

Best Forex Signals Premium Forex Signals Service Provider

The foreign-exchange market is often referred to as the Slaughterhouse where novice traders go to get 'chopped up'. It is one of egos and money, where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks. This palpable excitement has led to the explosion of the retail FX market, which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading 'easy'. Well I'll let you in on a little secret: there is nothing easy about trading currencies. If you don't believe me then stop by Warren Buffet's office and ask him how he could lose \$850m betting on the dollar or ask George Soros why his short yen bets cost him \$600m not once but twice in 1994. What's wrong with these guys, don't they read FX books? In reality, the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St. The FX market is littered with the remains of day traders and genius 'systems,' and to survive in the long-run traders have to realize that they are playing a game where the cards are clearly stacked against them. Have you ever had your stop hit at a price that turned out to be the low/high for the day? Bad luck perhaps? Maybe. What if it happens more than once? Do you ever feel like the market is out to get you? Well guess what, in this Zero Sum game it absolutely is. Covering the day-to-day mechanics of the FX market and the unsavoury dealings going on, *Beat the Forex Dealer* offers traders the market-proven trading techniques needed to side-step dealer traps and develop winning trading methods. Learn from an industry insider the truth behind dirty dealer practices including: stop-hunting, price shading, trading against clients and 'no dealing desk' realities. Detailing the dealer-inspired trading techniques developed by MIGFX Inc, consistently ranked among the world's leading currency trading firms, the book helps turn average traders into winning traders; and in a market with a 90% loss rate winning traders are in fact quite rare! More than just a simple manual, *Beat the Forex Dealer* brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters; all written in an easy to read style. Make no mistake about it there is a lot of money to be made in currency trading, you just have to know where to look. Sidestepping simple dealer traps is one way of improving your daily p&l, but it is surely not the only one. Successful trading comes down to taking care of the details, which means skipping the theoretical stuff and providing only up-to-date, real-life examples while sharing the FX trading tips that have proved so profitable over the years. By stripping away the theory and getting down to the core of trading, you too will find yourself on the way to beating the forex dealer!

Proven Forex Money Making Strategy shows you step-by-step, how to make money trading the Forex markets like the PROS, spending just 15 minutes a day, while avoiding the mistakes that beginning and struggling traders make. Do you want to protect your capital while generating exciting returns? Do you want to become a confident and profitable forex trader? Would you like to trade forex for a living? If you answer yes to all the above questions then Forex is the ideal business and *Proven Forex Money Making Strategy* will show you how to model the most successful retail traders, so that you can preserve your capital, generate exciting returns, become a confident and profitable trader and finally trade for a living. "*How to Start Your Own Forex Signals Service*" is like a treasure map to buried gold not only for every currency trader, but for all those trading in other markets as well. It is the true story of how a struggling currency trader was able to make thousands of dollars a month with just a demo trading account. Included in this book is: * A road map for building a fully-automated trading signals business. Why struggle to learn this business yourself when you can have an experienced signal provider show you all the ropes. * The exact same steps used to build and run a successful Forex signal service business. These steps are very important to the success of your new business. * Details of the many ways to find profitable sources for trading signals that you can sell to your customers. Using just one of these methods can help increase your monthly cash-flow. * Time and money saving strategies that cover everything from A - Z of a signals business. These will help you get up and going in less time than going at it on your own. * All you need to know about starting an online Forex signal service. This will save you potentially years of struggle in trying to figure out things yourself. * How to start your own website and what software you will use to deliver trading signals. These are great gems that can help you turn a profit much faster and easier. * What different methods you can use to run this business. It is important to use this information to get the right start from the beginning and avoid all of the most common newbie mistakes. * How to create financial freedom and help others around the world with your business, just like I did. This is a reward of its own and one well worth the read. Even if you are struggling right now and have no money to invest in your own live trading account, you can still build a successful trading business. You will be able to start earning income with just your demo account by using the information and road-maps provided in this book.

