

Bible Esprit Et Vie

Professor Maurice Gilbert SJ is widely acknowledged as one of the leading authorities on biblical wisdom literature, in particular the Book of Ben Sira and the Wisdom of Solomon, on which he has produced many publications. This Festschrift, the third one in his honor, brings together twenty-four essays written by both established scholars who are friends and colleagues of Professor Gilbert and younger members of the field who wrote their doctoral dissertation under his guidance at the Pontifical Biblical Institute in Rome. There he was rector (1978-1984) and full professor until his retirement (1975-2011). The volume is divided into six main sections, focusing respectively on Proverbs, Job, Qoheleth, Sirach, Wisdom of Solomon, and Psalms. Some essays display rigorous attention to textual and linguistic issues, whereas others deal with more theological questions (fear before God, joy in Qoheleth, arguments for justice in Wisdom of Solomon) or focus on the comparison between two books (for instance, Qoheleth and Sirach, Sirach and Genesis, Sirach and Tobit).

Revision of the author's thesis (doctoral-Biblical Institute in Rome, 1981).

Tu as accept Jsus comme ton sauveur et seigneur. Tu es presnt son disciple. L'tude de la Bible fait probablement partie de ta vie spirituelle. Tu as peut tre un guide d'tude. A prsent, tu veux croire encore plus et tre celui ou celle que Dieu veut que tu sois. Tu aimerais en savoir plus sur le Saint-Esprit. Est-il vraiment un mystre pour toi ? Ces leons t'aideront savoir qui il est et comment Il compte oeuvrer dans ta vie.

Esprit et vie

Over the past fifty years, studies pertaining to the reality of the church in the Apocalypse have, for the most part, tended to be either selective or sketchy in their treatment of the relevant material of the book. Yet in all fairness to the seer of Pamos, his portrayal of the church as a reality decidedly complex and at once profound can only be attained in a thoroughgoing study of the principal ecclesial narratives of his work, so as to allow for that indispensable 'synoptic' overview of such intentionally correlated material. 'Woman, Mother and Bride is such a study. It re-examines the reality of the Apocalypse but from the perspective of the seer's ecclesial 'thought-world' and on the basis of his overriding pastoral concerns for 'the seven churches' without which his work will continue to puzzle and trouble at every page. The ensuing outlook on the church is panoramic in its scope yet compelling in its appeal which further goes to confirm the Apocalypse as one of the most significant theological achievements of early Christianity.

Italian philosopher and researcher Carla Ricci addresses an overlooked but significant presence in the Gospels--that of the women who followed Jesus. Citing Luke 8:1-3, Ricci describes a group of women who unwaveringly followed Jesus from Galilee to Jerusalem, through his passion and death, to become messengers of the resurrection.

Origen (183-ca. 254), one of the most prolific and influential of the early Church Fathers, is best known to us for his Scripture exegesis. Henri de Lubac's History and Spirit is a landmark study of Origen's understanding of Scripture and his exegetical methods. In exploring Origen's efforts to interpret the four different senses of Scripture, de Lubac leads the reader through an immense and varied work to its center: Christ the Word.

Esquisse d'une théologie de la Bible sur les textes originaux et dans leur contexte historique

"L'objet de cet ouvrage est de montrer que le lien entre les Ecritures saintes et le régime démocratique est indissoluble. Il s'agit de mener une réflexion de fond sur la démocratie ou, plus généralement, de poser les bases d'une théorie théologico-politique de la démocratie et, donc, de découvrir la véritable quintessence de ce régime politique : c'est-à-dire de passer d'une démocratie de façade desséchée par ses hypocrisies, ses influences occultes et surtout par son absence de sève biblique, à une démocratie intégralement humaine, spirituelle car "Dieu est la source ultime de tous les principes d'autorité et de bon gouvernement". En d'autres termes, contrairement à l'opinion répandue, l'analyse profonde des textes bibliques montre que non seulement les principes et valeurs du gouvernement démocratique [...], mais également l'idée de gouvernement modéré [...] trouvent leur base dans les Ecritures saintes." Dans cet essai, Ono Téléphore établit le lien pertinent entre démocratie et valeurs bibliques, soulignant ainsi l'importance du texte sacré dans les fondements de ce régime politique. Hormis démontrer la dimension démocratique de la Sainte Bible, il propose une réflexion sur l'association de ces deux systèmes dans certains États américains, européens et africains. Grâce à une écriture stimulante et engagée, l'auteur propose un ouvrage élaboré et contemporain. Une lecture moderne de ce texte fondamental.

