The New York Times bestseller. "This book is full of wonders...Loose teeth, chewing gum, it all becomes noble, almost holy, under Knausgaard's patient, admiring gaze. The world feels repainted." —The New York Times From the author of the monumental My Struggle series, Karl Ove Knausgaard, one of the masters of contemporary literature and a genius of observation and introspection, comes the first in a new autobiographical quartet based on the four seasons. 28 August. Now, as I write this, I know nothing about anything, about what awaits you, the kind of world you will be born into. And I know nothing about you. I want to show you our world as it is now: the door, the floor, the water tap and the sink, the garden chair close to the wall beneath the kitchen window, the sun, the water, the trees. You will come to see it in your own way, you will experience things for yourself. You will live a life of your own, so of course it is primarily for my own sake that I am doing this: showing you the world, little one, making your life worth living. Autumn begins with a letter Karl Ove Knausgaard writes to his unborn daughter, showing her what to expect of the world. He writes one short piece per day, describing the material and natural world with the precision and mesmerising intention that have become his trademark. He describes with acute sensitivity daily life with his wife and children in rural Sweden, drawing upon memories of his own childhood to give an inimitably tender perspective on the precious and unique bond between parent and child. The sun, wasps, jellyfish, eyes, lice--the stuff of everyday life is the fodder for his art. Nothing is too small or too vast to escape his attention. This beautifully illustrated book is a personal encyclopaedia on everything from chewing gum to the stars. Through close observation of the objects and phenomena around him, Knausgaard shows us how vast, unknowable and wondrous the world is.

Autumn's Wish

A heartfelt masterpiece about the joys of travel, reading, and companionship. In rural Canada, dotted along the coast of a vast mauve river, live villagers of different stripes: a recently divorced hydroplane pilot, a factory-worker who closely resembles her fisherman husband, a probing motorcyclist with a pet St. Bernard, a pair of beautiful blonde joggers, and other curious characters. For all their differences, each is brought together by a soft-spoken man, referred to only as "the Driver," who travels up and down the coast each season, delivering books to areas not served by libraries and listening closely to the villager's tales and to their woes. This summer tour is bound to be different than all the rest. The Driver has made friends with a traveling band of musicians, jugglers, artists, and acrobats who decide to come along for a ride that the Driver has privately decided will be his last. Jacques Poulin's compassionate prose delves into the hidden pains of aging and loss without losing sight of the tremendous joy that can be found in making the world a little more livable for other people.

"Fusing Keatsian mists and mellow fruitfulness with the vitality, the immediacy, and the color hit of pop art, Autumn is [an] ... excavation of the present by the past. The novel is a stripped-branches take on popular culture and a meditation--in a world growing ever more bordered and exclusive--on what richness and worth are, what harvest means"--

Awesome Autumn

The book is a collection of poems dealing with various themes, emotions and mental states, the overarching, unifying idea being wistfulness. Autumn seems to be both a physical and a mental season. It provides one with the opportunity to reassess certain decisions and situations and allows for the faint hope that things can still change or improve. At the same time, it also hints at a certain doubt that it might after all, be too late for any essential alterations to take place. The poems attempt to highlight some of these feelings and experiences.