The New Market Wizards

An Insider's Look into Trading Today's Foreign Exchange Market

The book provides detailed descriptions, including more than 550 mathematical formulas, for more than 150 trading strategies across a host of asset classes and trading styles. These include stocks, options, fixed income, futures, ETFs, indexes, commodities, foreign exchange, convertibles, structured assets, volatility, real estate, distressed assets, cash, cryptocurrencies, weather, energy, inflation, global macro, infrastructure, and tax arbitrage. Some strategies are based on machine learning algorithms such as artificial neural networks, Bayes, and k-nearest neighbors. The book also includes source code for illustrating out-of-sample backtesting, around 2,000 bibliographic references, and more than 900 glossary, acronym and math definitions. The presentation is intended to be descriptive and pedagogical and of particular interest to finance practitioners, traders, researchers, academics, and business school and finance program students.

50 Pips A Day Forex Strategy Start making consistent profits in the forex market. This is a very clear and simple to follow forex trading strategy to get you started achieving consistent profits day after day trading the forex market. It will make you 50 pips per day or more every day. It is ideal for beginner traders but it will give a great deal of help to more experienced traders that have not found a clear strategy to make profits consistently. Components Support and Resistance Candlesticks Moving Average Time frame - 4 hours chart It is easy to understand and to put in practice. It has very well defined entry, stop loss and exit levels. Apart from the strategy, this book also contains a very useful guide that teaches you how to construct a profitable forex trading system for yourself and how to avoid trading and money management mistakes. **How to Build a Solid Trading System** Are you new to forex trading or just started to trade on a live account but with not much success? You need a solid forex trading system based on sound principles of the forex market, that has clear trading and money management rules. Do you have a forex trading system and you have been trading with it for a period of time but still you don't have the success you hoped for? This can only mean that your trading system does not take into account the basic trading rules and principles that any powerful forex trading system incorporates. This book teaches you how to construct your own powerful forex trading system, what are the most important forex trading tools that you must include in it, what not to include in your forex trading system, how to apply solid money management rules and equally important, how to avoid making trading mistakes that will cost you when you start to trade with your newly developed forex system.

While most books on trading deal with general concepts and shy away from specifics, **Forex Patterns and Probabilities** provides you with real-world strategies and a rare sense of clarity about the specific mechanics of currency trading. Leading trading educator Ed Ponsi will explain the driving forces in the currency markets and will provide strategies to enter, exit, and manage successful trades. Dozens of chart examples and explanations will guide you each step of the way and allow the reader to "look over the shoulder" of a professional trader hard at work at his craft. This book provides traders with step-by-step methodologies that are based on real market tendencies. The strategies in this book are presented clearly and in detail, so that anyone who wishes to can learn how to trade like a professional. It is written in a style that is easy to understand, so that the reader can quickly learn and use the techniques provided.

Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. **7 Winning Strategies For Trading Forex** covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!

The ultimate guide to a critical tool for mastering the financial markets A longstanding form of technical analysis, Japanese candlestick charts are a dynamic and increasingly popular technical tool for traders of all skill levels. Known for its versatility, this ancient charting can be fused with every other technical tool available, including traditional Western technical analysis. Japanese Candlestick Charting Techniques is the most comprehensive and trusted guide to this essential technique. Informed by years of research from a pioneer trader, this book covers everything you need to know, including hundreds of examples that show how candlestick techniques can be used in all of today ' s markets. This totally updated revision focuses on the needs of today ' s traders and investors with: * All new charts including more intra-day markets * New candlestick charting techniques * More focus on active trading for swing, online and day traders * New Western techniques in combination with candles * A greater spotlight on capital preservation. From speculation and hedging to futures and equities, candlestick charting is the next level up for both amateur day traders and seasoned technicians, and this book provides expert guidance for putting it into action

Praise for THE NEW MARKET WIZARDS "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." -Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of The Money Masters "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, The Elliott Wave Theorist THE NEW MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, Market Wizards, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In The New Market Wizards, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: * Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion * William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles * Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader * Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, The New Market Wizards takes its place as a classic.

