*A collection of small books written by Sunni scholars for answering Shi'a claims. This book contains 496 pages. You may request the book from the bookstore Hakikat. Buku yang mengungkap keberadaan Tarekat Al Muhammadiyah/Sanusiyyah/Idrisiyyah yang dipelopori Syekh Abdul Aziz ad Dabbagh dan Syekh Ahmad bin Idris masih terhitung sedikit, apalagi di Indonesia. Tulisan ini hanya mengungkap sekelumit sisi kehidupan Tokoh-tokoh utama Tarekat Idrisiyyah yang berkembang dari Maghrib hingga ke Indonesia. Kesemuanya berada dalam jalinan silsilah yang bersambung tanpa terputus. Vol. 2: Published for the first time in English alphabetical order, vol. 2 (of the 5 original volumes) of "Canon of Medicine" (Law of Natural Healing), is an essential addition to the history of medicine as it holds a treasure of information on natural pharmaceuticals used for over 1000 years to heal various diseases and disorders. Fully color illustrated with a 150 page, 7000 word index of the healing properties of each of the entries, the text itself is an alphabetical listing of the natural pharmaceuticals of the simple compounds. By simple compounds, Avicenna includes the individual plants, herbs, animals and minerals that have healing properties. Avicenna lists 800 tested natural pharmaceuticals including plant, animal and mineral substances. The compiler has included the Latin, Persian and Arabic names of the drugs along with artistic renderings of the drugs as illustrations as well as Avicenna's Tables or Grid for each entry that describes the individual, specific qualities of simple drugs.*

**From #1 New York Times bestselling author Lisa Jackson comes a pulse-pounding novel featuring two of her most acclaimed characters, New Orleans detectives Rick Bentz and Reuben Montoya--as a series of ritual slayings draw a psychology student back to a decaying asylum . . . Eve Renner loved Cole Dennis--until the moment he tried to kill her. That was three months ago, when Eve was lured to a cabin where she found an old friend brutally murdered. Eve is almost positive it was Cole's face she saw right before she was shot. But her memories were too shaky to stand up to trial. Cole is a free man again. And a new string of killings has begun. The murders all link back to Our Lady of Virtues, the asylum where Eve's**

*father worked as a doctor. She wandered those hallways as a child, exploring hidden rooms and chambers, too young to understand what was happening there. Now, with every victim found, each body tattooed with a number, the pieces of a deadly puzzle fall into place—and all point back to Eve and the ruins of the once-grand hospital. Detective Reuben Montoya and his partner, Rick Bentz, once convinced of Cole's guilt, now suspect a deeper evil at work. Eve knows she has little choice but to return to Our Lady of Virtues—and to trust Cole in her search for answers. But as Eve's memories gradually return, they only lead her closer to danger, toward the final, meticulously planned act of a killer obsessed with vengeance—and with her.*

*In light of recent concern over Shari'ah, such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution, many people are confused about the meaning of Shari'ah in Islam and its role in the world today. In Reasoning with God, renowned Islamic scholar Khaled Abou El*

*Fadl explains not only what Shari'ah really means, but also the way it can revitalize and reengage contemporary Islam. After a prologue that provides an essential overview of Shari'ah, Abou El Fadl explores the moral trajectory of Islam in today's world. Weaving powerful personal stories with broader global examples, he shows the ways that some interpretations of Islam today have undermined its potential in peace and love. Rather than simply outlining challenges, however, the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah. As the world's second largest religion, Islam remains an important force on the global stage. Reasoning with God takes readers—both Muslim and non-Muslim—beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential.*

The Confessions of St. Augustine has a special place among the world ' s greatest books. As Augustine reflects upon his life in the light of Scripture and the presence of God, he reveals how you can find the way to rest securely in Jesus, discern good from evil, avoid false spiritual pursuits, and know the will of God. He begins with his infancy, pondering the many sins of his life before his conversion, and he confesses not only his sins but even more the greatness of God. Here is the timeless conflict between good and evil, portrayed through the life of one man who found spiritual growth and unshakable faith. Just as Augustine did, you can experience the unspeakable joy of being pure and righteous before God, regardless of your past.

