

Body Language Secrets Ryan Nolte Sasrob

NEW YORK TIMES BESTSELLER • *A thrilling tale of secretaries turned spies, of love and duty, and of sacrifice—inspired by the true story of the CIA plot to infiltrate the hearts and minds of Soviet Russia, not with propaganda, but with the greatest love story of the twentieth century: Doctor Zhivago* • **A HELLO SUNSHINE × REESE WITHERSPOON BOOK CLUB PICK** At the height of the Cold War, Irina, a young Russian-American secretary, is plucked from the CIA typing pool and given the assignment of a lifetime. Her mission: to help smuggle Doctor Zhivago into the USSR, where it is banned, and enable Boris Pasternak’s magnum opus to make its way into print around the world. Mentoring Irina is the glamorous Sally Forrester: a seasoned spy who has honed her gift for deceit, using her magnetism and charm to pry secrets out of powerful men. Under Sally’s tutelage, Irina learns how to invisibly ferry classified documents—and discovers deeply buried truths about herself. The Secrets We Kept combines a legendary literary love story—the decades-long affair between Pasternak and his mistress and muse, Olga Ivinskaya, who inspired Zhivago’s heroine, Lara—with a narrative about two women empowered to lead lives of extraordinary intrigue and risk. Told with soaring emotional intensity and captivating historical detail, this is an unforgettable debut: a celebration of the powerful belief that a work of art can change the world.

This in-depth analysis shows how the high stakes contest surrounding open source information is forcing significant reform within the U.S. intelligence community, the homeland security sector, and among citizen activists. • Critique and commentary from intelligence officials and analysts regarding open source reforms within the intelligence community and homeland security sector • Three interrelated case studies through which post-9/11 U.S. intelligence reform is analyzed and critiqued • Examples of collateral, including official and unofficial photos, from the 2007 and 2008 Open Source Conferences sponsored by the Director of National Intelligence • A timeline of key open source developments, including the establishment of associated commissions and changes in organizational structures, policies, and cultures • Appendices containing excerpts of key open source legislation and policy documents • A bibliography of open source-related scholarship and commentary

Describes how the Los Angeles Police Department formed an eight-man special unit to go after LA’s gangsters in 1946, and relates the efforts of two of the squad—Jack O’Mara and Jerry Wooters--to take down mob boss Mickey Cohen.

Crack The Code... The Secrets Of Body Language RevealedThere is a very significant, yet silent form of communication that takes precedence over all the other forms. Without question, it is present in every single conversation and is more powerful than any spoken word. This undercover style of communicating is so under the radar that most people are unaware they are constantly projecting messages about their thoughts, feelings and intentions all of the time. To add to this mystery, others are continuously acquiring and deciphering these messages on a subconscious level unknown to them. This incredible way of transmitting information is called “Body Language”. Understanding the multiple components of body language is not an easy task, but those who can harness it’s power, can secretly influence and read the minds of others without detection. In fact, a person well versed in this language, can accomplish these feats so discreetly that it seems almost like magic. Communication forms an integral component of who we are as human beings. From connecting with family and friends, to sharing new ideas that could change the world, communication is the most important part of our world today. It isn’t just about using speech or text to relay information from one person to another, it’s more like a relational experience with someone. Body language is something we’ve been learning for so long, throughout our entire human existence in fact, that evolution has wired us in a way that we can understand each other using primitive, yet very effective, communication cues without making a sound. Studying and learning about the different elements of body language, along with how to use and interpret them, can have a significant impact on your happiness, relationships and success in life. Here’s a Sneak Peak of What You Will Learn... How your first impression is made before you even say a word What your body is doing while communicating with people How to make sure your words and your body are sending the same message How to use your body gestures and movements to your advantage How to read body language in people you just met Ways to quickly build trust and rapport with new contacts How your body position can affect your mindset

Harness the full power of body language Use your abilities to send the right messages How to read important cues when interacting with people Discover how to use your body language to influence others and their decisions And much more... You Deserve More Out of Life... and an Easier Way To Get It! Invest in making your future the best it can be. Get your copy now. Just scroll up and click the “Buy Now With 1-Click” button. A masterpiece of Biblical scope, and the magnum opus of one of America’s most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden “the first book,” and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California’s Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck’s later years, East of Eden is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love’s absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah’s Book Club back, East of Eden has remained vitally present in American culture for over half a century.

