possibilities of reopening the case.

Reconstructs the authors’ search for the truth about the Kennedy assassination and charges the Los Angeles Police Department and the FBI with closing their eyes to a sinister conspiracy

Culled from the pages of *Probe* magazine, these stories delve deeply into the mysteries and hints of conspiracy in the political murders that shocked the nation in the 1960s, covering the assassinations of John and Robert Kennedy, Martin Luther King, Jr., and Malcolm X. Original.

The Forgotten Terrorist

SSuggests that John F. Kennedy was assassinated because military leaders feared his dedication to peace would result in the United States falling to Russia

In *A Lie Too Big to Fail*, longtime Kennedy researcher (of both JFK and RFK) Lisa Pease lays out, in meticulous detail, how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department; how evidence was deliberately altered and, in some instances, destroyed; and how the justice system and the media failed to present the truth of the case to the public.

Pease reveals how the trial was essentially a sham, and how the prosecution did not dare to follow where the evidence led. *A Lie Too Big to Fail* asserts the idea that a government can never investigate itself in a crime of this magnitude. Was the convicted Sirhan Sirhan a willing participant? Or was he a mind-controlled assassin? It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner, allowing readers to form their theories about this event. Pease places the history of this event in the context of the era and provides shocking overlaps between other high-profile murders and attempted murders of the time. Lisa Pease goes further than anyone else in proving who likely planned the assassination, who the assassination team members were, and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States.

This New York Times bestseller by the veteran government operative lays out the theory that LBJ orchestrated the JFK assassination. Consummate political insider Roger Stone makes a compelling case that Lyndon Baines Johnson had the motive, means, and opportunity to orchestrate the murder of John F. Kennedy. Stone maps out the case that Johnson blackmailed his way on the ticket in 1960 and was being dumped in 1964 to face prosecution for corruption at the hands of his nemesis attorney, Robert Kennedy. Stone uses fingerprint evidence and testimony to prove Kennedy was shot by a long-time Johnson hit man—not Lee Harvey Oswald. Johnson would use power from his personal connections in Texas, from the criminal underworld, and from the United States government to escape an untimely end in politics and to seize even greater power. In *The Man Who Killed Kennedy*, you will find out how and why he did it.

CIA Rogues and the Killing of the Kennedys

Crime, Conspiracy and Cover-Up - a New Investigation

The assassinations

Books about the Kennedys are legion. Yet missing until now has been the exploration of the bond between Jack and Bobby, and the part that it played in their rise and fall. Eight years apart in age, they were wildly different in temperament and sensibility. Jack was the born leader—charismatic, ironic, capable of extraordinary growth and reach, yet also pathologically reckless. Bobby was the fearless, hardworking Boy Scout—unafraid of dirty work and ruthless about protecting his brother and destroying their enemies. Jack, it was said, was the first Irish Brahman, Bobby the last Irish Puritan. As Mahoney demonstrates with brilliant clarity in this impeccably documented, magisterial book, the Kennedys lived their days of power in dangerous, trackless territory. The revolution in Cuba had created a poisonous cauldron of pro- and anti-Castro forces, the CIA, J. Edgar Hoover's FBI, and the Mafia. Mahoney gives us Jack and Bobby in all their hubris and humanity, youthfulness and fatalism. Here is American history as it unfolds. *The Kennedy Brothers* is a fresh and masterful account of the men whose legacy continues to hold the American imagination. Originally published under the title *Sons and Brothers*.

