From the New York Times bestselling author of The Aviator's Wife comes a story of courage on the prairie, inspired by the devastating storm that struck the Great Plains in 1888, threatening the lives of hundreds of immigrant homesteaders, especially schoolchildren. "A nail-biter . . . poignant, powerful, perfect." --Kate Quinn, author of The Alice Network
The morning of January 12, 1888, was unusually mild, following a punishing cold spell. It was warm enough for the homesteaders of the Dakota Territory to venture out again, and for their children to return to school without their heavy coats--leaving them unprepared when disaster struck. At the hour when most prairie schools were letting out for the day, a terrifying, fast-moving blizzard blew in without warning. Schoolteachers as young as sixteen were suddenly faced with life and death decisions: Keep the children inside, to risk freezing to death when fuel ran out, or send them home, praying they wouldn't get lost in the storm? Based on actual oral histories of survivors, this gripping novel follows the stories of Raina and Gerda Olsen, two sisters, both schoolteachers--one becomes a hero of the storm and the other finds herself ostracized in the aftermath. It's also the story of Anette Pedersen, a servant girl whose miraculous survival serves as a turning point in her life and touches the heart of Gavin Woodson, a newspaperman seeking redemption. It was Woodson and others like him who wrote the embellished news stories that lured northern European immigrants across the sea to settle a pitiless land. Boosters needed them to settle territories into states, and they didn't care what lies they told these families to get them there--or whose land it originally was. At its heart, this is a story of courage, of children forced to grow up too soon, tied to the land because of their parents' choices. It is a story of love taking root in the hard prairie ground, and of families being torn asunder by a ferocious storm that is little remembered today--because so many of its victims were immigrants to this country.

Blizzard is based on John Rocco’s childhood experience during the now infamous Blizzard of 1978, which brought fifty-three inches of snow to his town in Rhode Island. Told with a brief text and dynamic illustrations, the book opens with a boy’s excitement upon seeing the first snowflake fall outside his classroom window. It ends with the neighborhood’s immense relief upon seeing the first snowplow break through on their street. In between the boy watches his familiar landscape transform into something alien, and readers watch him transform into a hero who puts the needs of others first. John uses an increasing amount of white space in his playful images, which include a gatefold spread of the boy’s expedition to the store. This book about the wonder of a winter storm is as delicious as a mug of hot cocoa by the fire on a snowy day. Praise for Super Hair-o and the Barber of Doom "With a light, humorous touch, Rocco reveals that sometimes the Kryptonite is all in your head." --Publishers Weekly "Bold, colorful pen-and-ink illustrations burst with power from each spread in comic-book style.
