Twelve-year-old Lanesha lives in a tight-knit community in New Orleans' Ninth Ward. She doesn't have a fancy house like her uptown family or lots of friends like the other kids on her street. But what she does have is Mama Ya-Ya, her fiercely loving caretaker, wise in the ways of the world and able to predict the future. So when Mama Ya-Ya's visions show a powerful hurricane--Katrina--fast approaching, it's up to Lanesha to call upon the hope and strength Mama Ya-Ya has given her to help them both survive the storm. the New York Times bestselling author of Ghost Boys and Towers Falling, Ninth Ward is a deeply emotional story about transformation and a celebration of resilience, friendship, and family--as only love can define it.

Wallace demystifies the narratives of Beethoven's approach to his hearing loss and instead explores how Beethoven did not "conquer" his deafness; he adapted to life with it. We're all familiar with the image of a fierce and scowling Beethoven, struggling doggedly to overcome his rapidly progressing deafness. That Beethoven continued to play and compose for more than a decade after he lost his hearing is often seen as an act of superhuman heroism. But the truth is that Beethoven's response to his deafness was entirely human. And by demystifying what he did, we can

learn a great deal about Beethoven's music. Perhaps no one is better positioned to help us do so than Robin Wallace, who not only has dedicated his life to the music of Beethoven but also has close personal experience with deafness. One day, Wallace's late wife, Barbara, found she couldn't hear out of her right ear—the result of radiation administered to treat a brain tumor early in life. Three years later, she lost hearing in her left ear as well. Over the eight and a half years that remained of her life, despite receiving a cochlear implant, Barbara didn't overcome her deafness or ever function again like a hearing person. Wallace shows here that Beethoven didn't do those things, either. Rather than heroically overcoming his deafness, Beethoven accomplished something even more

challenging: he adapted to his hearing loss and changed the way he interacted with music, revealing important aspects of its very nature in the process. Wallace tells the story of Beethoven's creative life, interweaving it with his and Barbara's experience to reveal aspects that only living with deafness could open up. The resulting insights make Beethoven and his music more accessible and help us see how a disability can enhance human wholeness and flourishing.

most single-minded composers in the history of music, this biography places his work in the context of the musical life of the period. Through an understanding of the changing nature of musical patronage, the private and public concert, the impact of the Napoleonic Wars on culture and society, and the increasing ambition of musical life in the period after the end of the wars, a varied and dynamic picture of Beethoven's musical career emerges.

Shortlisted for the 2020 Goldsmiths Prize Based on the German composer's own correspondence, this inventive, counterfactual work of historical fiction imagines Beethoven traveling to America to write an oratorio based on the Book of Job. It is a matter of historical record that in 1823 the Handel and Haydn Society of Boston (active to this day) sought to commission Beethoven to write an oratorio. The premise of Paul Griffiths's ingenious novel is that Beethoven accepted the commission and traveled to the United States to oversee its first performance. Griffiths grants the composer a few extra years of life and, starting

with his voyage across the Atlantic and entry into Boston Harbor, chronicles his adventures and misadventures in a new world in which, great man though he is, he finds himself a new man. Relying entirely on historically attested possibilities to develop the plot, Griffiths shows Beethoven learning a form of sign language, struggling to rein in the uncertain inspiration of Reverend Ballou (his designated librettist), and finding a kindred spirit in the widowed Mrs. Hill, all the while keeping his hosts guessing as to whether he will come through with his promised composition. (And just what, the reader also

wonders, will this new piece by Beethoven turn out to be?) The book that emerges is an improvisation, as virtuosic as it is delicate, on a historical theme.

How hard is it to move 5 legless pianos 39 times?

Beethoven owned five legless pianos and composed great works on the floor. His first apartment was in the center of Vienna's theater district... but he forgot to pay rent, so he had to move. (And it's very hard to move a piano. Even harder to move five).

Beethoven's next apartment was in a dangerous part of town... so he moved, and the pianos followed on a

series of pulleys. Then came an apartment with a view of the Danube (but he made too much noise and the neighbors complained), followed by an attic apartment (where he made even MORE of a ruckus), and so Beethoven moved again and again. Each time, pianos were bought, left behind, transported on pulleys, slides, and by movers, all so that gifted Beethoven could compose great works of music for the world.

of the way, readers learn the basics of classical music and the orchestra: What is a conductor? What is a symphony? Who was Beethoven? The different aspects of music: melody, harmony, tempo, theme. And the families of instruments—strings, woodwinds, brass, and percussion. But the best part is that every critical idea is illustrated in gorgeous sound. The sound panel allows readers to hear the different parts of the symphony and voices of the music—the famous beginning of the Fifth, what a clarinet sounds like, the difference between a violin and a viola, what a melody is, and what harmony is. THE LADY FROM KENT, by Barbara Nichol, was written over a long period of time. First came a sketch, then a few verses. Then other verses came along. Nichol finished it on the coast of BC in the back kitchen of a house on Savary Island. Alone, she saw deer pass by. Unafraid. They would stop and graze. Nichol covered the old green wood kitchen table with post-it notes, each representing a verse, moving verses back and forth, around and

around on the table, putting the poem together like a puzzle. It sometimes seemed impossible to get it right. She burned to tell the Lady's story: to make people understand this intrepid, confident being. She seemed a person who would not take on the opinions of the culture: what a person is allowed to do or not do, about limitations, and about conventional standards of beauty.