Praise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read! Rob has done it once again to teach us in the funniest way possible how not to make the most common trading mistakes. If you are tired of reading how-to books, this is perfect for you. I highly recommend this book to all traders. Everyone will learn something about themselves by reading this book." —Kathy Lien, author, Day Trading the Currency Market, and Chief Strategist, www.dailyfx.com "Adventures of a Currency Trader is a must read for anyone who has ever traded or is thinking about trading in the Forex markets. Rob Booker has a unique way of taking years of market knowledge and transforming it into an educational and entertaining experience. It has quickly become a cult classic in my trading library!" —H. Jack Bouroudjian, Principal, Brewer Investment Group "Brilliant! Rob's humor and humanity shine through in this parable about trading and life. Filled with wisdom and wit, it's an exhilarating rollercoaster ride through the peaks and valleys of the learning curve, with many valuable lessons learned along the way." —Ed Ponsi, President, FXEducator.com "Rob's fable of everyman 'Harry Banes' is destined to become a trading classic. This is both the missing piece and the foundation that comes before the strategies and methodologies. The search for the Holy Grail begins and ends in the heart and mind. The journey is authentic and real and if you're willing to take it with Rob, you will be rewarded in the end. Seldom has psychology and wisdom been so entertaining!" —Raghee Horner, trader and author of Forex Trading for Maximum Profit and Days of Forex Trading "In a series of insightful and entertaining vignettes, Rob Booker teaches both the novice and the experienced trader some hard won truths about the currency market. It's a must read book written by a guy who survived the trenches and went on to prosper in the biggest and most competitive financial market in the world." —Boris Schlossberg, Senior Currency Strategist, Forex Capital Markets LLC, and author of Technical Analysis of the Currency Market

How to Identify and Profit from High Percentage Market Patterns

Whether you're a full-time trader looking to make a living or a part-time trader looking to make some extra money, the foreign exchange (forex) market has what you desire--the potential to make sizeable profits and 24/7 accessibility. But to make it in today's forex market, you need more than a firm understanding of the tools and techniques of this discipline. You need the guidance of someone who has participated, and prevailed, in this type of fast-paced environment. Raghee Horner has successfully traded in the forex market for over a decade, and now, in Thirty Days of Forex Trading, she shares her experiences in this field by chronicling one full month of trading real money. First, Horner introduces you to the tools of the forex trade, and then she moves on to show you exactly what she does, day after day, to find potentially profitable opportunities in the forex market. Part instructional guide, part trading journal, Thirty Days of Forex Trading will show you--through Horner's firsthand examples--how to enter the forex market with confidence and exit with profits. Trading the Forex Market can be exciting, adventurous, and financially rewarding. It can also be disastrous for those who are unprepared for its rhythms and movements. Now, Jared F. Martinez, one of the foremost experts in currency trading, draws upon his vast knowledge and experience to deliver 10 key practices for trading in Forex. The 10 Essentials of Forex Trading shows you how to use charting methods to effectively relate market movements to trading patterns--and turn those patterns into profit. No matter your level of trading experience, you can develop the skills you need to become a consistently successful foreign currency trader--from using the right trading tools and balancing equity management to trading in buy and sell zones and identifying trends and trendlines. You'll discover what drives the Forex market and how to navigate the three stages of Forex trading: acquiring new trading rules, controlling disciplined thought, and implementing disciplined action. Martinez also prepares you to: Understand the financial game of support and resistance between Bulls & Bears Use Japanese Candlesticks to discern the sign language of the market Create an entry strategy and a consistent exit strategy Use Fibonacci as part of your trading approach Forecast sideways movement in the market--and trade it Martinez shows you how to put it all together to execute a successful trade by finding convergence and analyzing the market on multiple timeframes. You'll also learn how to gain control over your emotions--a vital part of trading on Forex--and eliminate bad habits that can prevent you from becoming a confident, competent, and profitable trader. To trade the Forex market, you must come to the trading table prepared. The 10 Essentials of Forex Trading arms you with the tools to develop a solid personal trading constitution and reap the financial outcome you desire.