This volume contains the proceedings of an international conference entitled Lay Bibles in Europe 1450-1800. The conference took place in Amsterdam in April 2004 and was organized by Biblia sacra, a joint Dutch-Flemish research group. The clamor for Bibles in the vernacular flourished within lay renewal movements of the late 14th century, including groups like the Brethren and Sisters of the Common Life. In the early 16th century, humanists like Erasmus and Lefvre d'taples stimulated vernacular Bible reading. As the Protestant Reformation became established, lay Bibles were produced on a large scale. In reaction to this development, Catholic theologians issued 'orthodox' Bible translations in various vernaculars based on the Vulgate. In sum, from the 15th to the 18th century, editions from various confessional or ideological backgrounds appeared throughout Western Europe. Of course, the invention and spread of the printing press greatly enhanced the distribution of these editions. The essays collected in this volume approach Lay Bibles in Europe 1450-1800 from various perspectives, including the history of books, art history and church history.

Scripture Re-envisioned: Christophanic Exegesis and the Making of a Christian Bible

This work is concerned with the influence of biblical and prophetic traditions on the author of the book of Revelation, and in particular his use of the prophecies of Isaiah. First, John's own prophetic consciousness and expression is compared with previous Israelite-Jewish and early Christian prophetic conventions. This is followed by an evaluation of John's use of the OT in general, including a discussion of methodology for isolating allusions, the question of the validity of the terms quotation and allusion in Revelation, and the presence of thematic patterns in the author's choice of Scripture. All this is foundational to the main portion of the work (Ch. III), where a detailed analysis is undertaken to determine the validity of all proposed allusions to Isaiah in the book of Revelation. Of the 72 suggested allusions treated, 40 were judged as certain or virtually certain, 24 were considered as unlikely or doubtful, and 8 were appraised as probable or possible. Those allusions which were accepted received further evaluation to see how and why they were used by John, with special attention given to the tradition-history of the passage used, and the possible interpretative techniques employed. A variety of exegetical and literary devices were uncovered, including the use of catchwords, inclusio, repetition of texts, exploitation of Hebrew parallelism, and the collection of texts around a central theme. Furthermore, John's use of Isaiah is concentrated in basic areas, with clusters of Isaiah texts appearing in specific sections of Revelation. The principal Isaiaian themes with which he is interested are holy war and the Day of the Lord, oracles against the nations, and salvation prophecies relating to the community of faith and the restored and glorified Jerusalem. It was concluded that on the whole, John's use of Isaiah is not random, and he does not use the OT texts merely as a visionary resource for language, phrases, structural patterns etc. But he consciously carries on the prophecies of his biblical predecessors and invokes their authority. The remnants and results of John's interpretation of Isaiah presuppose exegetical activity and application prior to the vision experience and it is likely that at least some of his intended readers were familiar not only with his theological concerns, but also with his methodological approach.

Many missions to the Jewish people, such as Jews for Jesus, use Romans 1:16 as a proof text to encourage the evangelisation of the Jewish people as a priority: 'to the Jew first, and then to the Greek' (Jewish Missional Priority). Is this interpretation of the text legitimate? After considering when this priority first appeared, the author exposes and evaluates the arguments commonly used to promote it. His thorough exegesis of Romans 1:16-17 ultimately resolves the question. He takes the opportunity to explore some possible eschatological implications developed from Romans 9-11 and the parables of Jesus. Will the first also be the last?

Le Dr. Dag Heward-Mills, un leader chrétien extraordinaire, révèle un de ses secrets. « Si quelqu'un me demandait quel est le plus grand secret de ma relation avec Dieu, je dirais sans hésiter, c'est la puissance des temps de recueillement quotidien que j'ai avec Lui ». Il a décidé d'écrire ce livre afin que vous aussi vous puissiez bénéficier de la puissance des temps de recueillement.

Visionary Antecedents and their Development

Parables for Preachers: Year B. The Gospel of Mark

The parables of Jesus are puzzling sayings and stories with world-transforming potential. Parables for Preachers offers an understanding of how parables work and a fresh variety of possible meanings not only for Jesus's original audience and for the early Christians for whom Matthew, Mark, and Luke wrote but also for contemporary Christians as well. The Gospel parables are analyzed in the order in which they appear in the Lectionary, making this book an indispensable resource for preachers, teachers, catechists, liturgy planners, and Bible study groups. Barbara Reid is Professor of New Testament at Catholic Theological Union, Chicago. She is the author of Matthew in the New Collegeville Bible Commentary series as well as Choosing the Better Part? Women in the Gospel of Luke, both published by Liturgical Press.