One man’s odyssey into the brutal hive of the National Football League As an unsigned free agent who rose through the practice squad to the starting lineup of the Denver Broncos, Nate Jackson took the path of thousands of unknowns before him to carve out a professional football career twice as long as the average player. Through his story recounted here—from scouting combines to preseason cuts to byzantine film studies to glorious touchdown catches—even knowledgeable football fans will glean a new, starkly humanized understanding of the NFL’s workweek.

Fast-paced, lyrical, dirty, and hilariously unvarnished, Slow Getting Up is an unforgettable look at the real lives of America’s best athletes putting their bodies and minds through hell.

Military strategy, peacekeeping, and social theater, Forsberg (1943–2007) founded the Nuclear Freeze campaign and the Institute for Defense and Disarmament Studies. In “Toward a Theory of Peace,” completed in 1997 and published for the first time here, she delves into a vast literature in psychology, anthropology, archeology, sociology, and history to examine the ways in which changing moral beliefs came to stigmatize forms of “socially sanctioned violence” such as human sacrifice, cannibalism, and slavery, eventually rendering them unacceptable. Could the same process work for war? Edited and with an introduction by political scientists Matthew Evangelista (Cornell University) and Neta C. Crawford (Boston University), both of whom worked with Forsberg.

The Early History and Original Rules of Everybody’s Favorite Games

A tale beautifully, wisely, and masterfully told. — Paula McClain, author of The Paris Wife and Circling the Sun From the multiple-award-winning, critically acclaimed author of The Hummingbird and The Curiosity comes a dazzling novel of World War II—a shimmering tale of courage, determination, optimism, and the resilience of the human spirit, set in a small Normandy village on the eve of D-Day. On June 5, 1944, as dawn rises over a small town on the Normandy coast of France, Emmanuelle is making the bread that has sustained her fellow villagers in the dark days since the Germans invaded her country. Only twenty-two, Emma learned to bake at the side of a master, Ezra Kuchen, the village baker since before she was born. Apprenticed to Ezra at thirteen, Emma watched with shame and anger as her kind mentor was forced to wear the six-pointed yellow star on his clothing. She was likewise powerless to help when they pulled Ezra from his shop at gunpoint, the first of many villagers stolen away and never seen again. In the years that her sleepy coastal village has suffered under the enemy, Emma has silently, stealthily fought back. Each day, she receives an extra ration of flour to bake a dozen baguettes for the occupying troops. And each day, she mixes that precious flour with ground straw to create enough dough for two extra loaves—contraband bread she shares with the hungry villagers. Under the cold, watchful eyes of armed soldiers, she builds a clandestine network of barter and trade that she and the villagers use to thwart their occupiers. But her gift to the village is more than these few crusty loaves. Emma gives the people a taste of hope—the faith that one day the Allies will arrive to save them.