Trading for a Living Successful trading is based on three M's: Mind, Method, and Money. Trading for a Living helps you master all of those three areas: * How to become a cool, calm, and collected trader * How to profit from reading the behavior of the market crowd * How to use a computer to find good trades * How to develop a powerful trading system * How to find the trades with the best odds of success * How to find entry and exit points, set stops, and take profits
Trading for a Living helps you discipline your Mind, shows you the Methods for trading the markets, and shows you how to manage Money in your trading accounts so that no string of losses can kick you out of the game. To help you profit even more from the ideas in Trading for a Living, look for the companion volume--Study Guide for Trading for a Living. It asks over 200 multiple-choice questions, with answers and 11 rating scales for sharpening your trading skills. For example: Question Markets rise when * there are more buyers than sellers * buyers are more aggressive than sellers * sellers are afraid and demand a premium * more shares or contracts are bought than sold * I and II * II and III * II and IV * III and IV Answer B. II and III. Every change in price reflects what happens in the battle between bulls and bears. Markets rise when bulls feel more strongly than bears. They rally when buyers are confident and sellers demand a premium for participating in the game that is going against them. There is a buyer and a seller behind every transaction. The number of stocks or futures bought and sold is equal by definition.

"Forex Trading Strategies" is a complete guide of most popular and widely used strategies in Forex trade. You can read about day trading and its main types, understand the strategies based on market analysis, learn about portfolio and algorithmic trading, and many more. The book represents the ins and outs of each strategy - why and how it is used and how to get profit from trade. It is suitable for all traders who are novice in trade or want to improve their skills. All the strategies classified and explained here are for educational purposes and can be applied by each trader in a different way.

How to Start Your Own Forex Signal Service

If you aspire to becoming a full time forex trader, then this is the book for you. Even if your dream is perhaps more modest, and you simply want to have a second income trading the forex markets, then again, this book is for you. It has been written with one clear objective in mind. To explain how and why currencies move in the way that they do, using the combined power of relational, technical and fundamental analysis. Combine this with a three dimensional approach to trading itself, using multiple time frames and multiple chart analysis, and the world of foreign exchange will become crystal clear. Many aspiring traders, simply do not realize that the forex market sits at the heart of the financial world, which, when you think about it logically, is really common sense. After all, this is the biggest money market in the world, and if the financial markets are about one thing, they are about money. Making it, protecting it, or increasing the return. It's no surprise therefore, that the forex market connects all the others. It is the central axis of the financial world, around which all the others spin. In the book, you will discover how changes in market sentiment in the primary markets of commodities, stocks, bonds and equities, are then reflected in the currency markets. This is something which often surprises novice traders. After all, why look at a stock index, or the price of gold, or a bond market? The answer is very simple. It is in these markets where you will find all the clues and signals, which then reveal money flow. After all, the financial markets are all about risk. In other words, higher returns for higher risk, or lower returns for lower risk. It really is that simple. And yet, how many forex traders ever consider associated markets. The answer is very few. You will be one of those enlightened traders who truly understands money flow and risk, and your confidence as a trader will grow exponentially as a result. And in case you were wondering, this is NOT another book explaining forex trading strategies. In fact there are none at all, surprising given the book's length. If this is what you are looking for, please DO NOT buy this book. It has been written for two specific audiences. The first is the novice forex trader, for whom this is a new market. The second is the forex trader who has attempted to trade in foreign exchange, but failed, and has been left confused by the apparent random and chaotic behavior of this volatile market. Reading this book will provide you with a deep understanding of how and why the markets move in the way they do. Whilst the forex market is a complex mix, it is not complicated, once you understand the people, their motives and the currencies themselves. Each chapter builds on the last in a logical sequence, and every topic is explained in a simple and clear way. Even those markets such as bonds, which few traders ever understand, are explained very simply. Every topic is illustrated with clearly annotated charts, to help and guide you as you learn. Equally important is the concept of change. Indeed you may have other books on your bookshelf written many years ago and explaining how the forex market works. Well, as you will discover, the rule book has been torn up. No longer is this a simple market of trending currency pairs. This all changed in the financial tsunami which engulfed the world in 2007/2008, and with it the forex world changed too! If this is news to you, then yet another reason to buy the book. Long gone are the days when currency pairs meandered their way higher and lower in long term trends, driven by interest rate differentials. To take advantage, you need to understand the forces which now drive the markets. A Three Dimensional Approach To Forex Trading will empower you with knowledge. Knowledge and confidence go hand in hand. Confidence breeds success, and success breeds money, which will then flow from reading the book -

