More than a century ago, John Dewey challenged the education community to look to civic involvement for the betterment of both community and campus. Today, the challenge remains. In his landmark book, editor Thomas Ehrlich has collected essays from national leaders who have focused on civic responsibility and higher education.

cities. Apart from Tokyo, the cities concerned tend to dominate the economic and political scene in their respective countries, but for the purposes of this discussion it is not inappropriate to refer to them and the problems they face as being broadly metropolitan. Urban geographers and planners now tend to use the term 'metropolitan' to refer to a large identifiable area of continuous urbanization consisting of several administrative jurisdictions. Demographers today often classify cities with populations of more than one million people as metropolitan, and in common usage the term is
