Asim Roy argues that Islam in Bengal was not a corruption of the "real" Middle Eastern Islam, as nineteenth-century reformers claimed, but a valid historical religion developed in an area totally different from the Middle East. Chandi Paath

In this study, Sartori closely examines the history of political and intellectual life in 19th- and 20th-century Bengal to show how the concept of 'culture' can take on a life of its own in different contexts, weaving the narrative of Bengal's embrace of culturalism into a worldwide history of the concept.

This volume of Princeton Readings in Religions brings together the work of more than thirty scholars of Islam and Muslim societies in South Asia to create a rich anthology of primary texts that contributes to a new appreciation of the lived religious and cultural experiences of the world's largest population of Muslims. The thirty-four selections--translated from Arabic, Persian, Urdu, Bengali, Tamil, Gujarati, Hindavi, Dakhani, and other languages--highlight a wide variety of genres, many rarely found in standard accounts of Islamic practice, from oral narratives to elite guidance manuals, from devotional songs to secular judicial decisions arbitrating Islamic law, and from political posters to a discussion among college women affiliated with an "Islamist" organization. Drawn from premodern texts, modern pamphlets, government and organizational archives, new media, and contemporary fieldwork, the selections reflect the rich diversity of Islamic belief and practice in South Asia. Each reading is introduced with a brief contextual note from its scholar-translator, and Barbara Metcalf introduces the whole volume with a substantial historical overview.

The Idiot-Dudes

This is a scriptural commentary of Lahiri Mahasaya on Sri Sri Chandi, also known as Sri Durgasaptasati. In the dialogue, there is a point to answer. Where there are no words, there is no need to talk. The Lord who stays within the heart causes a person to express the Message which reveals accordingly. There are many words of wisdom in this Scripture, but they have been condensed here to help the Kriyanwits increase their sincerity and devotion. The Rig Veda states: Whatever blissful feelings are generated by discussing and practicing Kriya are called Prema : Divine Love and Bhakti : Utmost sincerity and Devotion. The spontaneous Revelation of the glories of the Goddess Durga is reflected in Her image, and the Yogis who witness this between the eyebrows transcend dualism (Dwaita) and monism (Adwaita) to establish themselves in Oneness with the ultimate Self. When the Yogi holds onto the state of the After-effect-poise of Kriya, then there is nothing to say. Whatever is expressed in Speech which comes out from the Tranquil Breath is the form and energy of Durga Gayatri. Everything is present in Her. Nama : Name and Rupa : Form are the same, for everything is Her name and Her form. The cause of Liberation (Mukti) and cause of man is Divine Mother. In the Rig Veda, She is referred to in many ways such as Bhadrang, Bhagavating, Krisnang, Graha Nakshatra Malini, Sivang. Durgang, Twang, Samutpannang, Agnivarnang, Sutang, Soumyang, Idang, Sresthang and Jyotisang Jyotiruttamang. Such is the form of the Goddess Durga, and it is everybody's duty to worship Her, that is, to practice Kriya sincerely.

Electoral Dynamism of Indian Politics: Deciphering the Enigma explores Indian politics through the prism of electoral landmarks. It studies the substantive contribution of elections towards the strengthening of democratic institutions and consolidation of the democratic process in the country. Looking at elections that left an indelible mark on the Indian political landscape and radically transformed the country’s democracy, this book studies the national elections with reference to how voters exercise their franchise. It also emphasizes that voting behaviour cannot be understood in a purely theoretical format as it is context-dependent and subject to constant change. Furthermore, it evaluates the outcomes and implications of these elections that brought certain political issues and forces to the centre-stage. In a country where the electoral process demonstrates the strength (or lack thereof) of the democratic will, it becomes crucial to understand elections, and by extension, the spirit of democracy.