Anna

FXstreet.Com's 2013 Best Book Award! The Sensible Guide to Forex: Safer, Smarter Ways to Survive and Prosper from the Start is written for the risk averse, mainstream retail investor or trader seeking a more effective way to tap forex markets to improve returns and hedge currency risk. As the most widely held currencies are being devalued, they're taking your portfolio down with them—unless you're prepared. For traders, the book focuses on reducing the high risk, complexity, and time demands normally associated with forex trading. For long-term investors, it concentrates on how to hedge currency risk by diversifying portfolios into the strongest currencies for lower risk and higher capital gains and income. The usual forex materials don't provide practical answers for most retail traders or longer term investors. Virtually all forex trading materials focus on time-consuming, high-leverage, high-risk methods at which most traders fail. Materials about long-term investing in foreign assets rarely take into account the prospects of the related currency. A falling currency can turn an otherwise good investment into a bad one. Throughout the book, the emphasis is on planning and

executing only low risk, high potential yield trades or investments and avoiding serious losses at all costs. Packed with richly illustrated examples every step of the way and including additional appendices and references to online resources, the book is the ultimate guide to forex for retail traders and investors seeking to tap forex markets for better currency diversification and income. Provides traders with safer, smarter, less complex and time-consuming ways to trade forex with higher odds of success. These include the use of such increasingly popular new instruments like forex binary options and social trading accounts that mimic expert traders. Shows investors how to identify the currencies most likely to hold or increase their value, and provides a wealth of ideas about how to apply that knowledge to a long-term, low-maintenance portfolio for both income and capital appreciation. Helps anyone seeking an asset class with low correlation to other markets by explaining how the very nature of forex markets means that regardless of market conditions there's always a playable trend somewhere, regardless of what other asset markets are doing, and how to find and exploit it for a short-term trade or a long-term investment in a currency pair, stock, bond, or other asset The Sensible Guide to Forex is only book that teaches mainstream risk averse investors and traders how to build a portfolio that's diversified by currency exposure as well as by asset class and sector, via a variety of safer, simpler methods to suit different needs, risk tolerances, and levels of expertise. Written by Cliff Wachtel, a 30+ year financial market writer, advisor, and analyst, The Sensible Guide to Forex offers practical solutions to the above dilemmas faced by every serious, prudent investor. A must own for any informed investor-but don't take out word for it - see advanced reviews at:

