The history of the empires of Babylon, Medo-Persia, Greece, and Rome are chronicled in The Great Empires of Prophecy by A.T. Jones. Originally published in 1891, this book delves into the empires that are depicted in the prophecies of Daniel and Revelation. With clarity and detail, Jones expounds on Bible history in this extensive volume. A facsimile reprint of the original, this volume also includes a series of 22 maps that trace the course of the four great empires. Bible students will find this volume helpful in their study of prophecy.

Can the planets predict economic conditions? In Time and Money, best-selling author Robert Gover links the planets to major economic turning points in US history, going back to Columbus. Using planetary patterns that coincide with past economic hard times and social upheavals, Gover reveals why the 2000-teens are going to be the most horrendous decade in US history.

In the 1970s, the CIA was concerned about rumors of Soviet research into psychotronics and remote viewing. Naturally, it wasn't long before the U.S. launched its own covert investigations into psychic phenomena and their potential use for military and intelligence purposes. This began a thirty-year series of classified projects, collectively known as the Stargate Project. In this book, Axel Balthazar has compiled the government's formerly classified documents pertaining to the project. Topics include: Remote viewing, psychic spying, The First Earth Battalion (as depicted in the movie Men Who Stare at Goats starring George Clooney), psi phenomena, extrasensory perception, psychokinesis, and much more. Tons of documents exposed. Axel Balthazar is at it again!

The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists. It uncovers works by Thomas Vaughan and suggests how he and his wife—a 17th-century Welsh couple unique in the history of western alchemy—met their fate when dealing with forces they knew only too well, but which were stronger than their ability to control them. Using the works of Vaughan as his text, Levenda applies the “twilight language” of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz, the reputed founder of Rosicrucianism who learned his art in the East; and to the 19th- and 20th-century occult movements lead by such luminaries as P.B. Randolph, Theodore Reuss, Helena Blavatsky, and Aleister Crowley who also sought (and discovered) this technology in the religions and cultures of Asia. Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals—without pretense or euphemism—the psycho-sexual technique that is at the root of both Tantra and alchemy: that is to say, of both Asian and European forms of esoteric praxis.

Charles A. A. Dellschau was born on June 4, 1830, in Brandenburg, Prussia, and immigrated to the United States in 1853, first settling in Texas. The historical record falls silent until 1860, when he is again shown living in Texas, where he marries Antonia Hilt the following year. The so-called "lost years" of the secretive Dellschau's life became a matter of controversy a century after his death in 1923 at age 93. Dellschau literally spent the last 20 years of his life closeted away in an attic apartment, creating a fantastical body of art that continues to fascinate. Indeed, today Dellschau is recognized as one of America's leading visionary artists, ranked alongside such world luminaries as Henry Darger and Adolf Wol i. A single page of thousands of such pages, frenetic productivity being a hallmark of visionary artists. But Dellschau's work - consisting of ink and watercolor illustrations of fanciful flying machines to which he frequently pasted newspaper clippings, or "press blooms" as he called them - appears to tell a coherent story of the Sonora (California) Aero Club. Using an anti-gravity gas put out a series of experimental aircraft some 50 years before the Wright Brothers first took wing. A mere flight of artistic fancy? Or did Dellschau actually spend his lost years documenting wildly improbable inventions? Were the Aero Club's airships also responsible for many UFO sightings in America? "The Secrets of Dellschau: The Sonora Aero Club & The Airships of T Dellschau's life and work.

Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets and breakaway civilizations, author and researcher Joseph P. Farrell continues his examination of the post-war Nazi International, an "extra-territorial state" without borders or capitals, a network of terrorists, drug runners, and people in the very height totaling trillions of dollars. Breakaway civilizations, black budgets, secret technology, occult rituals, international terrorism, giant corporate cartels, patent law and the hijacking of nature: it's all in this book where Farrell explores what he calls 'the business model' of the post-war Axis elite. It is Farrell at his best—uncovering the gargantuan financial fraud and hidden. The ultimate question is no longer "who am I" or "why am I here." These questions were answered in the earliest civilizations by philosophers and priests. Today we live in an age of such rapid advances in technology and science that the ultimate question must be rephrased: what shall we be? This book investigates what may become of human civilization, who is se modern Victor Frankenstein holds a high political office, carries diplomatic immunity, and is most likely funded by the largest corporations worldwide. His method is ancient: alchemy. His fraternities are well known and their secrets are well kept, but his goal of times past and present is the same: he dares to become as god, genetically manipulating the seeds of the humanity by re-creating it in his own image. This is no fairy tale, science fiction, or conspiracy theory ... It simply is! Transhumanism, a Grimoire of Alchemical Agendas by Dr.'s. Joseph P. Farrell and Scott D. de Hart lifts the veil from the macabre transhumanistic monster being assembled and exposes the hidden history and agenda that has set humanity on a collision selling Genes, Giants, Monsters, and Men: The Surviving Elites of the Cosmic War and Their Hidden Agenda.

It is the business of science to predict. An exact science like astronomy can usually make very accurate predictions indeed. A chemist makes a precise prediction every time he writes a formula. The nuclear physicist advertised to the world, in the atomic bomb, how man can deal with entities so small that they are completely beyond the realm of sense perception, yet make predictions astonishing in their accuracy and significance. Economics is now reaching a point where it can hope also to make rather accurate predictions, within limits which this study will explain. This is the only eBook edition that comes complete with more than 150 graphs and charts.

Already well-known for his bestselling series of exposés on secret Nazi technology and the survival of the Third Reich after the end of World War II, Oxford-educated historian and physicist Joseph P. Farrell here delves ever deeper into the activities of this nefarious group. In his previous works, Farrell has clearly demonstrated that the Nazis were clandestinely developing new and amazing technologies toward the end of WWII, and that the key scientists involved in these experiments were exported to the Allied countries at the end of the conflict, mainly the United States, in a move called Operation Paperclip. NASA director and developer of the Saturn V rocket that sent Americans to the moon, Werner von Braun, was one of these scientists. Farrell has traced the links between ongoing Reich activities and the newly-formed CIA and other defense/ military/ industrial establishments. Now, Farrell has meticulously reviewed the best-known Roswell research from UFO-ET advocates and skeptics alike, as well as some little-known source material, and comes to a radically different scenario of what happened in Roswell, New Mexico in July 1947, and why the US military has continued to cover it up to this day. Farrell presents a fascinating case sure to disturb both ET believers and disbelievers, namely, that what crashed may have been representative of an independent postwar Nazi power—an extraterritorial Reich monitoring its old enemy, America, and the continuing development of the very technologies confiscated from Germany at the end of the War.

Physicist Joseph Farrell is amazing sequel to 'The Giza Death Star' which takes us from the Great Pyramid of Giza to the asteroid belt and the so-called Pyramids of Mars. Farrell expands on his thesis that the Great Pyramid was a chemical maser, designed as a weapon and eventually deployed with disastrous results to the solar system. The Great Pyramid as a weapon! Evidence of the Use of Weapons of Mass Destruction in Ancient Times! The Astonishing Technology used in the Giza Death Star! Evidence of a similar Death Star-Pyramid built on Mars! The mystery of the Asteroid Belt solved! Topics in this amazing book include: Exploding Planets: The Movie, the Mirror, and the Model; Dating the Catastrophe and the Compound; A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid; No Machines, Please!; The Stargate Conspiracy; The Scalar Weapons; Message or Machine?; A Tesla Analysis of the Putative Physics and Engineering of the Giza Death Star; Cohering the Zero Point, Vacuum Energy, Flux; Synopsis of Scalar Physics and Paleophysics; Configuring the Scalar Pulse Wave; Inferred Applications in the Great Pyramid; Quantum Numerology, Feedback Loops and Tetrahedral Physic In this latest installment of his remarkable series of books of alternative science and history, Joseph P. Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times, and their desire to suppress the public development of alternative physics and energy technologies, usurp the money creating and issuing power of the state, and substitute a facsimile of money-as-debt. Here, Farrell peels back the layers of deception to reveal the possible deep physics that the “banksters” have used to aid them in their financial policies. Feral House also published Farrell’s Philosopher’s Stone: Alchemy and the Secret Research for Exotic Matter.

