*This comprehensive, creative, and updated resource for conducting funerals, memorials, and graveside services includes - services from eleven denominations - suggestions for special situation services (miscarriage, death of a child, suicide, accident, unbelievers, and interment or scattering of ashes) - quotations, illustrations, and last words for creating sermon meditations - reproducible planning charts with a template for preplanning services - suggestions for writing eulogies - and more*

*Pastors are tasked with the incredibly demanding job of caring for the spiritual, emotional, and, at times, physical needs of their people. While seminary is helpful preparation for many of the challenges pastors face, there's far more to pastoral ministry than what can be covered in the classroom. Designed as a reference guide for nearly every situation a pastor will face, this comprehensive book by seasoned pastors Kent Hughes and Doug O'Donnell is packed full of biblical wisdom and practical guidance related to the reality of pastoral ministry in the trenches. From officiating weddings to conducting funerals to visiting the sick, this book will equip pastors and church leaders with the knowledge they need to effectively minister to their flocks, both within the walls of the church and beyond.*

*The Pastor's Handbook (KJV) is intended to meet the continuing need of the Christian minister for guidance and forms as he does the work of the ministry. It seeks to offer options to suit the tastes of the pastor and congregation within the parameters of quality, beauty and dignity. To this end, numerous changes, both large and small, have been made—more selected Scriptures, new alternatives for special occasions, some significant additions and changes. At the same time, every effort has been made to keep the book concise and compact to maximize its usefulness. The formulas should be sufficient for the ordinary needs of the minister. They may be modified or supplemented by materials from the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms, preferring spontaneity and a*

*free style as they worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness, who can object? May the blessing of God attend all who glean from this manual, enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. Includes the: worship service, baptism, communion, funerals, anointing services, healing services, membership, installation, baby and child dedication, consecration services, ceremonies for buildings and visitation.*

*In this book, Dr. Paul Caram examines the inner life of the leader, his personal life and marriage, his vision, the temptations he faces, God's view of success, the privileges and responsibilities, and the eternal rewards and honors that come to those who are faithful. You will be challenged and encouraged and you discover God's wonderful plan and purpose for His leaders in the Church of Jesus Christ.*

*Get set. Ready your armor. A spiritual war is on, and you are being asked to fight. The New Testament book of Ephesians is divided into two clear segments. First, Paul presents the truths that form the foundation of a Christian life. Second, Paul shows us how these truths enable us to live out our commitment to God as a holy community of dedicated believers and soldiers in the army of the Lord. It's only when we live out the truths of Christ that our armor begins to shine, and we become a testimony to the lost that will draw them to Christ. Paul understood that legalism can become a hindrance to our Christian walk and that we must focus on Christ and Christ alone. When our faith hits the road, God is there with us. He challenges us to trust Him to walk at our side through every challenge we might face. When we do, we become mighty warriors in God's army. That's Paul's message in a nutshell, and it's vital we take it to heart. A Word from the Author: Paul of the New Testament is the ultimate example of what God's salvation power can do to take a sinner and turn their life around. This book is a plan to enable you to become a Paul - a power Christian - someone able to build a better Church and fight the warfare that is our Christian walk in the 21st century. Consider this your manual and training guide. That's certainly what Ephesians is. In the pages of this book, I've tried to expound on and clarify Paul's intent. His words were applicable to the 1st century Christians, and they will equip the modern-day Church to march to victory against Satan and his evil minions. Tim Barker, Superintendent South Texas District Assemblies of God*

*The Pentecostal movement emerged at the turn of the twentieth century emphasizing the need for Christians to have a powerful experience of the Holy Spirit. It advocated the return to a pristine early Spirituality in which empowerment by the Spirit was essential. Recently Pentecostal and Charismatic movements are playing down the classic expressions and moving towards more mainline approaches. As church movements develop they become more structured, less spontaneous and more routine. But is this always inevitable? The author explores a contemporary Pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty-first century world. This insightful research finds a Pentecostal spirituality that is flexible, adaptive and innovative and despite humble origins now is making inroads into the middle class. While tensions over charismatic freedom remain, the developing organizational structure is facilitating significant growth. Valuable lessons for Christians of all persuasions are found and some creative theological developments are suggested for church structure and for expanding traditional understandings of "baptism in the Holy Spirit."*

This handbook makes a great gift for a newly ordained Minister of the Gospel or Seminary Graduate! This handbook has been designed to assist the Pastor or Minister of the Gospel in performing Marriage Ceremonies. The easy "step-by-step" format is simple to follow and has spaces provided to insert the names of the Bride and Groom. The three main ceremonies are included in this handbook: 1. The Traditional Wedding Ceremony which incorporates scripture reading and charges to the bride, the groom, the witnesses in the wedding party and also the audience. The author has been using this system extensively for over 20 years and has never failed to get several compliments on the ceremony. 2. The Civil Ceremony. This is a short, easy and quick wedding ceremony. It is often performed at City Hall, but be used anywhere. The author has even used in a local jail where an inmate and his fiance were married! It "mentions" God, but not to the extent of the other two types of ceremonies. 3. The "Episcopalian" Ceremony. This is a longer ceremony (very rarely used by the author) and incorporates the taking of communion as well as all the other elements of the Traditional Ceremony. This handbook is a compilation of many different marriage manuals the author has used for over 20 years of performing marriage ceremonies. Taking "the best" sections from various manuals and combining them into one, "easy to use" handbook and written in a "Step-by-Step" format allows the user to immediately take this Handbook and perform marriage ceremonies like they have been doing it for years!

As a woman in the church, it's difficult to know what it means to say "I'm called to ministry." Whether you have been wrestling with that calling for years or are just starting to ask what it means, Now That I'm Called will provide you with guidance and direction on your journey. Perhaps you are feeling the Holy Spirit leading you toward vocational ministry but are unsure of what

that means or if you are hearing the voice of the Lord correctly. This book will help you answer these questions and serve as a guide as you walk down this new and unfamiliar path. Author Kristen Padilla answers questions like: What does the Bible say about ministerial calling? Can I, as a woman, be called to gospel ministry? What is the difference between spiritual gifts and ministerial roles within the church? Is there value in obtaining a theological education? Should I go to a Bible college, seminary, or divinity school, and what is the difference between these three? What is the value in having a ministerial mentor and doing internships? What if I feel called to ministry but do not know what type of ministry? Each chapter ends with further questions, exercises, assignments, and stories of real women doing vocational ministry. This is a book that will prepare you for a lifetime of vocational service to God. You will walk away with a biblical understanding of ministerial calling and a robust view of women in gospel ministry, as well as practical tools to help you pursue God's call for your life. X

Have you ever had that sinking feeling that you were missing out on something very valuable in your ministry but just couldn't put your finger on it? Lloyd Tremain, Paradise Community Church of the Nazarene A thorough, practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman, Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today. John Steffensen, Radio Host, Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore, or church maintenance, or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave; others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, Now in those days, when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, It is not desirable that we should leave the word of God and serve tables. (Read this as doing manual labor.) Therefore, brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint over this business; (the manual labor) but we will give ourselves continually to prayer and to the ministry of the word. It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties (the manual labor). This freed up the apostles so they could minister the Word of God. Wow, Gods way is so simple, and our grandiose plans just waste time and get nothing done. Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church. This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them.
