**More than any inspired sermon or theologically correct teaching, there's but one, prevailing message which clearly emanates throughout the entirety of the scriptures: Our loving, Heavenly Father is desperately yearning to touch his broken and fallen creation! Before this can happen, however, from the chosen mouthpiece of a prophetic, firstfruits company, there must first and foremost resound an eye-opening message of earth-shaking significance, for the somber, sleeping church-which he shall ultimately work through-must first be awakened into the image of God! A splitting of the Adam must eventually take place within the ever-longing hearts of his beloved children! Yes indeed, my friend, a splitting of the Adam must inevitably take place within you! Join us now, if you dare, beloved, as author and teacher Don Felumlee proclaims a fresh, divine perspective of the coming of the Lord! "... I have looked high and low for explanations on resurrection and have not found anything as thoroughly detailed and understanding as in your book. I'm enjoying the read" © Pastor Joe Shutts, New Freedom Church, Lebanon, Ohio**

**The author uses the ancient Zen tea ceremony to illustrate the relationship between relaxation, attentiveness, and meditation. Enlightenment, awareness, mindfulness were all familiar with the terms, but what's their true meaning? How do they relate to your life? Is it possible to achieve such elevated states? In Awaken, Jin Nua takes you on his own personal journey of discovery, a transformation in which his spirit is awakened and begins to soar. Jin Nua shows you how you can become enlightened, see the world with fresh eyes, raise your spiritual life to the enchanted, and reignite your creativity. With Awaken you have real means to create the remarkable life you always wanted. We invite you along for the journey. Discovering our meaning and purpose--our reason for being--can seem like an impossible task, especially given the tumultuous times in which we find ourselves. Through challenging vocations, uplifting narratives, and profound insights, this book emboldens readers to experience their lives, not as spectators, but as reflective, courageous and purposeful participants. We can turn toward the problems, look them in the eye, and begin the work of setting things right--we can begin the process of awakening. Aimed at those open to unlearning and seeing with new eyes, this book combines the experience of a seasoned university professor and a discerning millennial to offer a bold alternative to our culture's standard, one-size-fits-all, uninspiring prescription for "success." Organized as a five-part journey, it explores, both cognitively and experientially, what it might mean to become fully alive and to assume the rightful the rightful authorship of your life. By breaking out of the dominant narrative of how life should be lived, and by becoming more aware of the world around us, we can gain the tools essential for becoming open-minded, embodied, introspective and soulful human beings.**

The \$12 billion self-help industry is under constant attack for pedaling false miracles to duped believers. But sociologist Albert Amao demonstrates that Americans eagerly support self-help books, seminars, and programs because, under the Sociologist Albert Amao analyzes the accuracy of self-help and positive-thinking claims in this groundbreaking--and wholly unexpected--exploration of what works, what doesn't, and why. "Regarding my personal experience," Amao writes, "I positive action have worked wonderfully for me. Born in a poor Latin-American country into a very impoverished family with both parents practically illiterate, I was the oldest of five children. I started working when I was six years old, shirking my family. Nobody then would have believed that I would be able to finish high school. Nevertheless, I was able to do it going to night school, which allowed me to be admitted at the San Marcos University in Lima to get my Ph.D. in sociology when I was teenager, I had access to New Thought," or positive-thinking philosophy. Contrary to the critics who blithely dismiss self-help methods, or the New Age gurus who sell it them as miracles, Amao--writing with sobriety, scholarly experience--explores the conditions under which self-help is authentic.

Stories to Awaken the World, the first complete translation of Kingshi hengyan, completes the publication in English of the famous three-volume set of Feng Menglong's popular Chinese-vernacular stories. These tales, which come from a vast centuries before their compilation in the seventeenth century), were assembled and circulated by Feng, who not only saved them from oblivion but raised the status of vernacular literature and provided material for authors of the great Ming to draw upon. This trilogy has been compared to Boccaccio's Decameron and the stories of A Thousand and One Nights. Peopled with scholars, emperors, ministers, generals, and a gallery of ordinary men and women - merchants and artisans, matchmakers and fortune-tellers, monks and nuns, thieves and imposters - the stories provide a vivid panorama of the bustling world of late imperial China. The longest volume in the Sanyan trilogy, Stories to Awaken the World is presented in elements often omitted from Chinese editions. Shuhui Yang and Yunqin Yang have provided a rare treat for English readers: an unparalleled view of the art of traditional Chinese short fiction. As with the first two collections in the trilogy, Stories to Awaken the World, their excellent renditions of the forty stories in this collection are eminently readable, accurate, and lively. They have included all of the poetry that is scattered throughout the stories, as well as Feng Menglong's interlinear and commentary shared among the Chinese cultural elite, point out what original readers of the collection were being asked to appreciate in the writer's art, and reveal Feng's moral engagement with the social problems of his day. Awaken to Life

