

Bedtime Stories For Grown Ups

Bedtime Stories for Grown-ups is a jumble of genres-seven hundred pages of fiction and non-fiction ... some stories included against the author's better judgment. If he had known that one day they'd be published, he might not have been as honest when describing his past. Here is a tome of true stories about the author's criminal and misspent youth, historical accounts of the United States when She was young, and tales of imagination encompassing every conceivable variety-all presented as though the author is sitting next to you at a bar and you're buying the drinks as long as he keeps coming up with captivating stories to hold your interest. Comprised of 216,000 words, you'll have plenty to read for the foreseeable future. This is a book to have on your night table, to sample a story each night before extinguishing the lights and drifting off to a restful sleep. Mr. Joyce sincerely hopes that you will enjoy his stories because, as he has stated, "It took a lot of living to come up with the material for some of them."

Bedtime Stories for Grownups is a collection of Christian short stories with moral messages; they are designed for husbands to read to wives and vice versa at bedtime and for children to read to parents or relatives who are in nursing homes, hospices, hospitals, and assisted-living centers. Many are based on true stories that occurred in Toccoa, Georgia. Sleepily Ever After: Bedtime Stories for Grown Ups is a gorgeous little anthology of upbeat, touching, funny and inspiring stories that will help you relax and drift off to sleep. Part of the Macmillan Collector's Library; a series of stunning, clothbound, pocket-sized classics with foiled edges and ribbon markers. These beautiful books make perfect gifts or a treat for any book lover. This edition is edited and introduced by Zachary Seager. It's hard to relax, to keep still and to stop our brains from whirring. We live in a world where lack of sleep is a common problem for many adults. This collection of stories will help to banish anxiety and to soothe stressed minds as they welcome you into a world of happy endings, gentle humour and good choices. Each classic story from authors including

There are few more precious routines than that of the bedtime story. So why do we discard this invaluable ritual as grown-ups to the detriment of our well-being and good health? In this groundbreaking anthology, Ben Holden, editor of the bestselling Poems That Make Grown Men Cry, challenges how we think about life, a third of which is spent asleep. He deftly explores not only the science of sleep but also why we endlessly tell stories – even to ourselves, as we dream.

*Holden combines his own illuminating storytelling with a treasure trove of timeless classics and contemporary gems. Poems and short stories, fairy tales and fables, reveries and nocturnes – from William Shakespeare to Haruki Murakami, Charles Dickens to Roald Dahl, Rabindranath Tagore to Nora Ephron, Vladimir Nabokov to Neil Gaiman – are all woven together to replicate the journey of a single night's sleep. Some of today's greatest storytellers reveal their choice of the ideal grown-up bedtime story: writers such as Margaret Drabble, Ken Follett, Tessa Hadley, Robert Macfarlane, Patrick Ness, Tony Robinson and Warsan Shire. Fold away your laptop and shut down your mobile phone. Curl up and crash out with the ultimate bedside book, one you'll return to again and again. Full of laughter and tears, moonlight and magic, *Bedtime Stories for Grown-ups* joyfully provides the dream way to end the day – and begin the night . . .*

One night is about to change Bella's life for ever... Bella Greenwood isn't a fairytale girl. If pushed, she'd probably tell you that her perfect wedding would involve a handful of close friends and family. But as she's never met anyone she'd like to marry, it's a moot point. Until, in a midnight garden, Bella is helped out of an embarrassing situation by a tall, dark, handsome man with laughing eyes. And suddenly her life changes for ever, because the man is the world's most eligible bachelor: Prince Richard, heir to the throne. Richard sweeps her off her feet, and

before she knows it they're engaged. Which is when Bella's problems really begin. Suddenly she is public property, and as if it isn't enough to have her every move watched - while also learning to curtsy and negotiating the etiquette of how to address her future mother-in-law - she soon finds herself embroiled in bridesmaid politics, a right royal hen night, and a wedding dress controversy that causes a national scandal... Can this ordinary girl survive the preparations for her very own Royal Wedding?

Bedtime Stories for Grown-ups is a collection of 20 bedtime stories for adults from the 'Dan Jones Hypnosis' YouTube channel. The bedtime stories have been created in a way that encourages sleep and promotes wellbeing, helping with stress, anxiety and worry, three of the main areas behind many sleep problems, so, these bedtime stories are ideal for stressed out adults or those who find they worry or overthink when they should be falling asleep. These sleep stories for adults can be read by the person who wants to fall asleep, or read to someone to help them fall asleep, or audio recorded for personal use to help you fall asleep. Each bedtime story is a transcript of a 20-35 minute long hypnotic healing bedtime story. For most of human history storytelling helped people to share knowledge and wisdom while inspiring change and creativity. Storytelling is one of the oldest forms of verbal hypnosis. Stories stimulate and access the dreaming brain

allowing people to update their neurology with new learning to change thinking, behaviours and responses to life events. Somewhere along the way storytelling became associated with children, it was seen as odd if you were an adult who said you liked listening to stories. This has now started to change, adults listening to stories and reading bedtime stories is on the rise. Dan Jones has over 20 years experience using storytelling as a form of therapy and to help people sleep, he also has a successful YouTube channel 'Dan Jones Hypnosis' with over 100 hypnotic healing bedtime stories for adults and over 20 sleep stories for children. Three Bedtime Stories for Grown Ups

