Jonny Bealby was devastated when his fiancée Melanie died unexpectedly while they were travelling in Kashmir. Two years later, still heartbroken and utterly disillusioned, he took on the challenge of a lifetime. Setting out with only his motorbike for company, he began a daring and dangerous journey around the African continent in a desperate attempt to unearth some meaning in his life. Bittersweet, bold and beautifully told, *Running with the Moon* is a tale of true love and loss, of exploration, adventure and courage.

This Bentley Manual is the only comprehensive, single source of service information and specifications for BMW 3 Series (E30) cars from 1984-1990. Whether you're a professional technician or a do-it-yourself BMW owner, this manual will help you understand, maintain, and repair every system on 3 Series cars.

Moto-journalist Clement Salvadori has been riding motorcycles since the age of 15 and traveling all of his life, accumulating well over a million miles in the saddle across more than 70 countries on six continents. No Thru Road covers 30 different trips he has taken, to places like Afghanistan and Zimbabwe, since his first ride through western Europe in 1957. The stories are all original, though the subject may have appeared as a magazine article in a very different rendition. The book will appeal to adventure-travel enthusiasts and to motorcyclists and travelers of all persuasions. Adventurous riders will thoroughly appreciate the book, as in the description of kick-starting a 500cc single - never easy to do - at 17,200 feet in the Tibetan Himalayas. Or going up to Cape Tribulation in Australia's Queensland in 1974 when the only access was via a once-a-week ferry across the Daintree River. Or riding a bike to Pamplona, Spain, in 1960 in order to run with the bulls. Activists who want to get on their motorcycles and ride down into Mexico's Copper Canyon will enjoy the book, as will the arm-chair traveler who is happy reading about traveling from Peru's Great Ica Desert over the Andes Mountains to the Amazon basin. Clement's adventures are arranged so the reader can open the book to any chapter, be it India, Nepal, the Sahara, New Zealand or Viet Nam, and not have to worry about following a thread. Lots of adventures, lots of good reading, lots of photos and illustrations. This book promises excellent entertainment and a glimpse into life as a moto-journalist.

**New York Times Bestseller “Rawat’s deep wisdom is a breath of fresh air; Hear Yourself gives the gift of peace and gratitude in a time we sorely need it.”—Ian Morgan Cron, author of The Story of You and co-author of The Road Back to You “Hear Yourself invites us to take a journey from the outside world we live in everyday to the world of peace within us. I highly recommend this inspiring book to anyone ready to take that journey.”—Bill McCarthy, Founder and President of The Unity Foundation The renowned teacher and author of the internationally bestselling Peace Is Possible shows us how to quiet the noise of our busy lives to hear our own unique authentic voice—the source of peace. The cacophony of**

modern life can be deafening, leaving us feeling frazzled and uneasy. In this warm, wise book, Prem Rawat teaches us how to turn down the noise to “hear ourselves”—to listen to the subtle song of peace that sings inside each of us. Once we learn to truly “hear ourselves” and the voice of peace within, then we can hold on to that as we face all the noise of the world. The culmination of a lifetime of study, *Hear Yourself* lays out the crucial steps we can use to focus on the voice within. Take a walk in nature and listen for the sounds of harmony, Prem Rawat suggests, or set aside a few minutes each day to feel gratitude, which comes from the core of our being. He challenges us to embrace our thirst for peace and let go of expectations for how it should feel. With one straightforward yet deeply profound question, he helps us to focus—to be present: Am I conscious of where I am today and what I want to experience in this world?” If we allow ourselves to listen, what we hear is the extraordinary miracle of existence—an experience that transforms our relationship to life and everything in it. Packed with powerful insights and compelling stories, *Hear Yourself* introduces readers to an ancient line of practical wisdom that enlightens us to a simple way to listen. By doing so, Prem Rawat reveals, we can “profoundly change our understanding of ourselves, those around us, and our lives.”