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

The poems included in Awaken were derived from the author's personal experiences with his family and friends; including social, economic, humanitarian, and world issues. This enlightening volume is written in a universal language that will appeal to everyone. The thoughts and ideas presented in his poetry are intended to provoke the conscience and awaken the hearts of men to respect women and each other. Universal themes that expose wrongs, beckon change, recognize our differences, and respect each other acknowledge the existence of the supreme one. Valuing life as a gift, while finding the motivation in someone or something, is critical to our everyday existence. These subjects, though sensitive, are real-life situations that affect an array of persons at unexpected times. These changes may begin through introspection, reflecting on one's blessings or through the forgiveness of oneself or others that have done them wrong. Awaken is an important step in the process that each of us must follow to find strength within irrespective of the circumstances of life. It is also critical to remember that you are never alone. We all deserve the right to be empowered, to labor, to academic dreams, to be heard, to be loved, and the right to be human.

Krael, the Wither King, has been trapped deep underground, ending his reign of terror, and all the NPCs of the Far Lands have all put away their swords in peace except Watcher; the young archer still suspects Krael has bigger plans. He 's right. In the darkness of the Cave of Slumber, Krael awakens the imprisoned wither horde, and with the help of creepers and endermen, the wither army is released from their rocky jail. They spread across the Far Lands, searching for the ancient Vault of Weapons which will make the army of withers indestructible. But one man alone holds the secret to the Vault 's whereabouts: the Far Land 's last living NPC wizard. Watcher and his friends must race to find the wizard before Krael and his army of monsters. But if they fail, a wave of destruction, led by the King of the Withers, will sweep across the landscape, destroying everything—and everyone—they know.

Writing to Awaken is an inspirational investigation of the self through expressive writing, guiding you along the path of awakening through radical truth-telling and self-inquiry. With targeted and revelatory questions, you 'll be prompted to explore your own personal narrative—to write honestly about your deepest wounds, greatest challenges, hidden gifts, yearnings, and opportunities for growth—in order to discover a deeply authentic understanding of yourself and move toward a more liberated, truthful life. We each have our own story, a personal myth constructed from the content life presents us: we connect dots to shape the narrative, devise plotlines from circumstance, change characters, fashion conflicts, and adjust structure, settings, and themes as our lives unfold. But so often, over time, we come to believe that we are our story, identifying so strongly with the tales we 've told ourselves and others that we cling to them for our very existence—even when they don 't quite fit. The realization that there 's a discrepancy between the narrative you 've crafted and your authentic self can be disconcerting at first, but the exploration of that gap is a doorway to personal freedom, and this book will lead you through it. The writing exercises in this guide, one for nearly every week of the year, ask you to tell the whole truth about your experience. In doing so, you 'll come to realize that once you engage in this radical truth-telling, expressing yourself with complete honesty, your story changes; and when your story changes, your life is transformed. Rather than sticking with your illusive and tricky "Story of Me," you 'll be prompted to go even deeper, piercing your personal myth and illuminating aspects of psyche and spirit that give way to profound moments of understanding and personal healing. This is not a how-to book for writers; it 's an invitation on a journey of self-discovery—a guide to facing yourself without flinching, accepting yourself as you are, surrendering to what is, and daring to question and transform what isn 't true. With Writing to Awaken, you 'll learn how to break free from the trance of mistaken identity and discover your essential, authentic self.

Meditations to Awaken Our Inner Wisdom

Taking clear and empowered steps, spiritual teacher Dirk Hessel guides us along the path to new Life. With concise examples, simple awareness exercises and profound wisdom, Awaken to Life reveals that the true source of our anxiety and dissatisfaction is not the surrounding circumstances but our belief in our thoughts and emotions. Internal barriers are dissolved and many fallacies exposed. We attain a joyful and serene existence, awaken to our true nature and are free.