Jared Martinez traded the forex market for a decade through the 1980s and '90s before he discovered that successful trading requires 10 percent skill and 90 percent emotional intelligence. He founded the Market Traders Institute on that underlying principle, and now MTI is the most established leader in forex education worldwide. Jared is known as "FXCHIEF" in the industry, and now, in The Forex Mindset, he shares his secrets with you. Leadership experts and corporate executives are just waking up to what the FXCHIEF has known for more than 15 years—emotional intelligence matters. With The Forex Mindset, you get up close and personal with greed and fear, the two leading forces in the market. Everyone gets in for greed, but without a healthy understanding of fear, you may be in for one of the worst journeys of your life. This performance-oriented guidebook features a potent synthesis of psychology and strategy that will exponentially increase your ability to acquire wealth as a trader. Even veteran traders with bulletproof trading strategies are doomed to fail if they don't know themselves. The Forex Mindset prepares you to be a successful trader by helping you identify your unique psychological strengths and weaknesses and how you naturally behave in times of financial crisis. With a newfound understanding of yourself, you can use this book to map out your own path to wealth by: Delving into human nature and market behavior Learning how to improve your emotional intelligence Doing what top traders do to control their emotions in trades and in times of crisis Implementing authoritative strategies for effective thinking in a state of fear If you want to make a living from trading forex, apply the lessons in The Forex Mindset and you're already 90 percent there!

John Bollinger is a giant in today's trading community. His Bollinger Bands sharpen the sensitivity of fixed indicators, allowing them to more precisely reflect a market's volatility. By more accurately indicating the existing market environment, they are seen by many as today's standard—and most reliable—tool for plotting expected price action. Now, in Bollinger on Bollinger Bands, Bollinger himself explains how to use this extraordinary technique to compare price and indicator action and

make sound, sensible, and profitable trading decisions. Concise, straightforward, and filled with instructive charts and graphs, this remarkable book will be essential reading for all serious traders, regardless of market. Bollinger includes his simple system for implementation, and techniques for combining bands and indicators.

TWO of Jim's FOREX books are consistently ranked *BEST SELLERS* and this new book is set to take off! Jim, from Queensland Australia, is a full-time Forex Trader, currently residing in Vietnam. While Divergence may sound a little technical and intimidating, Jim assures you that it is easy to understand when you know what you are looking for. Some even consider Divergence to be a leading indicator. Basically, it is the difference between what the actual price on the chart is doing and what an Oscillator type indicator is doing. This book will use the same principles as his MT4 High Probability Forex Trading Method, but it is a stand-alone book and concentrates more on trading with Divergence. Jim has no affiliation with any links included in the book and there are no up-sells or ongoing costs for this method, his custom indicators, template etc. Also worthy of mention is that this Method can be used with any other financial instrument that your MT4 platform offers. Here is an outline of what is included: 1. A downloadable package which includes Jim's personal custom indicators: QQE ADV.ex4 QMP Filter 1.01.ex4 P4L PeriodCon 509.ex4 MACD_Platinum.ex4 MACD Platinum Book.tpl Forex Multiple Trade Calculator.xlsx 2. 50+ COLOR images to explain Forex Trading using divergence (access to download/print) 3. A video with instructions on how to load the template and indicators to your MT4 platform. 4. The Table of Contents outline includes: What Is Divergence? Setting Up The Charts The Basic Concept Of This Trading Method Trading With Divergence Some Observations About Divergence Various Examples Of Divergence Entering A Trade After Divergence Has Been Identified Trade Examples On The GBP/JPY 4hr Chart 'Tight' Divergence The Smart Way To Trade This Stop Loss Placement Trade Re-Entry Technique Trend Losing Steam And Time To Take Action Divergence Formed On The Wrong Side Of The MACD Platinum Zero Level Trade Management High Risk Money Management Technique 5. Access to is Facebook Group which has new and experienced traders contributing, as well as many YouTube videos to help you out.