A collection of writings by the Writers of the Round Table, a group of writers who “write to the prompt.” On these occasions, the Chinese cook’s son, suddenly making Lizzie question everything she has known to be true? Ignoring the rules of race and class, Lizzie and Noah must put the pieces together in a heart-stopping race to save the people they love. Focus, concentration and attention are 3 powerful ingredients used to create a life of fulfillment, happiness and success. These 3 ingredients make the fuel that will launch you directly towards your goals. The ability to control your mind, and focus your attention towards a specific task is one of the most important, and powerful skills a person can have. It is estimated that the average person has nearly 50,000 thoughts a day. That translates into nearly 2,083 thoughts per hour, or about 35 thoughts a minute, or about 1 thought every 2 seconds! It is also estimated that 85% to 95% of those thoughts are just nonsense or recurring thoughts. This means that our brain is wasting 90% of its time and energy processing these useless thoughts. How can we change this? This is where the phenomenal powers of focus, concentration and attention come in. With focus and concentration, you don’t have to add any more power or make your brain work faster or longer. The secret is that you need to use a better way to manage the power and energy that is already there. You need to take control over how your brain is processing and show it a new, more efficient, way to do things. Imagine each of your thoughts as being their own ray of sunlight. Most of us know that if we focus multiple rays of sunlight to a single point, by using a magnifying glass or lens, we can generate an extraordinary amount of energy. The same holds true with your thoughts. If you can direct multiple thoughts towards a single task, there will be a substantial increase in the quality of the work you produce. At the same time, there will be a substantial decrease in the amount of time it takes you to produce it. This book is full of ways to help you master your ability to focus on command. You will also learn about: Multitasking... why it is bad and how to stop doing it How to move past procrastination Methods and techniques to deal with distractions and interruptions Developing a suitable environment for better focus Increasing your attention span Meditation and how it can help How to develop focus and concentration habits Mental exercises to improve focus and concentration Focus and concentration techniques Plus much more... As your focusing strength and skills increase, the changes in your life will be profound. You will begin to experience things like: An increase in your learning speed A clearer mind without all of the brain fog An increase in your productivity level Not feeling so stressed and overwhelmed

Having to do less work with more rewards Finding it easier to comprehend new ideas A Boost in your memory skills Don’t keep procrastinating and making excuses. Don’t put it on your “ToDo” list ...and keep moving it down because something else comes up. You deserve the better life that focus, concentration and attention can bring PLEASE NOTE: If you do not purchase this book, make sure purchase a different book on the same topic. Then study it, learn the concepts, and most of all, put them into practice. It really will change your life for the better. tags:how to concentrate on studies, how to improve memory, how to improve concentration, stay focused, focused, focusing, memory, attention, concentration, concentrate, regain focus and concentration, increase attention span, increase attention, increase concentration, mental, focus span, regain focus, regain focus at work, retaining focus, retaining mental focus

OVER HALF A MILLION COPIES SOLD! This is the classic guide to astrological history, legend, and practical Readers will enjoy simple, computer-accurate planetary tables that allow anyone born between 1900 and 2100 to pinpoint quickly their sun and moon signs, discover their ascendants, and map out the exact positions of the planets at the time of their birth. In addition to revealing the planets’ influence on romance, health, and career, The Only Astrology Book You’ll Ever Need takes a closer look at the inner life of each sign. Celebrated astrologer Joanna Martine Woolfolk offers abundant insights on the personal relationships and emotional needs that motivate an individual, on how others perceive astrological types, and on dealing with the negative aspects of signs. Readers will also welcome the inclusion of new discoveries in

astronomy. Lavishly illustrated and with an updated design, this new edition is an indispensable sourcebook for unlocking the mysteries of the cosmos through the twenty-first century and beyond.

A riveting story of World War II and the courage of one young woman as she is drafted into Churchill’s overseas spy network, aiding the French Resistance behind enemy lines and working to liberate Nazi-occupied Paris... London, 1941: In a cramped bunker in Winston Churchill’s Cabinet War Rooms, underneath Westminster’s Treasury building, civilian women huddle at desks, typing up confidential documents and reports. Since her parents were killed in a bombing raid, Rose Teasdale has spent more hours than usual in Room 60, working double shifts, growing accustomed to the burnt scent of the Prime Minister’s cigars permeating the stale air. Winning the war is the only thing that matters, and she will gladly do her part. And when Rose’s fluency in French comes to the attention of Churchill himself, it brings a rare yet dangerous opportunity. Rose is recruited for the Special Operations Executive, a secret British organization that conducts espionage in Nazi-occupied Europe. After weeks of grueling training, Rose parachutes into France with a new codename: Dragonfly. Posing as a cosmetics saleswoman in Paris, she ferries messages to and from the Resistance, knowing that the slightest misstep means capture or death. Soon Rose is assigned to a new mission with Lazare Aron, a French Resistance fighter who has watched his beloved Paris become a shell of itself... with desolate streets and buildings draped in Swastikas. Since his parents were sent to a German work camp, Lazare has dedicated himself to the cause with the same fervor as Rose. Yet Rose’s very loyalty brings risks as she undertakes a high-stakes prison raid, and discovers how much she may have to sacrifice to justify Churchill’s faith in her... A rousing historical novel. - The Akron Beacon Journal, Best Books of the Year for Churchill’s Secret Messenger

