Be Careful What You Wish For (Classic Goosebumps #7)

Who hasn't at some point thought about what they would do if granted a wish? But what might happen if a magical creature, like a fairy or a genie, took a wish for themselves? You will find the startling answer within these pages, at least in the case of fairies. In another dimension, around the four corner stars of the constellation Orion, live the fairies we all know and love—and many more. In the beginning, all fairies were extraordinarily beautiful creatures. Their radiance was a reflection of their innocent and generous natures. But everything started to change when the former Tooth Fairy, Maeve, was caught by a young boy named Nebatis as she tried to collect his tooth. Through their interactions, Maeve transforms from wish granter to leader of the Wishtakers, a rogue band of evil fairies who'll stop at nothing to gain control of fairydom. But her transformation isn't just in her lifestyle; she becomes something strikingly unlike any fairy the world has ever known. Can Suzabelle, the head of the fairy high council, right the wrongs done by Maeve and her followers and return fairydom to its former glory? Even fairies must learn the truths behind the adage: Be Careful What You Wish For. This is an extraordinary true story of choices and where they can lead you. Fear and loneliness, painful lessons and hilarious escapades, a rollercoaster ride from spiritual adventures in Peru to all night parties in Ibiza.

Bestselling author Jeffrey Archer's Be Careful What You Wish For opens with Harry Clifton and his wife Emma rushing to hospital to learn the fate of their son Sebastian, who has been involved in a fatal car accident. But who died, Sebastian or his best friend Bruno? When Ross Buchanan is forced to resign as chairman of the Barrington Shipping Company, Emma Clifton wants to replace him. But Don Pedro Martinez intends to install his puppet, the egregious Major Alex Fisher, in order to destroy the Barrington family firm just as the company plans to build its new luxury liner, the MV Buckingham. Back in London, Harry and Emma's adopted daughter wins a scholarship to the Slade Academy of Art where she falls in love with a fellow student, Clive Bingham, who asks her to marry him. Both families are delighted until Priscilla Bingham, Jessica's future mother-in-law, has a visit from an old friend, Lady Virginia Fenwick, who drops her particular brand of poison into the wedding chalice. Then, without warning, Cedric Hardcastle, a bluff Yorkshireman who no one has come across before, takes his place on the board of Barringtons. This causes an upheaval that none of them could have anticipated, and will change the lives of every member of the Clifton and Barrington families. Hardcastle's first decision is who to support to become the next chairman of the board: Emma Clifton or Major Alex Fisher? And with that decision, the story takes yet another twist that will keep you on the edge of your seat. Be Careful What You Wish For showcases the master storyteller's talent as never before – when the Clifton and Barrington families march forward into the sixties, in this epic tale of love, revenge, ambition and betrayal.
