

Bible Johns Secret Daughter Murder Drugs And A Mothers Secret Heartbreak

Ouvrage de référence, traduit dans le monde entier, cette édition revue et augmentée pour la troisième fois est le résultat d'une trentaine d'années de recherches sur ces criminels qui tuent en série sans mobile évident, mais sous l'emprise de pulsions sexuelles le plus souvent ; et qui commettent leurs forfaits en toute impunité pendant des mois, voire des années. Stéphane Bourgoin a pu s'entretenir avec plus de soixante-dix de ces serial killers dans les prisons de haute sécurité du monde entier. Cannibales, comme Ottis Toole ou le pédophile sud-africain Stewart Wilken ; psychotiques, tel Gary Heidnik, dont le cas inspire le personnage de Buffalo Bill dans Le Silence des agneaux ; ou Richard Chase et James Riva, authentiques vampires modernes ; femmes criminelles, comme Martha Beck ou Christine Falling ; tueurs d'enfants à l'exemple de John Joubert et Albert Fish ; nécrophiles et chasseurs de têtes, à l'image de Gerard Schaefer et Ed Kemper qui sert de modèle au Hannibal Lecter de Thomas Harris ; étrangleurs de prostituées à la façon d'Arthur Shawcross, tous expriment les mêmes fantasmes sanglants — et une absence totale de remords. Grâce à de nombreux séjours à l'étranger (Etats-Unis, Afrique du Sud, Europe de l'Est, etc.), l'auteur a pu rencontrer les agents spéciaux du FBI chargés d'étudier ces assassins hors norme, ainsi que des profilers du monde entier qui utilisent une approche psychologique et des bases de données informatiques pour résoudre les enquêtes. Leurs conclusions sont confrontées à l'avis des plus grands psychiatres dans le domaine. L'ouvrage est complété par une étude sur la "détection de la sérialité", par le colonel de Gendarmerie Joël Vaillant et par une étude sur les nouvelles méthodes d'investigation informatique du FBI.

Former Baltimore City homicide detective Kelvin Sewell has seen it all. Gang members burned alive; a baby unceremoniously stuffed into the ground by its own mother; a sex offender who killed a child in a delusional jealous rage. The constant grind of bearing witness to violent death has given Sewell an unprecedented perspective into the minds of killers. He sat in the Baltimore Police Department's interview room with 14-year-old Devon Richardson as the teen tried to explain why he shot a woman he didn't know in the back of the head. He watched the father of 17-year-old Nicole Edmonds cry over the corpse of his dead daughter, murdered for a cellphone. But now for the first time Sewell has decided to share the insights and the pain, the dehumanizing effects of crime and waves of psychic despair and social dysfunction in his groundbreaking book, *Why Do We Kill?* "I think people deserve to know the truth," said Sewell, a 20-year veteran of Baltimore City's police department. "They need to get a sense of why people kill in Baltimore. I want people to see what we see as detectives," he explained. "I think there are misconceptions about crime in Baltimore, and I hope this book will clear them up." The book recounts some of the most notorious homicide cases in Baltimore in the past decade, all told from the perspective of the cop who worked them. Joining forces with Sewell is award-winning investigative reporter Stephen Janis, who covered City Hall for the now-defunct Baltimore Examiner and is founder of the award-winning news website Investigative Voice. "What makes this book different is the collaborative voice," said Janis. "Kelvin would discuss his thoughts on the cases and I then tried to tell the story by adding the context that comes naturally with being a reporter." Janis's colleague at Investigative Voice, reporter and political scientist Alan Z. Forman, served as editor for the project. Janis is no stranger to the Baltimore crime scene, winning a string of prestigious awards for his crime reporting, including two consecutive Maryland-Delaware-DC Press Association awards in Category A for his series on the murders of sex workers and his investigation into the high number of unsolved killings in Baltimore.

Murder, Drugs and a Mother's Secret Heartbreak

There was one partner the pretty young women who danced away the 1960s in Glasgow's Barrowlands were desperate to avoid: Bible John, so named because he quoted scripture to his victims. He was being hunted for three brutal unsolved sex murders, and each of his victims had been picked up after a night at the famous dance hall. Police were still investigating the first terrifying murder when Hannah Martin was raped on her way home from the Barrowlands. When Bible John struck twice more, Hannah confided to friends that his description matched that of her own attacker. The next shock came when Hannah discovered she was pregnant. Her distraught father banished her from the family home and forced her to give her child up for adoption. She would never see her daughter again, but in a bizarre twist three decades later, an investigation into the infamous World's End murder would result in Hannah's daughter discovering the identity of the mother she never knew. Tragically, the news came too late for them to be reunited, but it set her on a course to uncover the shocking secrets of her mother's life. Did Hannah know Bible John? What did Hannah Martin reveal of her baby's father? How did she then become a member of a multimillion-pound drug-smuggling gang? Why, after expecting a huge bounty, did she die in poverty? The answers are all here in Bible John's Secret Daughter.