“Carter Phipps brilliantly expands our understanding of evolution by showing us that a new science is emerging—one that will historically integrate our understanding of consciousness, cosmology, and evolution.”—Deepak Chopra
Blending cutting-edge ideas with incisive spiritual insights, Evolutionaries is the first popular presentation of an emerging school of thought called “evolutionary spirituality.” Carter Phipps, the former executive editor of EnlightenNext magazine, asserts that evolution is not only a scientific but also a spiritual idea in a book whose message has the power to bring new meaning and purpose to life as we know it. Readers will be fascinated and enlightened by Evolutionaries, a book which Deepak Chopra, the world-renowned author of The Seven Spiritual Laws of Superheroes, Jesus, and Buddha, says “is going to help create a worldview that will influence our vision of the future direction of evolution and also our role in consciously participating in it.”

Why were the Allies worried about an atom bomb attack by the Germans in 1944? Why did the Soviets threaten to use poison gas against the Germans? Why did Hitler in 1945 insist that holding Prague could win the war for the Third Reich? Why did US General George Patton's Third Army race for the Skoda works at Pilsen in Czechoslovakia instead of Berlin? Why did the US Army not test the uranium atom bomb it dropped on Hiroshima? Why did the Luftwaffe fly a non-stop round trip mission to within twenty miles of New York City in 1944? Reich of the Black Sun takes the reader on a scientific-historical journey in order to answer these questions. Arguing that Nazi Germany actually won the race for the atom bomb in late 1944, Reich of the Black Sun then goes on to explore the even more secretive research the Nazis were conducting into the occult, alternative physics and new energy sources. The book concludes with a fresh look at the "Nazi Legend" of the UFO mystery by examining the Roswell Majestic-12 documents and the Kecksburg crash in the light of parallels with some of the super-secret black projects being run by the SS. Reich of the Black Sun is must-reading for the researcher interested in alternative history, science, or UFOs!

There is ample evidence across our solar system of cataclysmic and catastrophic destruction events. The asteroid belt, for example, may be the remains of an exploded planet! The known planets are scarred from incredible impacts, and teeter in their orbits due to causes heretofore inadequately explained. Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers, Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously. Incorporating extraterrestrial artifacts, cutting-edge ideas in contemporary physics, and the texts of ancient myths into his argument, Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication. In doing so, he offers a solution to an enigma that has long mystified researchers, disclosing a cause of that ancient war, the means by which it was waged, and the real nature of the secret technology behind the ancient “Tablets of Destinies.” It is all here, folks! The history of the Exploded Planet hypothesis, and what mechanism can actually explode a planet. The role of plasma cosmology, plasma physics (even plasma paleophysics) and scalar physics. The ancient texts telling of such destructions: from Sumeria (Tiamat’s destruction by Marduk), Egypt (Edfu and the Mars connections), Greece (Saturn’s role in the War of the Titans) and the ancient Americas.

Oxford-educated historian Joseph P. Farrell delivers the sequel to his best-selling Cover Wars and Breakaway Civilization, part of his book series on suppressed technology, Nazi survival, secret finance and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control that very few people even suspect exists. Farrell continues to delve into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He elaborates on the advanced technology that they took with them at the "end" of World War II and shows how the breakaway civilization has created a huge system of hidden finance with the involvement various banks and financial institutions around the world. He continues to look into the secret space programs used by the breakaway civilization and the clash of civilizations-a virtual secret war going on around us-and the current space secrecy that involves UFOs, suppressed technologies and the hidden oligarchs who control planet earth for their own gain and profit. Farrell includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super-finance and technology.

