With the
approach of the
Second World
War,
Australia's
economic
struggles with
the Great
Powers

Access Free Australia Were From

declined, and
were replaced
with military
struggles with
the Axis
Powers.

Australian
secondary
industry had
been seen by
the British
Board of Trade
as a direct

Access Free Australia Were From

threat to
British exports
to Australia.
It was now seen
by the
ascendant
British
Admiralty, War,
Air and Supply
Departments as
a positive
asset to the
defence of the

Access Free Australia Were From

British Empire. This provided a window of opportunity to consolidate Australian secondary industry and to expose it to the latest technologies. However, the production of

Access Free Australia Were From

munitions in
Australia was
disrupted by
the Australian
Armed Services
attempting to
take control of
the
organisation of
industry for
war. After nine
months of
confusion, the

Access Free Australia Were From

Department of
Munitions was
formed with the
power to direct
all industry
without the
interference of
the Armed
Services.

Production of
established
munitions moved
ahead with

Access Free Australia Were From

great speed,
but the design
of fighter
aircraft and
armoured
fighting
vehicles
floundered
because the Air
Force and the
Army were
unable to
define

Access Free Australia Were From

competently the weapons that they wanted in these areas. Eventually, Australian designed weapons did emerge in these areas, which were better than Japanese equivalents,

Access Free Australia Were From

but they were not always up to the standards set by the USA and Britain. One exception was the Thunderbolt Tank which turned out to be the most powerful Western Allied

Access Free Australia Were From

tank until the last weeks of the War in Europe. By early 1942, Australian industry had produced enough equipment and munitions to arm a force of eight divisions.

Access Free Australia Were From

These forces had better weapons than the Japanese, and in most cases, were more numerous than for Japanese divisions. The size of force that the Japanese

Access Free Australia Were From

calculated they would need to overcome the Australian divisions, was larger than the Japanese could supply without weakening the Chinese front, and was too large for Japanese

Access Free Australia Were From

shipping to
transport
without
crippling
Japanese
industry
through lack of
imported
materials. This
was the real
reason why the
Japanese chose
not to invade

Access Free Australia Were From

Australia. The situation in the air was no better for the Japanese because the Australian designed and manufactured Boomerang fighter aircraft was capable of

Access Free Australia Were From

matching the Japanese Zero fighter, when operating within the Australian East coast radar network. This was made up of radars designed and made in Australia. The US Navy victory

Access Free Australia Were From

at Midway,
allowed secure
communications
to be
established to
Papua/New
Guinea. This
enabled the
transfer of
Australian
military power
from
continental

Access Free Australia Were From

Australia. This saw the beginning of brutal jungle warfare between Japanese and Australian forces. But the Australians adapted more comprehensively. Australian science and

Access Free Australia Were From

industry
started to make
a completely
new suite of
equipments and
munitions so
that they could
withstand the
deleterious
jungle
conditions.
This also
included food

Access Free Australia Were From

and clothing,
and medical
supplies. In
contrast,
Japanese
equipment,
munitions, food
and clothing
suffered great
loss from
jungle
organisms. The
Australian

Access Free Australia Were From

advantages
eventually
allowed them to
sweep the
Japanese forces
aside, with
very low
casualties,
while
inflicting
heavy loss on
the Japanese.
Australian

Access Free Australia Were From

battlefield
dominance was
never
acknowledged by
General
MacArthur, who
insisted in
describing
their successes
as Allied
victories,
while
describing

Access Free Australia Were From

American
successes as US
victories. In
fact,
MacArthur's
victories until
well into 1944,
were nearly all
achieved by the
very
experienced Aus
tralians. MacArt
hur's

Access Free Australia Were From

dependence on the Australians went even further than this. Australia supplied enormous quantities of materials and equipments to the US forces in the South West Pacific.

Access Free Australia Were From

Most of the food consumed by the one million Americans in the South West Pacific came from Australia. President Truman pointed out that Australia supplied, per

head of population, as much support as the much larger USA. No other Allied country came close to this level of support.

This edited
collection explores
how migrants played

a major role in the creation and settlement of the British Empire, by focusing on a series of Australian case studies. Despite their shared experiences of migration and settlement, migrants nonetheless often exhibited distinctive

Access Free Australia Were From

cultural identities, which could be deployed for advantage. Migration established global mobility as a defining feature of the Empire.

Ethnicity, class and gender were often powerful determinants of

Access Free
Australia Were
From

migrant attitudes and behaviour. This volume addresses these considerations, illuminating the complexity and diversity of the British Empire's global immigration story. Since 1788, the propensity of the populations of

Access Free
Australia Were

Britain and Ireland to immigrate to Australia varied widely, but what this volume highlights is their remarkable diversity in character and impact. The book also presents the opportunities that existed for other immigrant groups to

Access Free Australia Were From

demonstrate their loyalty as members of the (white) Australian community, along with notable exceptions which demonstrated the limits of this inclusivity.

This book is the first
comprehensive
account of how
Australia attained the

Access Free Australia Were From

world's highest living standards within a few decades of European settlement, and how the nation has sustained an enviable level of income to the present. Why Australia Prospered is a fascinating historical examination of how Australia cultivated and sustained economic growth and

Access Free Australia Were From

success. Beginning with the Aboriginal economy at the end of the eighteenth century, Ian McLean argues that Australia's remarkable prosperity across nearly two centuries was reached and maintained by several shifting factors. These included imperial policies, favorable

Access Free Australia Were From

demographic characteristics, natural resource abundance, institutional adaptability and innovation, and growth-enhancing policy responses to major economic shocks, such as war, depression, and resource discoveries. Natural resource

Access Free Australia Were From

abundance in
Australia played a prominent role in some periods and faded during others, but overall, and contrary to the conventional view of economists, it was a blessing rather than a curse. McLean shows that Australia's location was not a hindrance when the

Access Free Australia Were From

international economy was centered in the North Atlantic, and became a positive influence following Asia's modernization. Participation in the world trading system, when it flourished, brought significant benefits, and during the interwar period when it did not, Australia's protection

Access Free Australia Were From

of domestic manufacturing did not significantly stall growth. McLean also considers how the country's notorious origins as a convict settlement positively influenced early productivity levels, and how British imperial policies enhanced prosperity during the colonial

Access Free Australia Were From

period. He looks at Australia's recent resource-based prosperity in historical perspective, and reveals striking elements of continuity that have underpinned the evolution of the country's economy since the nineteenth century.