Edgar Award Finalist: The true story of a serial killer who terrorized a midwestern town in the era of free love—by the coauthor of *The French Connection*. In 1967, during the time of peace, free love, and hitchhiking, nineteen-year-old Mary Terese Fleszar was last seen alive walking home to her apartment in Ypsilanti, Michigan. One month later, her naked body—stabbed over thirty times and missing both feet and a forearm—was discovered, partially buried, on an abandoned farm. A year later, the body of twenty-year-old Joan Schell was found, similarly violated. Southeastern Michigan was terrorized by something

it had never experienced before: a serial killer. Over the next two years, five more bodies were uncovered around Ann Arbor and Ypsilanti, Michigan. All the victims were tortured and mutilated. All were female students. After multiple failed investigations, a chance sighting finally led to a suspect. On the surface, John Norman Collins was an all-American boy—a fraternity member studying elementary education at Eastern Michigan University. But Collins wasn't all that he seemed. His female friends described him as aggressive and short tempered. And in August 1970, Collins, the "Ypsilanti Ripper," was arrested, found guilty, and sentenced to life in prison without chance of parole. Written by the coauthor of *The French Connection*, *The Michigan Murders* delivers a harrowing depiction of the savage murders that tormented a small midwestern town.

Lea Sovran created the word she'alahn, meaning peace, harmony, strength, courage, and compassion in the Life Force. It is a greeting, a farewell, and the So be it and Amen at the end of meditations. She'alahn, Volume One is based on the real experiences of women. The first section, *The Book of Woman*, presents imagined letters shared among women across several decades that include strategies for solving common problems women face. *The Book of Woman* helps you believe that virtually anything may be possible for you and that you are not alone in your concerns. You are capable of changing the world and of working miracles. The second section, *The Doctrine of the Faith of the Life Force*, offers women spiritual support without male gods, without being treated as second-class citizens, and without indebtedness to Higher Powers a faith for responsible, concerned women. The primary injunction of this faith asks us to be more accountable for our actions so we have greater power to heal the Earth. She'alahn, Volume One aims to uplift and encourage women to share ideas with other women, debate them, and begin changing the world for the better.

In this book, Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information. They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an "infinite flow" of real books. Focusing on the intersection of information technology and architectural formulation, the authors create an evolving intellectual reflection on digital architecture and computer science.

American film favorite *Thelma Todd* was much more than the beautiful blonde of the 1930s who played opposite *Buster Keaton*, *Laurel and Hardy* and the *Marx Brothers*. *Todd's* tragic death transformed her into an icon of Hollywood mystery: The photograph of the 29-year-old actress slumped in her luxurious Lincoln Phaeton shocked fans in 1935. How did she die? Was it murder, suicide, or an accident? This definitive biography covers a fascinating era in Hollywood history. In the course of his exhaustive research, the author interviewed *Todd's* cousins *Bill* and *Edna Todd*, as well as such friends and coworkers as *Ida Lupino*, *Lina Basquette*, *Anita Garvin*, *Dorothy Granger*, *William Bakewell* and *Greg Blackton*. Also examined is Hollywood's first major sex scandal of 1913, involving *Jewel Carmen*, the future spouse of director *Roland West*—the man *Thelma Todd* loved.

David's Secret Demons

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real, honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond. Based on years—decades—of primary source research and having read countless books on the subject.

Edna Davies is angry and worried. "Innocent until proven guilty" is the way our justice system works, but apparently not the way people react. Rose Beck was questioned repeatedly after the death of her husband, but she was never arrested, never charged. When Edna's nine-year-old granddaughter meets and befriends Rose's daughter, Edna must examine her own feelings. By ignoring the rumors, she may be endangering her family. If she were to shun the woman for no cause, she'd be going against her every instinct. A second death propels Edna into action as she is forced to seek the truth or face the consequences.

Biblical tradition portrays King David as an exceptional man and a paragon of godly devotion. But was he? Some scholars deny that he existed at all. Did he? This challenging book critically examines the textual and archaeological evidence in an effort to paint an accurate picture of one of the Bible's central figures. A leading scholar of biblical history and the ancient Near East, Baruch Halpern traces the development of the David tradition, showing how the image of David grew over time. According to Halpern, David was the founder of a dynasty that progressively exaggerated his accomplishments. Halpern's clear portrait of the

historical David reveals his true humanity and shows him to be above all a politician who operated in a rough-and-tumble environment in which competitors were ready literally to slit throats.