The entire Chan?d’i? Pa?t’nah? purports to be a bridge or commentary on the two Rig Vedic hymns included at its beginning and end: the Ra?tri Su?ktam, Praise to the Night of Duality, and the Devi Su?ktam, Praise to the Goddess who is Unity. The 700 verses of Durga?Saptas?ati?, or Chan?d’i? Pa?t’nah?, tell us how to make the journey from duality to unity, by calling upon the Divine Mother to withdraw Her energy from negativity and give it unequivocally to positivity. Contained within are the Bija mantras which represent the 700 verses. The text is presented in Devanagari, Roman transliteration, and English translation

This book chronicles travel writings of Bengali women in colonial India and explores the intersections of power, indigeneity, and the representations of the 'self' and the 'other' in these writings. It documents the transgressive histories of these women who stepped out to create emancipatory identities for themselves. The book brings together a selection of travelogues from various Bengali women and their journeys to the West, the Aryavarta, and Japan. These writings challenge stereotypes of the 'circumscribed native woman' and explore the complex personal and socio-political histories of women in colonial India. Reading these from a feminist, postcolonial perspective, the volume highlights how these women from different castes, class and ages confront the changing realities of their lives in colonial India in the backdrop of the independence movement and the second world war. The author draws attention to the personal histories of these women, which informed their views on education, womanhood, marriage, female autonomy, family, and politics in the late 19th and early 20th centuries. Engaging and insightful, this volume will be of interest to students and researchers of literature and history, gender and culture studies, and for general readers interested in women and travel writing.

The greatest mangal kavya in worship of the great goddess The Chandimangal of Kavikankan Mukundaram Chakravarti is an exemplary work of epic scale that recounts the story of the Goddess Chandi’s constant battle to establish her cult among humans. Through the three books of the kavya—the Book of the Gods, The Book of the Hunter and The Book of the Merchant—we are introduced to Chandi in all her manifestations, from the benevolent to the wrathful, from Abhaya to Chamunda. Mukundaram’s captivating tales and vivid imagery bring together the enchanting world of the gods with the more challenging world of the mortals while critiquing sixteenth-century Bengali society. In his exquisite rendering of the Chandimangal, Edward Yazijan manages to capture not only the performative and humorous but also the reverent aspects of the text.

The name Chandi comes from the word "chand" which in Sanskrit means to tear apart. The spiritual meaning of Chandi is "She Who Tears Apart Thought." The recitation of the Chandi Path is designed to guide the reader's awareness into the Divine Mother Herself - so that all conflict of mind may return to Peace.

The Advanced Puja is significantly more sophisticated than the original Durga Puja Beginner, adding several viddhis and stotrams, including the Durga Sahasranam. This book guides the spiritual seeker toward union with Durga, the Goddess replacing it with stillness and clarity.

Each year, Kolkata's Durga Puja scales new heights as the most spectacular and extravagant event in the city's calendar. From the turn of the twenty-first century, the festival has taken on a particular artistic dispensation that is unique to the contemporary city, demanding a new order of attention and analysis. Based on field-research conducted between 2002 and 2012, this book unravels the anatomy of this newly-congured 'art' event, by tracking the new production processes, the mounting trends of publicity and sponsorship as well as the practices of mass spectatorship that make for the transformed visual culture of the festival. This new visual aesthetic, it is argued, has become the most important marker of the rapidly mutating identity of today's Durga Puja in Kolkata, bringing into the fray new categories of artists and designers, new genres of public art, and new spaces for art production and reception in the city. The book's central concern lies in conceptualizing a specially contemporary and artistic history of the urban festival. In keeping with its title, the book examines the diversity of images and practices - from the consumerist spectacle and the bonanza of awards to the efflorescence of public installations and art and craft productions - that unfurls in this season 'in the name of the goddess'. While proling the Durga Pujas as Kolkata's biggest public art event, the book also addresses the ambivalence of the designations of 'art' and 'artist' in this eld of production and viewership. One of the main aims of this study has been to lay open the claims of 'art' in this festival both as a set of insistent projections as well as a mesh of incomplete formations. The new artistic nomenclature of the festival, it is shown, is not easily secured and has to struggle to assert itself within the body of the religious event and the ephemeral mass spectacle.

This book is compiled with the goal of explaining the hidden history, significance, and meaning of the mantras used in common Hindu puja rituals performed by the Bengalis to the Bengali immigrants.
