"As enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Zemelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

The 16-Word Diet is a once-in-a-generation book - a survival guide for people who are tired of miracle diets and magic pills, and who want common-sense solutions to the complex problems of obesity. Written by mathematician and weight loss expert Jay Wiener, the 16-Word Diet explodes dozens of popular myths about dieting and replaces them with just sixteen words - the simple keys to losing a few of the many topics covered, written with the author's remarkable gifts for wisdom and laughter: On Maintenance: Losing weight is hard work, but maintaining a weight loss is hand-to-hand combat. If you don't learn how to maintain before you start to diet, you will be clobbered. On Goal Setting: Most dieters never choose reasonable goals. Worse, they do no planning before they start, unless they are planning. On Fad Diets: The Raw Food Diet is a typical fad. Dieters aren't allowed to cook their food. Raw vegetables are fine with me, but... Raw pork? Raw chicken? Those dieters may get thinner, but who wants to kiss them? On Binge Eating: I was a binge-eater for twenty years. The most important thing to understand is this: you can stop. Not immediately, of course, but you can learn micro-binges, and happily live that way forever. On Bad Obesity Research: They studied the effects of diet on ED by asking men to remember how often they had ED. Seriously? I can remember how often I've slept in an igloo with Jennifer Lawrence, but not much else. On Temptation: Tempted to indulge in a chocolate croissant at Starbucks? Think of all the teenage baristas who breathed on the croissant. Too bad. If you're serious about losing weight, then stop reading and go for a walk. Buy this book when you come back. The 16-Word Diet. The most important new diet book in a generation - and fun to read. ***** From the Introduction: People who succeed at losing weight and keeping it off share a secret: they understand that losing weight is not about food. It's about every part of your life. It doesn't focus on what you eat. It focusses on how you can live a slimmer, healthier life for the rest of your life. What you eat is an important part of your life, but not the only part. To be successful, you need new skills that will help you live a healthy life at a significantly lower weight. How do you prepare before you start to diet? What are the most common mistakes people make on fat diets? What makes us slip after months of success? How can we recover? What is the true value of exercise? How can you handle weight-loss plateaus? How should you manage vacations and holidays? Seven topics (there are many others) and only one is about food - because dieting is about so much more than what you eat. The 16-Word Diet is a rare book. It can change your life.

Each of these recollections cuts him to the core. When he lost her, Bentley withdrew from his friends and society at large. Every new chance at a relationship, but a shocking event will force him to reflect on his past and the love he shared with Timberly. All the Advice You Need to Get In To The College You Want! Getting in to your dream college has never been more competitive. Swamped with applications, admissions officers spend 10-20 minutes on each, looking for reasons to say no. It's crucial that students make it easy for colleges to say yes. In his new book, Brand U, renowned college admissions adviser David Monteseano shows you exactly how to position yourself as the kind of applicant colleges are eager to admit. David's proven, easy-to-follow Monteseano Method takes the fear and uncertainty out of the admissions process, maximizes your chances of success, and is a guide that addresses the goals and concerns of both students and parents, because going through college applications is a family experience. The Monteseano Method has 4 phases: SPARK: Here we identify the most critical element for your college application, your spark. This is what sets you apart from the crowd. FIRE: With your spark, now we build your fire, finding and developing your abilities and experiences that make you exceptional. This process isn't just about college, but life. VISION: What kind of undergraduate experience is right for you? We avoid superficial criteria like magazine rankings and instead guide you to the best undergrad fit for you. BRAND: Here, by positioning how you're different and what you bring to each college, we turn the admissions game around so that you're in control and colleges are pursuing you. The college game is too rough to go it alone. With Brand U, you'll have everything you need to find and get into the college of your dreams. Brand U Reviews "David Monteseano has written a masterful book on how high school students can brand themselves in a way that will lead to winning more college acceptances. With top schools becoming more exclusive, getting the inside scoop on what excites college admission officers is invaluable. I highly recommend that parents and teenagers read this book." Lynn O'Shaughnessy, Education and Finance Writer, CBS Moneywatch "Monteseano expertly translates tried and tested strategies and marketing techniques into a "how to" get-into-the-college-of-your-choice guide. His techniques work. I know, because my son got into 14 of the 15 schools he applied to, including his "reach" schools. Do not apply without reading this first!" John McLaughlin, Former CEO and Group President, Monster.com About the Author: David Monteseano is founder of College Match (collegematchus.com) - a leading global educational consultancy; more than 96% of Monteseano Method students have gained admission to their "reach" colleges and graduate schools, winning merit scholarships averaging \$57,000 - the largest amount for students whose awards are being measured.