Secrets of a Pivot Boss offers the most comprehensive collection of pivot-related trading ideas and concepts available to traders. Whether you are a real-time trader, swing trader, position trader, or investor, you will find great value in this book, regardless of the markets you trade or your level of experience. Frank Ochoa has analyzed the market every day over the past 12 years and has cultivated the techniques in this book into a fine art using the best leading indicators available to traders. The concepts in this book will help you become a more knowledgeable and confident trader. Professional traders use tools that are based purely on price, which is a leading indicator in its own class. In this book, we will discover the best leading indicators available to traders, including the Money Zone, Floor Pivots, and the Camarilla Equation. While you may have studied forms of pivots in the past, Frank Ochoa provides a fresh perspective that can only be described as a truly unique approach to playing these amazing levels for profit. You'll learn powerful concepts like Two-Day Pivot Relationships, Pivot Width Forecasting, Pivot Trend Analysis, and Multiple Pivot Hot Zones. Not only will you learn about incredible pivot relationships, but Frank will also divulge his best trading secrets, including Powerful Candlestick Setups, the Types of Trading Days, the Types of Buyers and Sellers, Powerful Setups, and Proprietary Indicators. Taking this a step farther, Frank also provides the actual code to each of the scripts that he's written and covered in the book! Secrets of a Pivot Boss brings a fresh approach to these powerful concepts that you will not find anywhere else.

A leading educator makes Forex investing as easy as driving a car In The Forex Trading Manual, Javier Paz provides easy-to-understand examples of long- and short-term strategies, best practices for navigating the economic calendar, and applications for trading a variety of currencies. To make this complex subject simple, he draws analogies between the different steps of trading in this market to the steps of turning on and driving a car. You'll learn: Need-to-know facts about the Forex market Effective trading strategies Ways to build a coherent Trading Plan Everything you need to know about return on investment and risk Javier Paz founded formed FXBriefing, a boutique research firm serving institutional investors, corporate finance officials, and members of governments. In 2007, he launched ForexDatasource.com, which helps Forex traders make better choices. Paz is the creator of the FX Hound and mktNus fx technology, the broker dealer ranking methodology, and of forecasting models such as the Fundamental Market Value (FMV) of currencies.

Q: Ladies, Do YOU Have What It Takes To Become A Forex Diva? A: Yes, You Do. With this incredible new step-by-step guide, in and TV personality Kiana Danial shows you exactly how to understand and take advantage of foreign currency trading. Years ago, she discovered that women in Japan were making a fortune trading currencies on the foreign exchange (forex) market. These ladies were not investment professionals or financial wizards; they were ordinary individuals who simply learned how the online currency exchange works--and mastered it. Now you can do the same. In fact, you're about to see just how easy it can be to trade on the largest financial market in the world. Kiana Danial spent years studying the habits of investors and discovered that women frequently make wiser, and less-risky investment choices than their male counterparts. This is precisely why she founded InvestDiva.com--the world's largest and smartest, safe, and profitable trading. By tapping into women's intuitive knack for multitasking and risk management, the author shows you why a woman's natural skill sets make her uniquely equipped to reap the enormous rewards of this extremely lucrative field. This book will show you: How the global currency market works Why social, political, and cultural events shape trading The smartest short-term trading strategies Best practices for navigating the economic calendar Plus, you'll learn how to identify investment opportunities and the five points of the Invest Diva Diamond: * Technical Analysis * Fundamental Analysis * Sentimental Analysis * Capital Analysis

