than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood

communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, *The Car Hacker's Handbook* will show you how to:

- Build an accurate threat model for your vehicle
- Reverse engineer the CAN bus to fake engine signals
- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems
- Override factory settings with performance-tuning techniques
- Build physical and virtual test benches to try out exploits safely

If you're curious about automotive security and have the urge to hack a two-ton computer, make *The Car Hacker's Handbook* your first stop.

hell. Her two young sons moved away with their father. Devastated, without a will to live, Terri Lynn surrenders her life to God for the strength to carry on. Her story demonstrates that when God steps in, magic and miracles follow. Living on welfare amid shattered dreams, she had to choose happiness or die in sadness. After a few years, she awakened to new possibilities and set a goal. Once her goal was set, divine guidance took over and directed her, much like a navigation system. Before long, she was living a luxurious life with her sons, and her happiness level went over the top. Her gratitude to God for delivering her from her past pain to such happiness and success put her on a spiritual path, a journey within. Her message is simple: The decision to be happy, no matter what, makes everything feel better, and when you feel good, good things happen.
