Members of the naval service will find that at all points in their careers they can expect to be involved to some extent in the planning and execution of official ceremonies and social events. Protocol is a code of established guidelines on proper etiquette and precedence which, when followed, lays the foundation for a successful event. From this foundation, the host should consider the facets which make a particular situation unique, and from there, use imagination to design a memorable occasion. The most important consideration in planning should be the comfort of one's guests. A clever host/hostess is able to reach a proper mixture of protocol and common sense that will enable guests to enjoy themselves completely. If this is accomplished, an event is truly successful.

Artist Bernard Maisner is one of the finest illuminators of manuscripts at work today. His remarkable ability to work in miniature, as well as in grand scale paintings, combines with his love and mastery of historical and modern painting techniques to create an unusual and visually stunning body of work, thoroughly documented here. Maisner's search for meaning takes him in the direction of the infinite, of opposites, in reverence of nature, and of things mystical and unanswerable. This book brings together 25 years of work by Maisner and reveals in depth the correlation and interrelation between his long-standing use of abstract symbols, written language, the art of illumination, and the language of painting. Art historian Dore Ashton provides an essay in which she reflects on Maisner's quest to "grasp the passage of time in living metaphors" through the craft of the illuminator.

Beholding and Becoming

Revealing glimpses of the Philippine Revolution and the Filipino writer Jose Rizal emerge despite the worst efforts of feuding academics in Apostol's hilariously erudite novel, which won the Philippine National Book Award. Gina Apostol's riotous second novel takes the form of a memoir by one Raymundo Mata, a half-blind bookworm and revolutionary, tracing his childhood, his education in Manila, his love affairs, and his discovery of writer and fellow revolutionary, Jose Rizal. Mata's 19th-century story is complicated by present-day foreword(s), afterword(s), and footnotes from three fiercely quarrelsome and comic voices: a nationalist editor, a neo-Freudian psychoanalyst critic, and a translator, Mimi C. Magsalin. In telling the contested and fragmentary story of Mata, Apostol finds new ways to depict the violence of the Spanish colonial era, and to reimagine the nation's great writer, Jose Rizal, who was executed by the Spanish for his revolutionary activities, and is considered by many to be the father of Philippine independence. The Revolution According to Raymundo Mata offers an intoxicating blend of fact and fiction, uncovering lost histories while building dazzling, anarchic modes of narrative.