Farrell, who commands a growing and devoted audience on Coast to Coast AM, Erskine Overnight, and other programs, initiates his Feral House association with The Philosopher’s Stone, in which he demonstrates the connections of modern physics and ancient alchemy by investigating monatomic gold, the work of Russian astrophysicist Nikolai Kozyrev, and the fuel for the mysterious Nazi "Bell" device, Serum 525. Farrell’s previous books investigated the scientific and astronomical implications of ancient monuments and the secret space operations of the Nazis who were brought into NASA to continue their highly classified research as a result of “Operation Paperclip.” The author is now working with best-selling authors Richard C. Every conclusion arrived at as a result of study of the fragments of information available in respect to money and its creators in the world of the Ancient Civilizations, indicates the existence of a far reaching conspiracy in respect to monetary issuance influencing the progression of man's history in the earliest times of which written record exists. It is also outstandingly clear that it was parent to that acknowledged and most obvious conspiracy such as exists today. Hence was able to develop that conspiracy against mankind most exemplified by a continuous propaganda of hate against all authority: in pre-antiquity and antiquity against the many city gods, and in relatively modern times against the kings that rose out of the ruins of that which had been Rome. As those controlling totally the economic life of a state through monetary creation and emission, must have felt that kings and gods were more of a nuisance than anything else, the instigators of this conspiracy in whatever place and era, obviously were those who first did the business of bankers; the controllers of values, and consequently the economic life of the states wherever the precious metal standard was used.

ECONned examines the unquestioned role of economists as policy-makers, and how they helped create an unmitigated economic disaster. Why are we in such a financial mess today? There are lots of proximate causes: over-leverage, global imbalances, bad financial technology that lead to widespread underestimation of risk. But these are all symptoms. Until we isolate and tackle fundamental causes, we will fail to extirpate the disease. Here, Yves Smith looks at how economists in key policy positions put doctrine before hard evidence, ignoring the deteriorating conditions and rising dangers that eventually led them, and us, off the cliff and into financial meltdown. Intelligently written for the layman, Smith takes us on a terrifying investigation of the financial realm over the last twenty-five years of misrepresentations, naive interpretations of economic conditions, rationalizations of bad outcomes, and rejection of clear signs of growing instability. In eConned, author Yves Smith reveals: --why the measures taken by the Obama Administration are mere palliatives and are unlikely to pave the way for a solid recovery --how economists have come to play a profoundly anti-democratic role in policy --how financial models and concepts that were discredited more than thirty years ago are still widely used by banks, regulators, and investors --how management and employees of major financial firms looted them, enriching themselves and leaving the mess to taxpayers --how financial deregulation enabled predatory behavior by Wall Street towards investors --how economics has no theory of financial systems, yet economists fearlessly prescribe how to manage them

In a fascinating, unique and alternative history, author of The Philosophers' Stone Joseph P. Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times, and their desire to suppress the public development of alternative physics and energy technologies. He unravels how financiers usurped the money creating power of the state to substitute a facsimile of money-as-debt. Here, Farrell peels back the layers of deception to reveal the possible deep physics that the 'banksters' have used in their financial policies.

A journalist pieces together the mysteries surrounding her ex-husband's descent into drug addiction while trying to rebuild a life for her family, taking readers on an intimate journey into the world of white-collar drug abuse. “A rare combination of journalistic rigor, personal courage, and writerly grace.”—Bill Clegg, author of Portrait of an Addict as a Young Man Something was wrong with Peter. Eilene Zimmerman noticed that her ex-husband looked thin, seemed distracted, and was frequently absent from activities with their children. She thought he looked sick and needed to see a doctor, and indeed, he told her he had been diagnosed with an autoimmune disorder. Yet in many ways, Peter seemed to have it all: a beautiful house by the beach, expensive cars, and other luxuries that came with an affluent life. Eilene assumed his odd behavior was due to stress and overwork—he was a senior partner at a prominent law firm and had been working more than sixty hours a week for the last twenty years. Although they were divorced, Eilene and Peter had been partners and friends for decades, so when she and her children were unable to reach Peter for several days, Eilene went to his house to see if he was OK. So begins Smacked, a brilliant and moving memoir of Eilene’s shocking discovery, one that sets her on a journey to find out how a man she knew for nearly thirty years became a drug addict, hiding it so well that neither she nor anyone else in his life suspected what was happening. Eilene discovers that Peter led a secret life, one that started with pills and ended with opioids, cocaine, and methamphetamine. He was also addicted to work; the last call Peter ever made was to dial in to a conference call. Eilene is determined to learn all she can about Peter’s hidden life, and also about drug addiction among ambitious, high-achieving professionals like him. Through extensive research and interviews, she presents a picture of drug dependence today in that moneyed, upwardly mobile world. She also embarks on a journey to re-create her life in the wake of loss, both of the person—and the relationship—that profoundly defined the woman she had become.