The US Central Intelligence Agency is no stranger to conspiracy and allegations of corruption. Across the globe, violent coups have been orchestrated, high-profile targets kidnapped, and world leaders dispatched at the hands of CIA agents. During the 1960s, on domestic soil, the methods used to protect their interests and themselves at the expense of the American people were no less ruthless. In *CIA Rogues and the Killing of the Kennedys*, Patrick Nolan fearlessly investigates the CIA's involvement in the assassinations of President John F. Kennedy and Senator Robert F. Kennedy—why the brothers needed to die and how rogue intelligence agents orchestrated history's most infamous conspiracy. Nolan furthers the research of leading forensic scientists, historians, and scholars who agree that there remain serious unanswered questions regarding the assassinations of John F. Kennedy fifty years ago and Robert F. Kennedy in 1968. He revisits and refutes what is currently known about Lee Harvey Oswald and Sirhan Bishara Sirhan, and offers readers a compelling profile of the CIA's Richard Helms, an amoral master of clandestine operations with a chip on his shoulder. Bolstered by a foreword by Dr. Henry C. Lee, one of the world's foremost forensic authorities, *CIA Rogues and the Killing of the Kennedys* is an unmatched effort in forensic research and detective work. As the fiftieth anniversary of the JFK assassination approaches, Nolan has made a significant contribution to the literature on that fateful day in Dallas as well as shed light on that dark night at the Ambassador Hotel. Readers interested in conspiracy, the Kennedy family, or American history will find this book invaluable.

On November 22nd, 1963 the assassination of President John F. Kennedy set into motion a series of events that irrevocably changed American politics and culture. The media frenzy spawned by the controversy surrounding the death of JFK has since given way to a powerful public memory that continues to shape the way we understand politics, the 1960s, and the nation. In *The Assassination of John F. Kennedy: Political Trauma and American Memory*, Alice George traces the events of Kennedy's assassination and Lyndon B. Johnson's subsequent ascension to the presidency. Covering both the political shifts of

the time and the cultural fallout of the national tragedy, this book introduces students of the twenty-first century to both an iconic event and to the context in which that event was heralded as iconic. Drawing on newspaper articles, political speeches, letters, and diaries, George critically re-examines the event of JFK's death and its persistent political and cultural legacy.

JFK and Sam is unique from other books on the Kennedy assassination. Written by an insider with access to key figures, it names the assassins and traces the assassination team's movements on November 22, 1963, and discusses the team leader's life and his taped confession.

"R.F.K. Must Die!"

Political Trauma and American Memory

The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly skillful." —Time

An investigation of the assassination of Robert Kennedy details the events of June 5, 1968, and discusses evidence suggesting that convicted assassin Sirhan Sirhan did not act alone and may have been part of a conspiracy.

The facts can no longer be ignored. High Treason challenges everything we have been told about the motives behind President Kennedy's murder. There is now convincing evidence that, from the fateful day in Dallas through four decades of speculation, a massive conspiracy ordered JFK's demise and sabotaged the investigations that followed. It is a cover-up that continues to this day. Bestselling author Harrison Edward Livingstone has written extensively on the Kennedy assassination and has long led the investigation into the murder of President Kennedy. Harrison Edward Livingstone reveals the dark heart of a deadly conspiracy through such evidence as the high level Texans that ran the conspiracy; Links between persons in the FBI, the CIA, and the Mafia; Lee Harvey Oswald's frame-up as the "fall guy" for the assassination; Startling connections between the JFK conspiracy and the Watergate scandal; Official autopsy photographs that are proven forgeries; The testimonies of over fifty eyewitnesses that were completely ignored by the Warren Commission; and shortly after the assassination on November 22, 1963, the FBI knew there was a bullet lodged in JFK's skull. The reasons why this was covered up are obvious. High Treason is investigative journalism at its best! For the first time, the New York Times bestseller High Treason is presented as it was originally written in 1979-80. The new book is updated, annotated, and revised in this volume. Prominent JFK assassination researcher Martin Shackelford calls High Treason the best introduction to the evidence that has ever been written, and the book gives an overview of the case. It was the prelude to five more massive works by the author. The Guardian wrote that "Livingstone's monumental investigation makes an invaluable contribution to solving the mystery of Kennedy's death." "The Documentation is copious, the many photos... add intrigue and the general tone is of a thoroughly serious nature. A must." The Booklist about High Treason. "Case reopened! Killing the Truth contains plenty of new evidence. Even more readable and exciting than his last bestseller." Kirkus Reviews "Gutsy... no one should miss his summary of the hard evidence for a conspiracy." Times (London) Praise for Killing Kennedy: "This book may have the potential to blow the Kennedy assassination wide open... explosive new evidence is revealed." The Fourth Decade (Prof. Jerry Rose's Journal of Assassination Research)