Secrets of a Sun King

From Robyn Cadwallader, author of the internationally acclaimed novel The anchoress, comes a deeply profound and moving novel of the importance of creativity and the power of connection, told through the story of the commissioning of a gorgeously decorated medieval manuscript, a Book of Hours, London, 1321: In a small shop in Paternoster Row, three people are drawn together around the creation of a magnificent book, an illuminated manuscript of prayers, a book of hours. Even though the commission seems to answer the aspirations of each one of them, their own desires and ambitions threaten its completion. As each struggles to see the book come into being, it will change everything they have understood about their place in the world. In many ways, this is a story about power - it is also a novel about the place of women in the rolling and turbulent world of the early fourteenth century; what power they have, how they wield it, and just how temporary and conditional it is. Rich, deep, sensual and full of life, Book of Colours is also, most movingly, a profoundly beautiful story about creativity and connection, and our instinctive need to understand our world and communicate with others through the pages of a book. ‘Robyn Cadwallader fashions words with the same delicate, colourful intensity that her 14th century illuminators brought to their illustrated manuscripts. Book of Colours brings alive a harsh but rich past, filled with the fantasies, fears, sly wit and tender longings of the medieval imagination.’ Sarah Dunant ‘Book of Colours shows the depth of possibility a book might hold - all the while shimmering with the beauty and fragility of an ancient gilded page.’ Eleanor Limprecht ‘Extraordinary ... a real sensory experience ... suffused with colours’ ABC Radio National The Bookshelf Praise for The Anchoress: ‘So beautiful, so rich, so strange, unexpected and thoughtful - also suspenseful. I loved this book.’ Elizabeth Gilbert, author of Eat, Pray, Love ‘Affecting ... finely drawn ... a considerable achievement.’ Sarah Dunant, New York Times ‘Elegant and eloquent’ Irish Mail ‘Cadwallader’s writing evokes a heightened attention to the senses; you might never read a novel so sensuous yet unconcerned with romantic love. For this alone it is worth seeking out. But also because The Anchoress achieves what every historical novel attempts: reimagining the past while opening a new window - like a squint, perhaps - to our present lives.’ Sydney Morning Herald ‘A novel of page-turning grace’ Newtown Review of Books

Promotes verbal and written communication strategies that nurses can use to effectively meet the individualized needs of an increasingly diverse patient population in an effort to enhance patient-provider communication across the entire continuum of care.

A follow-up to The Puzzle Palace and Body of Secrets looks at the National Security Agency in the wake of September 11th, its role in the Bush administration’s controversial domestic wiretapping program, and its ongoing search for information about America’s elusive enemies. 125,000 first printing.

New York Times bestselling author Lauren Tarshis tackles the historic grizzly bear attacks in Glacier National Park in this latest installment of the groundbreaking I Survived series. No grizzly has ever killed a human in Glacier before... until tonight. Eleven-year-old Melody Vega and her family come to Glacier National Park every year, and it’s always been a place where she can forget her troubles. But this year is different. With Mom gone, every moment in the park is a heartbreaking reminder of the past. Then Mel comes face-to-face with the mighty grizzly. Now her only thought is one of survival. Mel will soon be a part of one of the most tragic seasons in the history of America’s national parks - a summer of terror that will forever change ideas about how grizzlies and humans can exist together in the wild.