We never plan to stay up for hours into the night, yet sometimes it seems like sleep is an unachievable goal. The longer we are stuck awake in bed, the more frustrated we become. Everyone knows we need seven to eight hours of sleep every night, but when you are finding it hard to reach that number of hours, it can feel like a cruel joke. We get tempted to believe blatant falsehoods about sleep. Lies like "I can get by on five hours of sleep" are common among people who don't get enough sleep, and ideas like this are simply untrue. This fact should convince you to leave behind your life of not getting enough sleep: with scientists looked at the brains of people who got just six hours of sleep every night for a month, and compared it with people who didn't sleep at all for one night, they had the similar levels of cognitive decline. When you are used to having this much cognitive decline because you have it every day, you don't realize it the way you do when you lose your sleep all at once with an all-nighter, but the science shows that both are equally bad for your ability to think. But there's no reason to stress over losing sleep any longer, because Bedtime Stories for Adults has everything you need to fall asleep. Not only does it provide you with fully fleshed-out stories for adults, but it starts out giving you practical tips on how to control anxiety and improve your mindfulness. These stories blend family holiday traditions with the seasonal changes on the way to adulthood; they deal with the challenges of growing up and being part of a family. Every story needs conflict to

keep our interest, but these stories give you a character to cheer on as they grapple with their problem while simultaneously relaxing your mind, body, and spirit. They were written by someone who has experience in crafting these kinds of stories: stories that lull us to sleep with an accessible style, pacing that won't break your neck, and characters we relate to so much that we lose ourselves in them. Do you remember the last time you lost yourself in a story - when you felt so involved in it that it took some time to get yourself back into the mindset required for real life after you were done? These stories were written just for the purpose of you experiencing that again. But not only that - these stories are not story-focused, but sensory-focused. You won't be able to help yourself from following asleep reading them, because they each take their time to paint a full picture with every sense: taste, smell, touch, hearing, and sight. But maybe you still aren't convinced of the use of stories for bedtime. You might still think of stories as something you can use for entertainment exclusively, instead of for this. The only way you can do it is by taking the plunge. You have already lost too much sleep from not having the right tools for dealing with it. Don't let that happen any longer. Click the "Buy Now" button to change everything about your sleeping life for the better. You will notice such a drastic change that you will wonder how you were ever able to go through the day sleep-deprived.

Cats gives cat lovers everywhere new and inventive stories to lull their furballs to sleep. In "Rumpled Katzkin," for example, silky Phoebe the Cat impersonates Barbra Streisand, but longs not for riches but for more time with her nerdy owner. In "Kitty and the Beast," a not-so-beautiful cat adopts a young girl who subsequently learns that beauty is only fur deep. And in "Puss and the Missing Boots," feline detective Pussywillow Claudius Rex the Third ("The name's Puss") solves the mystery when Dollface Molloy's blue suede, over-the-knee boots are reportedly stolen by a cat burglar. Bedtime Stories for Cats is a humorous feline-oriented interpretation of some of America's favorite classics, from "The Three Alley Cats Gruff" to "Catpunzel." Jasheway has written a purrfectly delightful book guaranteed to make readers meow. At home, work, and out in our ever-changing world, we're all just doing our best. In this modern parody, Frog and Toad are here to commiserate and lend some laughter. Full of wry humor and deep compassion for our modern vulnerabilities, the stories in Frog and Toad Are Doing Their Best perfectly capture the heartwarming authenticity of Lobel's famous amphibian friends while revealing razor-sharp truths about the world we live in today. Through Frog and Toad, we see the anxieties that are woven throughout our everyday existence, from our well-meaning but often-failed attempts at practicing self-care to our struggle to balance the gifts and burdens of technology. Toad ponders a variety of questionable schemes to pay off his credit cards, while Frog spends too much time scrolling through the newsfeed on his phone. But despite