Hermeneutics can loosely be defined as the theory or philosophy of the interpretation of menaing. It is a central topic in the philosophy of the social sciences, the philosophy of art and language and in literary criticism. This book, first published in 1980, gives a detailed overview and analysis of the main strands of contemporary hermeneutical thought. It includes a number of readings in order to give the reader a first-hand acquaintance with the subjects and the debates within it.

Combining a scholar's command of fact with a narrator's ease of style, the noted scholar H.A.R. Gibb presents an historic survey of Islam, from the days of the prophet, through the religion's spread in Asia and Africa, to its confrontation with the modern world.

This study examines the emergence of new forms of Islamic spirituality in Indonesia identified as Majelis Dhikr. These Majelis Dhikr groups have proliferated on Java in the last two decades, both in urban and rural areas, and have attracted followers from a wide social background. The diverse aspects of these Majelis Dhikr groups - their rituals, teachings and strategies of dissemination as well as the popular understanding of these rituals and their contestation by critics and opponents - are examined in detail and illustrated by reference to three particular groups - Salawat Wahidiyat, Istighathat Ihsaniyyat and Dhikr al-Ghafilin each of which has its own distinctive features and notable religious leadership. These Majelis Dhikr groups regard their activities as legitimate ritual practices that are in accordance with the legacy of Islamic Sufism based on the

interpretation of the Qur'anic and Prophetic tradition.

Explores the influence of centres of Islamic learning using 3 case studies: Al-Azhar University in Egypt, International Islamic University of Medina in Saudi Arabia, and Al-Mustafa University in Iran

A collection of the long-unavailable tafasir, or commentaries on the Qur'an, which help to properly explain and contextualize the revelation, this series aims to make leading exegetical works—in translation, unabridged, and faithful to the letter and meaning of the Arabic—widely available for study and research. One of the most pivotal works for understanding the environment that influenced the development of Qur'anic exegesis, this volume—originally written by Abdullah Ibn 'Abbas and Ibn Ya'qub al-Firuzabadi—offers valuable insight into the circulation and exchange of popular ideas between Islam, Judaism, and Christianity during the formative phase of Islamic exegesis. In addition, the work avoids elaborate theological, philosophical, and grammatical explanations, making it easily accessible to nonspecialists.

Ushul Fikih merupakan sebuah kajian keilmuan dalam Islam, yang asas atau pokoknya diambil dari Al-Qur'an dan sunnah. Pertumbuhan ushul fikih tidak terlepas dari perkembangan hukum Islam sejak Zaman Rasulullah Shallallahu Alaihi wa Sallam. Ilmu ushul fikih yang ada sekarang ini bukanlah muncul dari ruang hampa. Ia sebagaimana ilmu keagamaan lainnya dalam Islam, tumbuh dan berkembang melewati

berbagai fase hingga terbentuklah produk fikih yang menjamur di sekeliling kita. Buku ini mengulas sejarah hukum Islam mulai awal kemunculannya, munculnya kaidah-kaidah tertentu untuk memahami hukum, serta menjelaskan pula karya-karya yang muncul pada saat ini. Sehingga dengan demikian, pembaca lebih terbuka cakrawala pemikirannya dan lebih terbuka dalam memaknai perbedaan.

**If the Qur'an is the first written formulation of Islam in general, Malik's Muwatta' is arguably the first written formulation of the Islam-in-practice that becomes Islamic law. This book considers the methods used by Malik in the Muwatta' to derive the judgements of the law from the Qur'an and is thus concerned on one level with the finer details of Qur'anic interpretation. However, since any discussion of the Qur'an in this context must also include considerations of the other main source of Islamic law, namely the sunna, or normative practice, of the Prophet, this latter concept, especially its relationship to the terms of hadith and amal (traditions and living tradition), also receives considerable attention, and in many respects, this book is more about the history and development of Islamic law than it is about the science of Qur'anic interpretation. This is the first book to question the hitherto accepted frameworks of both the classical Muslim view and the current revisionist western view**