Caldor Pride

The Awaited Addition to the Beloved Caldor Series from the Queen of the Western Romance! Cat is a Caldor, through and through: proud, headstrong, intelligent, and beautiful. When her fiancé is accidentally killed, she vows never to love again. But one reckless night with a handsome, gray-eyed stranger changes everything, giving her a son with striking gray eyes. Deciding to raise the baby on the Triple C Ranch, Cat thinks she’s finally got life under control—until the new sheriff, Logan Echohawk, arrives in town. He’s a ruggedly handsome man with striking gray eyes... the harder Cat tries to ignore Logan the more she finds herself torn between her promise to her first love and powerful, unexpected feelings for her child’s father. With the whole Caldor clan standing firmly behind her, and her son’s future in her hands, Cat must decide: Will she keep her heart safe or take a chance on a new, true love?

The author of A Bridge Across the Ocean and The Last Year of Her Journeys from the present day to World War II England, and two sisters are separated by the chaos of wartime... Current day, Oxford, England. Young American scholar Kendra Van Zant, eager to pursue her love of a perfect life, interviews Isabel McFarland just when the elderly woman is ready to give up secrets about the war that she has kept for decades...beginning with who she really is. What Kendra receives from Isabel is both a gift and a burden—one that will test her convictions and her heart. 1940s, England. As Hitler wages an unprecedented war against London’s civilian population, hundreds of thousands of children are evacuated to foster homes in the rural countryside. But even as fifteen-year-old Emmy Downtree and her much younger sister Julia find refuge in a charming Cotswold cottage, Emmy’s burning ambition to return to the city and apprentice with a fashion designer pits her against Julia’s profound need for her sister’s presence. Acting at cross purposes just as the Luftwaffe rains down its terrible destruction, the sisters are cruelly separated, and their lives are transformed...

The era of the Tudors was one of danger, intrigue, conspiracy, and, above all, spies. Summer 1533: at a time of danger and deceit, Brendan Prescott, an orphan, is reared in the household of the powerful Dudley family. Brought to court, Prescott finds himself sent on an illicit mission to the king’s brilliant but enigmatic sister, Princess Elizabeth. But Brendan is soon compelled to work as a double agent by Elizabeth’s protector, William Cecil, who promises in exchange to help him unravel the secret of his own mysterious past. A dark plot unfolds, Elizabeth’s quest to uncover the truth about the ominous disappearance of her seriously ill brother, King Edward VI. With only a bold stable boy and an audacious lady-in-waiting at his side, Brendan plunges into a ruthless gambit of half-truths, lies, and murder. Filled with the intrigue and pageantry of Tudor England, C. W. Gortner’s The Tudor Secret is the first book in The Elizabeth I Spymaster Chronicles.

The Premier League is immensely successful, a true worldwide success of any other English product. Such is the dominance of the Premier League that people have changed their sleeping habits on match days around the world. This fascinating book charts the rise of the Premier League. Few of its founders saw it as a worldwide phenomenon, but the power of TV media, the wider changes in Europe and influx of rich men’s money (led by Roman Abramovich) propelled the Premier League into a class of its own. Yet, the Premier League’s rise was a spectacular cocktail of events, few of which were properly anticipated let alone planned for. Without any safeguards as to how clubs are governed, or how English football is protected from predators, we are now witnessing a financial crisis of such dimensions that the game may be forced to change in order to survive. Mihir Bose, the UK’s leading sports/business journalist, takes us on a mesmerizing journey involving high stakes, multi-billion pound deals, powerful and rich people, and the future of the beautiful game.”