Grown-ups need bedtime stories too and this one is all about those personality traits that adults just love to hate. The characters in this story were created by a little girl who was bullied and picked on. She created them and pretended that they were being teased and not her. As the little girl grew up, she saw many of those same traits in the adult world as well. There are bullies and those who try to control everything and everyone. This book is full of situations that are laughable for some and emotionally trying for others. It's a bigger-picture story of an awareness into a child's mind and how she survived a childhood full of mean, jealous and controlling people. India. Sparrows and swallows, foxes and dogs, farmers and potters, kings and idiots populate these stories and tell you short and sharp stories of their lives. The pages of this book echo their sorrows, angers, gains and losses, and more importantly their laughters and love affairs. These stories showcase life in its naked form highlighting fanning and farting with equal frankness, and become the Bedtime Stories for Grown-ups. Presenting a collection of twenty-five short and very short stories, the book humorously answers some of the important questions like "What did the farmer's wife do to make her husband active?" "Where did the he sparrow go all night, leaving the she sparrow and the chicks alone in the nest?" "Did the beggar get the chicken stew?" "Who did actually sleep with the potter?" "How did the man shut his loudmouth wife up?" "How did Half Nose become No Nose?" and many more intellectual musings concerning human survival. Written in a simple language, straightforward style, and matter-of-fact tone, these stories are expected to bring many a smile to your face, numerous sniggers, sometimes a couple of tears to your eyes (if you are a soft sort), but whatever they bring or not bring, it is certain

On a ship from London to South Africa, a young woman gets wrapped up in a deadly scheme, in this classic novel by the master of mystery. New to London, Anne Beddingfeld is hungry for adventure, when she witnesses a shocking accident. At the Hyde Park tube station, a man named L. B. Carton falls onto the tracks, dying instantly. An address for Mill House is found on Carton's person, but only Anne notices the slip of paper he dropped—with the name of a ship and an inscrutable series of numbers. When a woman is found strangled to death at Mill House and the only suspect is an unknown man in a brown suit, Anne

becomes obsessed with the case. Booking passage on the ship from the mysterious piece of paper, she soon finds herself bound for South Africa in the company of killers and thieves, as she attempts to unravel a scheme of murder, betrayal, and stolen diamonds.

The tales in Bedtime Stories for Dogs are written just the way dogs like things—they're short and simple, they have happy endings, they usually involve food, and they frequently refer to things that smell really awful. Each one of these stories was proofed (and woofed) by the author's two wiener dogs: "If they didn't give a story two paws up and two tails wagging, it was back to the drawing board," she says. This is the perfect treat for anyone: *Whose dog has control of the remote (and flips when watching dog food commercials) *Whose dog occasionally allows him to sleep in the bed (but only if he doesn't hog the covers!) *Who doesn't even notice the dog hairs in their food *Who carries their dog when he gets winded Anyone who has a canine companion will want this charming book. Visit us online at www.1stWorldLibrary.ORG - - Who says that English folk have no fairy-tales of their own? The present volume contains only a selection out of some 140, of which I have found traces in this country. It is probable that many more exist. A quarter of the tales in this volume, have been collected during the last ten years or so, and some of them have not been hitherto published. Up to 1870 it was equally said of France and of Italy, that they possessed no folk-tales. Yet, within fifteen years from that date, over 1000 tales had been collected in each country. I am hoping that the present volume may lead to equal activity in this country, and would earnestly beg any reader of this book who knows of similar tales, to communicate them, written down as they are told, to me, care of Mr. Nutt. The only reason, I imagine, why such tales have not hitherto been brought to light, is the lamentable gap between the governing and recording classes and the dumb working classes of this country - dumb to others but eloquent among themselves. It would be no unpatriotic task to help to bridge over this gulf, by giving a common fund of nursery literature to all classes of the English people, and, in any case, it can do no harm to add to the innocent gaiety of the nation. you will come into the truth that a man can be trapped in his mind. The study of psychology has always considered the mind as having more phases, or more streams you will, than what we know as the conscious phase or stream. Knowing this, with a deeper understanding of the mind, how it could control us, and how we, in turn, get the reins of control. This is just what happens when you lose your sleep. A part of your mind, your worries, is trying to get the better side of your rest and usefulness. You don't know it, so you cannot fight it. But guess what the case would be when you finally get in control? You will simply see yourself walking through that doorway into your mind again; this time, it will be with an understanding of the different realities that exist. You will see yourself in the place of choosing what reality you want to be a part of at your time of sleep. You will choose it; you will rest in that reality. This is your path to achieving inner peace. You would rest from inside out. With your mind in its calm state, it becomes your slave. This book covers: Helen's Quest The secret cabin The Danish The Lost Woods Returning to Earth And Many More! With an apt understanding of the unconscious stream of the mind, and how it bullies the conscious stream, therefore depriving you of sleep, Bedtime stories for adults have been put together. Not out of skepticism, but with the ideal understanding of how these things work. In turn, these stories have been put together that will allow you to observe your mind in all its state, find your inner calm and walk out of insomnia without any drug. The time to start with