Reid aids preachers by bringing together current biblical research on the parables in the hope that it will open new vistas of meaning and help spark their creativity. She also offers an understanding of how parables communicate and invite preachers to try out the parabolic techniques of preaching. "Parables for Preachers" is for everyone interested in obtaining a deeper understanding of parables.

In Scripture Re-envisioned Bogdan B. Bucur discusses the exegesis of biblical theophanies as an essential "ingredient" for the gradual crystallization of a distinct Christian exegesis, doctrine, liturgy, and spirituality during the first millennium CE.

An Exegetical Investigation Into the "ecclesial" Notions of the Apocalypse

This book offers a thorough analysis of demons in the Hebrew Bible and Septuagint in the wider context of the ancient Near East and the Greek world. Taking a fresh and innovative angle of enquiry, Anna Angelini investigates continuities and changes in the representation of divine powers in Hellenistic Judaism, thereby revealing the role of the Greek translation of the Bible in shaping ancient demonology, angelology, and pneumatology. Combining philological and semantic analyses with a historical approach and anthropological insights, the author both develops a new method for analyzing religious categories within biblical traditions and sheds new light on the importance of the Septuagint for the history of ancient Judaism. Le livre propose une analyse approfondie des démons dans la Bible Hébraïque et la Septante, à la lumière de Proche Orient Ancien et du contexte grec. Par un nouvel angle d'approche, Anna Angelini met en lumière dynamiques de continuité et de changement dans les représentations des puissances divines à l'époque hellénistique, en soulignant l'importance de la traduction grecque de la Bible pour la compréhension de la démonologie, de l'angélogologie et de la pneumatologie antiques. En intégrant l'analyse philologique et sémantique avec une approche historique et des méthodes anthropologiques, l'autrice développe une nouvelle méthodologie pour analyser des catégories religieuses à l'intérieur des traditions bibliques et affirme la valeur de la Septante pour l'histoire du judaïsme antique.

Taking as the determinative concept Jesus' favourite name for God, Father, John interprets the ideal relationship of men to God as that of spiritual children, having the Life - eternal - from the Father. According to Jn this life of sonship to God, having a definite beginning other than the physical birth, and being manifested in very definite moral and spiritual qualities, defines the very being of a Christian. It is in the measure that one understands clearly, experiences personally and expounds persuasively this truth of Christian Sonship, that one lays hold upon the very heart of Christian faith and life. Hence this investigation of ours to find the formulas, the content and the meaning of the Johannine doctrine of the divine sonship of Christians. When we start investigating the Johannine doctrine of the divine sonship of Christians, we are confronted with certain questions regarding its nature and origin: Is the Johannine concept of sonship something purely juridical or moral, or does it suppose an ontological reality? If it supposes such a reality, in what does it consist? How do men obtain this reality so as to become children of God?

The Word of the Cross

The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author's own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues. General Bibliography—occurring at the end of each volume, this extensive bibliographycontains all sources used anywhere in the commentary.

This intellectual history of a rumored book of heresy reveals a persistent undercurrent of atheism from the Middle Ages into the 18th century. In 1239, Pope Gregory IX accused Frederick II, the Holy Roman Emperor, of heresy. Without disclosing evidence of any kind, Gregory announced that Frederick had written a supremely blasphemous book—De tribus impostoribus, or the Treatise of the Three Impostors—in which Frederick denounced Moses, Jesus, and Muhammad as impostors. Of course, Frederick denied the charge, and over the following centuries the story played out across Europe, with libertines, freethinkers, and other "strong minds" seeking a copy of the scandalous text. The fascination persisted until finally, in the eighteenth century, someone brought the purported work into actual existence—in not one but two versions, Latin and French. Although historians have debated the origins and influences of this most apocryphal book, there has not been a comprehensive biography of the Treatise of the Three Impostors. In The Atheist's Bible, historian Georges Minois tracks the course of the book from its origins in 1239 to its most salient episodes in the seventeenth and eighteenth centuries, introducing readers to the colorful individuals obsessed with possessing the legendary work—and the equally obsessive passion of those who wanted to punish people who sought it. Minois's compelling account sheds much-needed light on the power of atheism, the threat of blasphemy, and the persistence of free thought during a time when the outspoken risked being burned at the stake. "[A] timely and elegant study...Readers who are intrigued or scandalized by the diatribes of Richard Dawkins or Christopher Hitchens will discover in The Atheist's Bible that, as that other Bible says, there is nothing new under the sun."—Walter Stephens, author of Demon Lovers