The Role of Moral Beliefs

The National Bestseller ‘Focused and persuasive... Bray’s book is many things: the first English-language transnational history of antifa, a how-to for would-be activists, and a record of advice from anti-Fascist organizers past and present.’—THE NEW YORKER ‘Insurgent activist movements need spokesmen, intellectuals and apologists, and for the moment Mark Bray is filling in as all three... The book’s most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for supremacists.’—Carlos Lozada, THE WASHINGTON POST ‘[Bray’s] analysis is methodical, and clearly informed by both his historical training and 15 years of organizing, which included Occupy Wall Street... Antifa: The Anti-Fascist Handbook couldn’t have emerged at a more opportune time. Bray’s arguments are incisive and cohesive, and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment.’—SAN FRANCISCO CHRONICLE In the wake of tragic events in Charlottesville, denounce the white nationalists behind it all, the “antifa” opposition movement is suddenly appearing everywhere. But what is it, precisely? And where did it come from? As long as there has been fascism, there has been anti-fascism — also known as “antifa.” Born out of resistance to Mussolini and Hitler in Europe during the 1920s and ‘30s, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be seen in news reports, often clad all in red, at presidential inauguration, and on California college campuses protesting far-right speakers, and most recently, on the streets of Charlottesville, VA, protecting, among others, a group of ministers including Cornel West from neo-Nazi violence. (West would later tell reporters, “The anti-fascists saved our lives.”) Simply, antifa aims to deny fascists the opportunity to promote their oppressive politics, and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political ad at the moment allows the slightest chance to triumph again. In a smart and gripping investigation, historian and former Occupy Wall Street organizer Mark Bray provides a detailed survey of the full history of anti-fascism from its origins to the present day — the first transnational history of postwar anti-fascism in English. Based on interviews with anti-fascists from around the world, Antifa details the tactics of the movement and the philosophy behind it, offering insight into the growing but little-understood movement.

Discover the secret missions behind America’s greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can’t fight the judge who offers him a choice: jail... or the army. Turns out there’s a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. Warfare. Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he’s there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

THE TRIAL THAT IS NOW A MAJOR MOTION PICTURE Reprinted to coincide with the release of the new Aaron Sorkin film, this book provides the political background of this infamous trial, narrating the utter craziness of the courtroom and revealing both the humorous antics and the serious politics involved. Opening at the end of 1969—a politically charged year at the beginning of Nixon’s presidency and at the height of the anti-war movement—the Trial of the Chicago Seven (which started out as the Chicago Eight) brought to face conspiracy charges following massive protests at the 1968 Democratic National Convention in Chicago, protests which continue to have remarkable contemporary resonance. The defendants—Rennie Davis, Dave Dellinger, John Froines, Tom Hayden, Abbie Hoffman, Jerry Rubin, Bobby Seale (the co-founder of the Black Panther Party who was ultimately removed from the trial, making it seven and not eight who were on trial), and Lee Weiner—openly lampooned the proceedings, blowing kisses to the jury, wearing courtroom. Eventually the judge ordered Seale to be bound and gagged for insisting on representing himself. Adding to the theater in the courtroom an array of celebrity witnesses appeared, among them Timothy Leary, Norman Mailer, Eric Guthrie, Judy Collins, and Allen Ginsberg (who provoked the prosecution by chanting “Om” on the witness stand). This book combines an abridged transcript of the trial with astute commentary by historian and journalist John Wiener, and brings to vivid life an extraordinary event whose cause for free speech and the right to protest—causes that are very much alive a half century later. As Wiener writes, “At the end of the sixties, it seemed that all the conflicts in America were distilled and then acted out in the courtroom of the Chicago Conspiracy trial.” An afterword by the late Tom Hayden examines the trial’s ongoing relevance, and drawings by Jules Feiffer help recreate the electrifying atmosphere of the courtroom.

In 1988, a retired schoolteacher named Pius Fernandes receives an old diary found in the back room of an East African shop. Written in 1913 by a British colonial administrator, the diary captivates Fernandes, who begins to research the coded history he encounters in its terse, laconic entries. What he uncovers is a story of forbidden liaisons and simmering vengeance, family secrets and cultural exiles—a story that leads him on an investigative journey through his own past and Africa’s.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine’s consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

In its 114th year, Billboard remains the world’s premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

