The essays in this collection reveal the intimate connections of Korean popular culture, or hallyu, to the peninsula's colonial and postcolonial histories, to the nationalist projects of the military dictatorship, and to the neoliberalism of twenty-first-century South Korea. months of the Korean War as it has never been told before. A narrative studded with gripping eyewitness accounts, it focuses on the fateful days when the Korean War's most decisive battles were fought and the Americans who fought them went— however briefly—from the depths of despair to the exultation of total conquest. Drawing on exclusive interviews with dozens of surviving U.S. veterans, it reveals how one ninety-day period changed the course of modern history and opens a unique and revealing window on an all-but-forgotten war.

This padded-cloth first book for very young boys and girls opens up to display Baby's bedroom. It has a handle at its top and a Velcro tab to keep it closed when its time to be put away. Pocketed in this charming book's front cover is a smaller six-panel cloth book with simple words and pictures for Baby to recognize. The main book opens to present a two-page spread. The illustration on the left-hand page shows a bed and table, and the bedspread becomes a pocket where a soft cloth Baby and his tiny Teddy bear can be slipped inside at bedtime. Baby's bottle, also made of padded cloth,

An adjacent window has a flap and Velcro tabs so the outdoor scene can be changed from day to night. This is the first book in more than twenty-five years to examine the complex historical, cultural, and aesthetic relationship between theater and film, and the effect that each has had on the other's development. Robert Knopf here assembles essays from performers, directors, writers, and critics that illuminate this ongoing inquiry. The book is

Rendang content gained good recognition from Gourmand Prize Award in Beijing.

Thoroughly researched but written casually, Rendang:Minang Legacy to the World boasts a beautiful presentation of the dishes as well as the landscape of West Sumatra. Reno has become the media go-

to source for rendang. It ultimately lays the groundwork about the origins of rendang and its philosophical approach, but it also explains that ultimately there are so many other varieties other than the one we usually have in Padang restaurants. Reno Andam Suri dreamed of promoting rendang to a wider audience by introducing vacuum-packed rendang suitable for air travel. She did not stop there, however. In 2012 she started a blog, Rendang Traveler, to share stories about rendang, the proud dish from her homeland, West Sumatra. To write this book, she returned to West Sumatra, and discovered the rich philosophical and cultural values of rendang, affirming her view that it is indeed a national treasure worth sharing with the world. At her Baralek Rendang (rendang festival) she introduced rendang to an appreciative public through cooking demonstrations,

engaging stories, and interesting games. Reno has appeared in many discussions about West Sumatran cuisine, and has conducted various cooking workshops and training sessions. She is also involved in many educational communities such as Indonesia Mengajar and Kelas Inspirasi. Today, she organizes educational trips or travel programs to West Sumatra, which highlights the region's rich culture and culinary delights. She invites participants to become better acquainted with the daily lives of West Sumatrans. She dreams of promoting rendang to an even wider audience, not just as a delectable dish, but also for the wealth of amazing stories behind it, as part of an enduring culture.
