On Nov. 16, 2009, an opinion was issued on the SEC's FY 2009 and 2008 financial statements. Also issued was an opinion on the effectiveness of SEC's internal controls over financial reporting as of Sept. 30, 2009, and an evaluation of SEC's compliance with selected provisions of laws and regulations during FY 2009. This report presents: (1) recommendations related to the significant deficiencies reported and discussed in the opinion report; (2) less significant internal control issues identified during the FY 2009 audit of SEC's internal controls and accounting

illustrates the basic approaches to system design, specification, integration, operation and management. As the general introductory book of the China Smart Court Development Series, this book provides an overview of the development of Chinese people's courts in the application of information technology over the past two decades and outlines the key areas of exploration in the Smart Court SoSe project centered on the development practices during the 13th Five-Year Plan period. It also forecasts the future development and evolution of the smart court information system. The key topics introduced in the book, including the overall design of complex information
