"The Video Games Guide is the world's most comprehensive reference book on computer and video games. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review of the game itself"--Provided by publisher.

As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.

Andy McNab at the top of his game, delivering pulse-pounding entertainment and awe-inspiring, widescreen action. Spetsnaz used to be a name to strike fear into the hearts of Russia’s enemies. But now that the country has gone to the dogs, Dima Mayakovsky - once a revered figure inside the elite Special Forces unit - wants no part of it any more. But when a dangerous fugitive surfaces in Tehran, Dima is the man Kremlin wants to bring him in. There is no option: the ex-Spetsnaz legend must lead his team of battle-hardened operatives into combat, not something you can hide from the US recce satellites circling above. This means that Dima and his men become Marine Sergeant Henry 'Black' Blackburn's problem. As Iran descends into chaos, Dima and Black are forced to question everything they believed in, and to fight to survive, for their comrades, their honour and the lives of millions. They’re on their own. And the clock is ticking?