He was "Good Bobby," who, as his brother Ted eulogized him, "saw wrong and tried to right it . . . saw suffering and tried to heal it." And "Bad Bobby," the ruthless and manipulative bully of countless conspiracy theories. Thomas's unvarnished but sympathetic and fair-minded portrayal is packed with new details about Kennedy's early life and his behind-the-scenes machinations, including new revelations about the 1960 and 1968 presidential campaigns, the Cuban Missile Crisis, and his long struggles with J. Edgar Hoover and Lyndon Johnson.

The Last Campaign

How and Why US Agents Conspired to Assassinate JFK and RFK

*Robert F. Kennedy's assassination in 1968 seemed like it should be an open-and-shut case. Many people crowded in the small room at Los Angeles's famed Ambassador Hotel that fateful night and saw Sirhan Sirhan pull the trigger. Sirhan was also convicted of the crime and still languishes in jail with a life sentence. However, conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy, a patsy for the real killers, or even a hypnotized assassin who did not know what he was doing (a popular plot in Cold War-era fiction, such as *The Manchurian Candidate*). Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing. Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan's extensive personal notebooks. He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present-day terrorism. *The Forgotten Terrorist* is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968.*

The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

The definitive text on the mystery of R.F.K.'s assassination by a reporter who "got inside this story . . . with his impressive grasp of all the loose ends" (Kirkus Reviews). On the night of June 4, 1968, Sirhan Sirhan shot and killed Sen. Robert F. Kennedy in a steamy pantry of the Los Angeles Ambassador Hotel. Kennedy and his entourage had been celebrating his victory in the California primary for the Democratic nomination for president. Everybody knew that Sirhan was the assassin. But was there a wider conspiracy? Did the FBI truly solve the crime? After working his way deep inside the investigation—and spending more than two hundred hours in direct conversation with Sirhan—Robert Blair Kaiser wrote the quintessential book on Robert Kennedy's murder. Then, forty years later, Kaiser returned to the evidence, revising his original text as he probed even further into this mystifying tragedy. Widely recognized as an important contribution to the literature of political assassinations and as a primary document on the tragedy of Kennedy's death, "R.F.K. Must Die!" is more than ever a stunning look into the mind of a killer and the substance of an assassination.

More than 650 full-color and quadratone photographs provide a definitive photographic record of the Kennedy assassination, refuting the findings of the Warren Commission and providing a step-by-step chronology of the events of the murder. Reprint. 50,000 first printing.

Robert F. Kennedy, 1925-1968

High Treason I

A Searching Look at the Conspiracy and Cover-up, 1968-1978

This updated edition for the 50th anniversary of Robert F. Kennedy's murder explores ignored witness accounts, coerced testimony, bullet-hole evidence, and other issues surrounding the political homicide, and is the basis for the new podcast, *The RFK Tapes*, which debuted at #1 on the iTunes chart, available now. On June 4, 1968, just after he had declared victory in the California presidential primary, Robert F. Kennedy was gunned down in the kitchen of the Ambassador Hotel. Captured a few feet away, gun in hand, was a young Palestinian-American named Sirhan Sirhan. The case against Sirhan was declared "open and shut" and the court proceedings against him were billed as "the trial of the century"; American justice at its fairest and most sure. But was it? By careful examination of the police files, hidden for twenty years, *Shadow Play* explores the chilling significance of altered evidence, ignored witnesses, and coerced testimony. It challenges the official assumptions and conclusions about this most troubling, and perhaps still unsolved, political murder.