Your creative spirit is present when you experience positive energy flowing through you. This energy is ignited when you make a direct connection with God. This vibration state is where you have access to the true you, which is your higher self. Your higher self rules when you work to strip, reduce, or dissolve any negative tampering influenced by a domination of your physical surroundings. Make a connection with something greater than yourself and allow that energy Light to permeate your soul and cleanse it of toxic debris. This will assist in the process of awakening your creative spirit from slumber. Your creative spirit is more than being artistic and getting involved in creativity pursuits, although this is a good part of it. When your creative spirit is activated by a high vibration state of being, then this is the space you create from. You can apply this to your dealings in life, your creative and artistic pursuits, and to having a greater communication line with your Spirit team on the Other Side. Your creative spirit brings your soul into a high vibration state of being because coming from a place of creativity raises your vibration. This is the zone where you create and manifest your visions at higher levels from, while simultaneously moving you into the joy of your life. It is thinking like a kid, unleashing your inner artist, and realizing your soul 's potential. When you claim your celestial power with the assistance of your heavenly helpers by your side on your Earthly life, then this assists in capitalizing the true divine power within you. Awaken Your Creative Spirit is an overview of what it means to have access to Divine assistance and how that plays a part in arousing the muse within you in order to bring your state of mind into a happier space.

With these ancient methods and different forms of energy medicine, join Dr. Petry to: Re-discover the power of prayer, intention, and the imagination Re-direct our thoughts to what we want rather than what we don 't want Relinquish the illusion of control A Mother's Courage to Awaken speaks to women wishing to awaken to their inner truth and power, and readers of Many Lives, Many Masters; Proof of Heaven; Journey of Souls; or What Dreams Have Come.

Through accessible discussions and exercises, readers learn to use composition, available light, color, and point of view to create stunning photographs in any environment. Photographers are born travelers. They 'll go any distance to capture the right light, beautiful landscapes, wildlife, and people. But exotic locales aren 't necessary for interesting photographs. Wonderful images are hiding almost everywhere; you just need to know how to find them. Extraordinary Everyday Photography will help you search beyond the surface to find the unexpected wherever you are, be it a downtown street, a local park, or your own front lawn. Authors Brenda Tharp and Jed Manwaring encourage amateur photographers to slow down, open their eyes, and respond to what they see to create compelling images that aren 't overworked. Inspiring photo examples from the authors, taken with DSLRs, compact digital cameras, and even iPhones, show that it is the photographer's eye and creative vision--not the gear--that make a great image.

As a three thousand-year-old threat reemerges, only one man has the power to awaken the world's greatest protectors and restore order to the realm. He just doesn't know it yet. When Jerrol Haven, a captain in the King's Rangers, discovers treason at the highest level, he knows immediately that the knowledge puts his life at risk. And indeed, though he expected the ailing King to shield him, the ambitious Crown Prince sentences Jerrol to death. What hold does the Prince have over his weakened father, and who or what is he protecting? As Jerrol flees for his life, he is rescued by the enigmatic Lady Leyandrii, a goddess who, according to legend, once saved the land of Remargaren from malevolent wild magic users known as the Ascendants by raising a veil to nullify their power and exiling them. Now, with signs that her veil is weakening and the Ascendants are creeping back into power, she has returned and is in dire need of Jerrol's help. For though he doesn't know it, Jerrol possesses a rare gift: By chance, he touches a revered Sentinal tree and awakens Birlerion, one of the Lady's personal guard who have been sleeping in the strange, tall trees since they were last called to battle. Aided by Birlerion and an old friend, Jennery, Jerrol begins his journey to help Lady Leyandrii save Remargaren once more. But time is running out: As it was with the King, the old guard Lords are everywhere being usurped, attacked, and assassinated, while their heirs behave strangely and refuse to honour the Lady as Remargarens have done for millennia. Jerrol must unravel the mystery of the Ascendants' return, stop the sinister force that is dividing good families through bloodshed and betrayal, and rescue the King-and his troubles are only just beginning. Sentinals Awaken is the first book in the saga of Remargaren, a vibrant, ancient world of high fantasy suffused with magic and adventure.

THE SELF-INQUIRY PROCESS: Using Powerful Questions to Awaken Awareness is not a theoretical, information-oriented book; instead, it is experiential in nature. The reader will embark on a process of introspection to increase self-awareness, and bring unconscious material into consciousness. Many people claim to have the answers - this book asks the questions. It introduces a unique framework with which to understand yourself, and goes on to ask direct questions: some quite challenging, some provocative, others simple and to the point. The questions reveal the sources of suffering that can hinder our everyday experience. Other questions point the way to fulfillment and joy. Each question in the book can take you deeper into relationship with your own Self, and closer to the Self-love that makes so many things possible, including loving others and the world. ABOUT THE AUTHOR... Linda Brierty, LCSW, is an integral psychotherapist and Reiki Master. She was trained by Diane Shainberg, Ph.D., noted psychoanalyst and Zen priest.