**on the development of Islamic law. It is also the first study in a European language to deal specifically with the early development of the Madinan, later Malik, school of jurisprudence, as it is also the first to demonstrate in detail the various methods used, both linguistic and otherwise, in interpreting the legal verses of the Qur'an. It will be of interest to all those interested in the underlying bases of Islamic law and culture, and of particular interest to those involved in studying and teaching Islamic studies, both at undergraduate and research level. It will also be of interest to those studying the relationship between orality and literacy in ancient societies and the writing down of ancient law.**

**Dari sekian hal yang menjadikan kita merasa bangga dan bahagia menjadi orang muslim adalah karena kita mempunyai sejarah gemilang di masa lalu yang dilakoniorang-orang shalaeh. Mereka hadir dalam pelataran sejarah sebagai sosok yang susah dicari padanannya, dimana mencintai mereka sama artinya mencintai kebaikan, kebenaran bahkan mencintai Allah. Merekalah generasi terbaik sepanjang masa yang pernah dihadihkan oleh kehidupan. Jika melihat durasi umur mereka di dunia, ternyata tidak terlalu panjang. Sosok seperti Umar bin Abdul Aziz misalnya hanya diberikan jatah hidup selama 39 tahun lebih 6 bulan, tetapi prestasi dunia akhiratnya jauh lebih besar dari umurnya yang pendek. Juga Imam An-Nawawi menghadap ke haribaab Rabbnya pada usia 45 tahun. Tapi, kitab karyanya : Al-Arba'iin An-Nawawiyah dan Riyadh Ash Shalihin terus mengucurkan manfaat seolah memperpanjang usianya. Sehingga, tidak satupun dari ulama besar abad ini yang tidak berhutang kepada beliau. Itulah**

**barangkali salah satu makna dari keberkahan umur. Tentu, cinta kepada ulama merupakan karunia Allah yang tidak ternilai. Tidak semua orang kuasa menghadirkan kecintaan itu. Buku “ 60 Boigrafi ulama Salaf” ini menjadi sangat penting untuk dibaca dalam rangka menumbuhkan kecintaan kita kepada generasi yang Allah telah ridha kepada mereka dan merekapun telah Ridha kepada Allah, Radhiyallahu anhum wa radhu anhu. Memang mereka telah beranjak pergi menghadap Allah. Namun Karya dan jejak keshalehan mereka masih tetap memenuhi ruang bumi hingga kini.**

An introduction to the debates within the field of

Islamic studies regarding the interpretation of the Qur'an and its relevance to contemporary issues in the modern world.

In making the Prophet Muhammad the greatest figure, and consequently one of the most resplendent landmarks in human history, God has bestowed his greatest favour on mankind. Whoever seeks guidance cannot fail to see him, for he stands out like a tower, a mountain on the horizon, radiating light like a beacon, beckoning all to the true path. It is inevitable that the seekers of truth will be drawn up to the magnificent pinnacle on which he stands. Interpreting the Qur??n

***Ideology has become increasingly central to work in translation studies. To date, however, most studies have focused on literary and religious texts, thus limiting wider understanding of how ideological clashes and encounters pervade any context where power inequalities are present. This special edition of The Translator deliberately focuses on ideology in the translation of a rich variety of lesser-studied genres, namely academic writing, cultural journals, legal and scientific texts, political interviews, advertisements, language***

*policy and European Parliament discourse, in all of which translation as a social practice can be seen to shape, maintain and at times also resist and challenge the asymmetrical nature of exchanges between parties engaged in or subjected to hegemonic practices. The volume opens with two groundbreaking papers that investigate the nature and representation of truth and knowledge in the translation of the sciences, followed by two contributions which approach the issue of shifts in the translation of ideology from the standpoint of critical linguistics and critical discourse analysis, using data from political speeches and interviews and from English and Korean versions of Newsweek. Other contributions discuss the role that translation scholars can play in raising public awareness of the manipulative devices used in advertising; the way in which potentially competing institutional and individual ideologies are negotiated in the context of interpreting in the European Union; the role translation plays in shaping the politics of a multilingual nation state, with reference to Belgium; and the extent to which the concepts of norms and polysystems may be productive in investigating the link between translation and ideology, with reference to Chinese data.*