Documents Robert Kennedy's dramatic and ill-fated 1968 presidential campaign, outlining his positions on such issues as the Vietnam War, race, and poverty as well as his private struggles with the assassination of JFK.

Presents evidence of long-suspected Mafia culpability in the murder of John F. Kennedy.

The *Polka Dot File* on the Robert F. Kennedy Killing describes the day-to-day chase for the mystery woman in the polka-dot dress. The book comments on but does not dwell on the police investigation, and reads like a detective thriller instead of an academic analysis of the investigation. It incorporates actual tapes made by an important witness, and introduces the testimony of witnesses not covered in other books and it is a new take on the assassination and the motives for it introduces a new theory for the reasons behind the assassination. Original and highly personal, it reaches a startling and different conclusion not exposed by other books.

If there had been no cover-up of Robert Kennedy's complicity in the murder of Marilyn Monroe in 1962 and he had been prosecuted based on compelling evidence at the time, the assassination of JFK by Bobby's enemies would not have happened—changing the course of history and preventing the murder of media icon Dorothy Kilgallen. In a breakthrough book that is sure to be relevant for years to come, bestselling author (The Reporter Who Knew Too Much) and distinguished historian Mark Shaw investigates the connection between the mysterious deaths of motion picture screen siren Marilyn Monroe, President John F. Kennedy, and What's My Line? TV star and crack investigative reporter Dorothy Kilgallen. A former noted criminal defense attorney and network legal analyst, Shaw provides an illuminating perspective as to how Robert Kennedy's abuse of power during the early 1960s resulted in the murders of Marilyn, JFK, and Dorothy. Praise for Mark Shaw Books The Reporter Who Knew Too Much "The compelling story of Dorothy Kilgallen, the celebrated journalist once called "the most powerful female voice in America." —Nick Pileggi, author of Wiseguy and Casino Denial of Justice "A worthy sequel to the mysterious whodunit that snuffed out the brave reporter, Denial of Justice is a true crime thriller that seeks to undo the label attached to Ms. Kilgallen's untimely demise. Mark Shaw has done an admirable and exemplary job in his work. Do not miss!" —San Francisco Book Review

An all-encompassing analysis of the assassination of JFK and its surrounding conspiracy theories draws on forensic evidence, key witness testimonies, and other sources to explain what really happened and why conspiracy theories have become so popularized.

A new and definitive investigation into the assassination of Robert F. Kennedy in June 1968.

November 22, 2013 marks the 50th anniversary of the tragedy that has haunted America ever since. For the first time, this concise and compelling book pierces the veil of secrecy to fully document the small, tightly-held conspiracy that killed President John F. Kennedy. It explains why he was murdered, and how it was done in a way that forced many records to remain secret for almost fifty years. The Hidden History of JFK's Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy, in addition to former FBI, Secret Service, military intelligence, and Congressional personnel, who provided critical first-hand information. The book also uses government files—including the detailed FBI confession of notorious Mafia godfather Carlos Marcello—to simply and clearly reveal exactly who killed JFK. Using information never published before, the book uses Marcello's own words to his closest associates to describe the plot. His confession is also backed up by a wealth of independent documentation. This book builds on the work of the last Congressional committee to investigate JFK's murder, which concluded that JFK "was probably assassinated as a result of a conspiracy," and that godfathers ["Santo] Trafficante [and Carlos] Marcello had the motive, means, and opportunity to assassinate President Kennedy." However, it also draws on exclusive files and information not available to Congress, that have only emerged in recent years, to fully explain for the first time how Marcello and Trafficante committed—and got away with—the crime of the 20th century. Some of the book's revelations will be dramatized in the upcoming Warner Brothers film Legacy of Secrecy, produced by and starring Leonardo DiCaprio, which also stars Robert De Niro as Carlos Marcello. The Hidden History of JFK's Assassination is the definitive account of the crime and the secrecy which has surrounded it.
