The first title in PREP's new Business Success Series is designed to help individuals who want to prepare paperwork related to starting, growing, selling, or marketing a business. The book contains real business plans for those contemplating entrepreneurship as well as for those who have an ongoing business which they are interested in selling. Readers will see samples of real business plans used by real organizations to sell a business to public companies. Readers will also see samples of documents, paperwork, and financial statements used by real companies to obtain equity financing and bank loans. A valuable section of the book is the section which shows marketing tools and "business resumes" used to attract new customers and increase profitability. (The author holds an MBA from the Harvard Business School.)

Poverty and Politics in Rural America, Second Edition

***First published in 1999, Worlds Apart examined the nature of poverty through the stories of real people in three remote rural areas of the United States: New England, Appalachia, and the Mississippi Delta. In this new edition, Duncan returns to her original research, interviewing some of the same people as well as some new key informants. Duncan provides powerful new insights into the dynamics of poverty, politics, and community change. "Duncan, through in-depth investigation and interviews, concludes that only a strong civic culture, a sense among citizens of community and the need to serve that community, can truly address poverty. . . . Moving and troubling. Duncan has created a remarkable study of the persistent patterns of poverty and power."*—Kirkus Reviews "The descriptions of rural poverty in Worlds Apart are interesting and read almost like a novel."—Choice**

If you see yourself in the following scenario, this book is written for you: You're a business owner or salesperson. You've got to make sales. But you hate to pick up the telephone. You hate imposing. You hate bothering people. You hate rejection. And you feel sick to your stomach when your calls aren't returned. But the clock is ticking and you've got to make calls. So you take a deep breath, grit your teeth, and try again. If only there was another way. If this describes you, then this one-of-a-kind book could literally change your life. In 279 action-packed pages, Neil Godin will introduce you to "another way"-based on ten alternatives to old-fashioned selling. Alternatives he developed during 22 years of turn-around work with companies in crisis, where sales always have to be doubled or tripled-immediately-at little or no cost. Alternatives that his sales training clients in healthy companies use to boost their sales-quickly, painlessly and inexpensively. Ideas you can use, immediately, to build your business-without leaving your comfort zone. You will learn: How (and why) to stop cold calling forever, and exactly what to do instead How to grow your business painlessly, by turning customers into "sales ambassadors" How to use free "word of mouse" marketing to bring in brand new customers How to use newsletters, special events and presentations to attract new customers to you-and end the discomfort of prospecting forever How to use displays and testimonials-on your premises and on your website-that do your selling for you How to use systematic add-on selling to increase sales immediately-at zero cost And so much more! This book is a must for business owners; business starters; salespeople in every walk of business life; sales and marketing managers; professionals who need to market their services, and fund raisers in not for profit organizations.

An Integrated Play-Based Curriculum for Young Children, Second Edition explores how to integrate play across the curriculum, helping teachers develop their early childhood curriculum using developmentally and culturally appropriate practice. Distinguished author Olivia N. Saracho offers a theoretical framework for understanding the origins of an early childhood play-based curriculum and illuminates how young children learn and understand concepts in a social and physical environment. This second edition has been fully updated throughout and its comprehensive coverage has been expanded with entirely new sections on technology and social media, cultural differences in play, and teaching ELLs and students with disabilities. Packed with vignettes, activities, and practical examples, this text is essential reading for pre-service teachers seeking appropriate theoretical practices for designing and implementing a play-based curriculum. Special Features Include: Suggestions and guidelines for activities and choosing classroom materials. Discussion of a full range of curriculum areas and topics including literacy, language, science, social studies, mathematics, art, music, blocks, and movement. Vignettes of children ' s conversations and examples of how children learn through play. End-of-chapter summaries to enhance and extend an understanding of young children.