What if God embedded a code in the Bible that could only be cracked in the end times--a prophetic cypher that reveals how the four blood moons and the biblical Shemitah are just signs of the beginning of end-time events? Unlocking a great mystery that has puzzled scholars for nearly two thousand years, THE BABYLON CODE reveals how powerful forces are now at work to create a global government, cashless society, and universal religion as predicted by the prophets. The result of a five-year journalistic investigation, THE BABYLON CODE takes readers on a spellbinding journey to explore the link between the world’s most secret organizations, the Bible’s greatest prophetic riddle, and what world-renowned evangelist Billy Graham describes as a convergence in end-time signs for the first time in history. This prophetic mystery book pieces together the apocalyptic puzzle--uncovering what may be not only the biggest story and political scandal in modern history, but also the secret to both our survival and our salvation.

Oxford-educated historian Joseph P. Farrell really delivers in this latest addition to his best-selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the “end” of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank (among others), and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of “emulational” technologies (those that can manipulate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of “full spectrum dominance” and the culture of “plausible deniability”-yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery; incredibly bold counterfeiting operations; and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super-finance and technology.

The book you are about to read is one of the most extraordinary historical documents of the 20th century. Where did Hitler get the funds and the backing to achieve power in 1933 Germany? Did these funds come only from prominent German bankers and industrialists or did funds also come from American bankers and industrialists?

It is difficult to believe that our planet has been weaponized before our very eyes, but that is exactly what has happened. First, we were seduced by the convenience of a wireless world; then, atmospheric weather experimentation in the guise of carbons “climate change” converted the air we breathe into an antenna. Now, the geo-engineering we’ve been subjected to for two decades is being normalized as the “Star Wars” Space Fence rises around and within us. Is this the Space Age we were promised?

Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets and breakaway civilizations, author and researcher Joseph P. Farrell investigates the theory that there were not two levels to the 9/11 event, but three. He says that the twin towers were downed by the force of an exotic energy weapon, one similar to the Tesla energy weapon suggested by Dr. Judy Wood, and ties together the tangled web of missing money, secret technology and involvement of portions of the Saudi royal family. Farrell unravels the many layers behind the 9-11 attack, layers that include the Deutschebank, the Bush family, the German industrialist Carl Duisberg, Saudi Arabian princes and the energy weapons developed by Nikola Tesla before WWII. It is Farrell at his best--uncovering the massive financial fraud, special operations and hidden technology of the breakaway civilization.

What do the Fourth Crusade, the exploration of the New World, secret excavations of the Holy Land, and the pontificate of Innocent the Third all have in common? Answer: Venice and the Templars. What do they have in common with Jesus, Gottfried Leibniz, Sir Isaac Newton, Rene Descartes, and the Earl of Oxford? Answer: Egypt and a body of doctrine known as Hermeticism. In this book, noted author and researcher Joseph P. Farrell takes the reader on a journey through the hidden history of the Middle Ages, the Renaissance and early Enlightenment, connecting the dots between Venice, international banking, the Templars, and hidden knowledge. He draws out the connections between the notorious Venetian “Council of Ten,” little known Venetian voyages to the New World, and the sack of Constantinople during the Fourth Crusade. The hidden role of Venice and Hermeticism reached far and wide, into the plays of Shakespeare (a.k.a. Edward DeVeré, Earl of Oxford), into the quest of the three great mathematicians of the Early Enlightenment for a lost form of analysis, and back into the end of the classical era, to little known Egyptian influences at work during the time of Jesus.