Analysis From her popular blog to her worldwide TV and web presence, Danial has become famous for making complex topics understand via simple, everyday analogies. With Invest Diva, she shows women everywhere the stress-free way to trade currencies ever leaving home. What the Boys of Wall Street don't want you to know . . . After years of studying the principles of the foreign exchange market, financial expert and financial correspondent Kiana Danial gets to the bottom of today's most curious investment phenomenon: Why are women suddenly making a fortune trading currencies? The answer is inside this book, along with a road show you how and why forex can work for you. "Kiana Danial breaks down a sophisticated foreign exchange market with methods that can help the most financially illiterate person understand and gain passion in following the markets the way Ms. Danial does." YANG, CMT, CEO, FXTimes.com "A must-read if you're considering trading any market or need to know more about trading the markets." Kiana is an experienced market analyst and a gifted communicator whose book confirms what a lot of men are coming to realize: men have an edge in trading because they understand the value of analyzing and planning before they risk their time and money." Danial is founder, Trading University, and author of Mastering the Currency Market and Mastering Trade Selection and Management. This STUDY GUIDE FOR Come Into My Trading Room A Complete Guide to Trading You can read Come Into My Trading Room: A Complete Guide to Trading in a few days, but you cannot expect to master every aspect of that invaluable book until you work through it. Come Into My Trading Room: A Complete Guide to Trading will help you learn the profitable methods and techniques of Come Into My Trading Room before risking a dollar in the markets. Study Guide for Come Into My Trading Room: A Complete Guide to Trading parallels the book, challenging you at every step with questions that make you focus on all the important areas of trading. Some tests are multiple choice, others have you work with charts, but all prepare you to make crucial decisions. This Study Guide will: Quiz you on the essential concepts of trading—choosing the markets to trade, finding holes in the Efficient Market Theory, and overcoming common obstacles to success. Make you aware of psychological blind spots that lead to losing Test your knowledge of charting and computerized indicators Explore trading strategies, and advanced concepts, such as Impulse trading and SafeZone stops Ask questions about money management, recording trades, and managing time Challenge you with eight case studies where you choose entry and exit points and get graded for your performance. Remember, trading strategies, techniques, and tools are only as good as your understanding of them. Pick up this Study Guide for Come Into My Trading Room: A Complete Guide to Trading and convert Dr. Elder's methods into your own powerful and profitable tools.

An accessible guide to trading the fast-moving foreign exchange market The foreign exchange market, or forex, was once dominated by banks, hedge funds, and multinational corporations, but that has all changed with Internet technology and the advent of online trading. Now, hundreds of thousands of traders and investors around the world can participate in this profitable field. Written by forex trader and author Lien, The Little Book of Currency Trading will show you how to effectively invest and trade in today's biggest market. Page by page, it describes the multitude of opportunities possible in the forex market, from short-term price swings to long-term trends, and the products that can help you achieve success, such as currency-based ETFs. Explains the forces that drive currencies and provides strategies to profit from them Reveals how you can use various currencies to reduce risk and take advantage of global trends Examines financial instruments that can help you make money without having to monitor the market every day The Little Book of Currency Trading opens the world of currency trading and investing to anyone interested in entering this dynamic arena.

How you can earn remarkable profits right now by trading in very brief time frames! • Forget 'buy and hold.' Look what it's done for investors who believed in it! • Enter the market at very specific times, and structure trades that capitalize on proven pricing anomalies and distortions. • Master day trading strategies that work in any market conditions, because they don't rely on financial predictions, market results, or market direction. Stock prices have lost all relationship to the underlying performance of the companies they represent. Investors who relied on traditional 'buy and hold' strategies have been savaged by the greatest destruction of wealth in the history of the world. Options traders are earning immense profits right now, even in this generation's worst market and they'll keep profiting no matter how the market moves. How? They trade at very specific times and structure trades to capitalize on well-characterized pricing anomalies and distortions. By doing so, they can generate more profit in one day than most experienced investors realize in a month, sometimes more. What's more, they systematically minimize exposure to market risk, including potentially disastrous after-hour market moves. Options, top options trader Jeff Augen shows exactly how you can use these strategies, too. You'll learn why day trading options is more practical than ever, and understand trends in the options market that have leveled the playing field between large institutions and individual traders. Augen reveals how to choose candidates for day trading; use new technical indicators that work; spot mispriced options; and changes in implied volatility, and much more. Above all, you'll learn how to structure positions that close profitably before the market moves so you end the day wealthier and more secure than you were in the morning. Jeff Augen, currently a private investor and writer, spent a decade building a unique intellectual property portfolio of algorithms and software for technical analysis of derivatives prices. His software includes over 1 million lines of computer code reflecting powerful new strategies for trading options. As founding executive of Options Sciences Computing business, he defined a growth strategy resulting in \$1.2B of new revenue, and managed \$200M in venture capital. His books include Trading Options at Expiration, The Options and The Volatility Edge in Options Trading . Trader Workbook
