A Jungian analyst explores the feminine psyche through stories of "wild women"--the mythological archetype of the strong, primitive woman

"In a world where the suns almost never set, a woman gains entry to a school of infamous assassins, seeking vengeance against the powers that destroyed her family. Daughter of an executed traitor, Mia Corvere is barely able to escape her father's failed rebellion with her life. Alone and friendless, she wanders a city built from the bones of a dead god, hunted by the Senate and its thugs. But her gift for speaking with the shadows leads her to the hearth of a retired killer, and a future she never imagined. Now, Mia is apprenticed to the deadliest flock of assassins in the entire Republic-the Red Church. Deadly trials await her within the Church's halls: blades and poisons, treachery and death. If she survives to initiation, she'll be inducted among the chosen of the Lady of Blessed Murder, and be one step closer to the only thing she desires. Revenge. A few well-chosen words can elicit smiles, inspire happiness, transform moods, and turn a bad day into a good one. future: let her know you're serious about her. Tip number two. MAKE HER FEEL SECURE Your girl should feel loved and cared for. Be a good listener. She should feel comfortable sharing her secrets and insecurities with you. And, never take her for granted. Make her think she can always count on you. When she is feeling low or wants to share something, be present. Translator: Celine Claire PUBLISHER: TEXTIME

"Save the People is engaging, funny, affecting and delightful. You'll never have more fun learning science." --Stuart Gibbs, bestselling author of the Spy School series "Serious science and great gags, with a bit of hope thrown in." --Steven Sheinkin, author of *Bomb* and *Fallout* Stacy McNulty, the bestselling author of *The Miscalculations of Lightning Girl* and *The Our Universe series*, delivers an action-packed look at past extinction and current threats to humanity's survival -- with the ultimately reassuring message that humans probably have a few more millennia in us. Scientists estimate that 99% of all species that have ever existed are now extinct. Whoa. So, it's not unreasonable to predict humans are doomed to become fossil records as well. But what could lead to our demise? Supervolcanos? Asteroids? The sun going dark? Climate change? All the above?! Humans—with our big brains, opposable thumbs, and speedy Wi-Fi—may be capable of avoiding most of these nightmares. (The T. rex would be super jealous of our satellites.) But we're also capable of triggering world-ending events. Learning from past catastrophes may be the best way to avoid future disasters. Packed with science, jokes, and black and white illustrations, *Save the People!* examines the worst-case scenarios that could (but hopefully won't) cause the greatest mass extinction—our own!

A Good Girl's Guide to Murder

Pretty for a Black Girl!

How many times have you tried to call a girl but couldn't think regarding what to talk about? So how to actually talk to a girl? This question normally tends to puzzle most guys. What to talk about, what topics to use, how to behave, the right language and so on. There are several aspects which should be kept in mind before talking to girls. Girls tend to evaluate guys based on several aspects of their personality and talking is one of the most essential of them all. Read this book to find out some of the best and proven ways on how to talk to girls and get the desired results.

This collection addresses the idea of being a mixed girl telling the stories of what it feels like to be in her shoes. Being mixed race with black and white, having people look at you and not know what you are mixed with and not ask but just look at you wondering. In For a Black Girl we hear the voice of a mixed girl sharing her experience of being good, talented, pretty but,only for a black girl. Then to get the compliment "You're pretty for a black girl." What is behind this comment? As if just being a black girl isn't good enough to hold the compliment. And in Not Black Enough- Not White Enough we hear her voice share what it feels like to not be black enough or white enough to fit in or be accepted by any group. The feeling of isolation and loneliness that people feel when a group that they are a part of tells them that they don't represent it even to be accepted by the masses. The collection is a great example of what it feels like to look well put together on the outside and what it really feels like on the inside to be alone especially when it feels like an attack on their race, the main thing their parent gave to them.

Meeting new girls isn't easy and having the courage to talk to them isn't exactly as simple as it is in the movies. Even then, the shattering thought of being rejecting is one that most men would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Most men worry about being stuck in the friend zone and other men worry about being straight up rejected without being given a chance to show who they are. In addition, the thought of constantly looking for someone new isn't as pleasing as it sounds, especially when you're too shy to approach them. Though the thought might sound frightening, you have nothing to lose. If you want to know how to attract the woman that you've been interested in then you have to take the first step into talking to her. For the methods that comes afterwards, feel free to look inside this book.