This book exposes important, often obscured truths about our money system and our economic past and future. Our money is not what we have been led to believe. The creation of money has been "privatized," or taken over by a private money cartel. It is all done by sleight of hand, concealed by economic double-speak. “Web of Debt” unravels the deception and presents a crystal clear picture of the financial abyss towards which we are heading, pointing out all the signposts. Then it explores a workable alternative, one that was tested in colonial America and is grounded in the best of American economic thought, including the writings of Benjamin Franklin, Thomas Jefferson and Abraham Lincoln. If you care about financial security, your own or the nation's, you should read this book. Ellen Brown has applied her training as a litigating attorney, researcher and writer to the monetary field, unearthing facts that even the majority of banking and financial experts ignore: ranging from the privatization of money creation, to the Plunge Protection Team, to the Federal Reserve's 'Helicopter Money. Read it; you'll get information you need in order to understand what is going on in our financial markets today. Bernard Lietaer, former European central banker, author of "The Future of Money" and "Of Human Wealth" .

In this highly controversial and explosive book, archaeologist, historian, mythologist and linguist Acharya S. marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies, mystery schools and religions in order to unify the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus character as not unique or original, not “divine revelation.” Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces. The result of this myth making has been “The Greatest Conspiracy Ever Sold.” .

Part conspiracy theory, part popular science, Genes, Giants, Monsters and Men explores the possibility that the history of the human race is not as simple as has been taught in textbooks. Farrell considers how the religious stories that have often been the core basis for mankind’s understanding of where it belongs in the history of creation may actually reveal a planet occupied with tyrannical giants and an elite race bent on genetic mutation.

The Physics and Engineering of the Great Pyramid

The Giza Death Star

Spanning 25 years of serious writing on hip-hop by noted scholars and mainstream journalists, this comprehensive anthology includes observations and critiques on groundbreaking hip-hop recordings.

This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel ‘1984’, by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive ‘celebrity culture’ that attempts to pervade our whole lives.

The modern-day financial crisis and scam is nothing really new reveals master researcher Joseph P. Farrell In Babylon, s Banksters. Banking has been tinkered with and controlled for the past thousand years of human history. See how a seductively simple formula devised by a large and powerful Chinese family led to the "credit default swaps" bust. Read how astrology and a fascination for gemstones played into the banking operations of the super-rich. What are the long-term goals of the most powerful international cabals? In this latest installment of his remarkable series of books of alternative science and history, Joseph P. Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times, their desire to usurp the money creating and issuing power of the state, substituting a facsimile of money-as-debt. Here, Farrell peels back the layers of deception to reveal the possible deep physics that the "banksters" have used to aid them in their financial policies.

Consider the possibility that the history of the human race is not as simple as what has been taught in classroom textbooks. Consider the possibility that the evolutionary scientific explanation for mankind has ignored critical facts that are buried deep within the fossils and mankind’s DNA. Consider the possibility that the religious stories that have often been the core basis for mankind's understanding of where it belongs in the history of creation may actually reveal a planet occupied with tyrannical giants and an elite highly intelligent race bent on genetic mutation. As horrifying as such possibilities are, Genes, Giants, Monsters, and Men sets forth a plausible theory revealing a hidden history of mankind and a possible reason that it has remained veiled for hundreds of thousands of years. With his well-documented style and breathtaking conclusions, Dr. Joseph P. Farrell pulls back the veil and takes the reader on an odyssey behind the mysterious history and myths of the human race. Joseph P. Farrell is a recognized scholar whose credentials include a PhD in philosophy from the University of Oxford. His literary contribution is a veritable resumé unto itself covering such fields as Nazi Germany, sacred literature, physics, finances, the Giza pyramids, and music theory. A renowned researcher with an eye to assimilate a tremendous amount of background material, Farrell is able to condense the best scholastic research in publication and draw insightful new conclusions on complex and controversial subjects.