“Capturing one librarian’s breathtaking fictional journey is a riveting way to showcase and honor the risky work of these real librarians, and the text communicates a deep reverence for their mission-and their tremendous fortitude. Illustrations depict a pale, red-haired librarian, nearly always smiling despite the obstacles that nature puts in her path. Light and shadow are used effectively to convey Mother Earth’s shifting moods... Educational and inspiring.” -Kirkus Reviews Books By Horseback is a breathtaking adventure of a young girl whose Librarian takes her to the library to bring books to children who need them. Deep into Appalachia, during the Great Depression food, education, and opportunities were scarce. Kentucky had fallen behind its neighboring states in electricity and highways, and the folks who lived in the craggy, mountainous region were struggling to survive. But courageous librarians were up to the challenge! Edith, a young Pack Horse Librarian, and her faithful horse Dan, adventure through rough terrain and a pending storm in order to deliver books to kids who desperately need them in this richly illustrated tale. Edith, like all Pack Horse Librarians, heroically risked their own safety to serve the most vulnerable members of their community. Librarians like Edith helped an entire generation learn to read and gain lifesaving knowledge in a critical time in history.

Enter a world of Egyptian pharaohs and ancient curses from the Queen of Historical Fiction. London, 1922. A discovery from ancient Egypt... A cursed package... The untold story of a young pharaoh... When Lilian Kaye finds a parcel on her grandad’s doorstep, she is shocked to see who sent it: a famous Egyptologist, dead dead that very morning, according to every newspaper in England! The mysterious package holds the key to a story... about a king whose tomb archaeologists are desperately hunting for. Lil and her friends must embark on an incredible journey - to return the package to its resting place, to protect those they love, and to break the deadly pharaoh’s curse... This crisp, beautifully paced story will hold every young reader in thrall.’ Telegraph ‘Hooked yet? You’d have to be dead and wrapped in bandages not to be.’ The Times

How the English Premier League Came to Dominate the World

365 Days of Astonishingly Accurate Revelations about Your Future, Your Secrets, and Your Strengths

Chasing Secrets

In 1953, 27-year-old Henry Gustav Molaison underwent an experimental “psychosurgical” procedure -- a targeted lobotomy -- in an effort to alleviate his debilitating epilepsy. The outcome was unexpected -- when Henry awoke, he could no longer form new memories, and for the rest of his life would be trapped in the moment. But Henry’s tragedy would prove a gift to humanity. As renowned neuroscientist Suzanne Corkin explains in Permanent Present Tense, she and her colleagues brought to light the sharp contrast between Henry’s crippling memory impairment and his preserved intellect. This new insight that the capacity for remembering is housed in a specific brain area revolutionized the science of memory. The case of Henry -- known only by his initials H. M. until his death in 2008 -- stands as one of the most consequential and widely referenced in the spiraling field of neuroscience. Corkin and her collaborators worked closely with Henry for nearly fifty years, and in Permanent Present Tense she tells the incredible story of the life and legacy of this intelligent, quiet, and remarkably good-humored man. Henry never remembered Corkin from one meeting to the next and had only a dim conception of the importance of the work they were doing together, yet he was consistently happy to see her and always willing to participate in her research. His case afforded untold advances in the study of memory, including the discovery that even profound amnesia spares some kinds of learning, and that different memory processes are localized to separate circuits in the human brain. Henry taught us that learning can occur without conscious awareness, that short-term and long-term memory are distinct capacities, and that the effects of aging-related disease are detectable in an already damaged brain.

Undersided by rich details about the functions of the human brain, Permanent Present Tense pulls back the curtain on the man whose discovery propelled a half-century of exciting research. With great clarity, sensitivity, and grace, Corkin brings readers to the cutting edge of neuroscience in this deeply felt elegy for her patient and friend.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Born on December 3rd? You're an ambitious, hardworking "idea person" and a dynamic leader. Born on December 14th? You're the "traveling salesperson" of the zodiac and a gifted marketer. All Sagittarians are charming, intelligent, and adventure-seeking, but which day of the month you're born on can determine the way in which you use those traits to your best advantage. In this exciting new book, master astrologer Phyllis Vega gives a detailed analysis for each birthday in the year, combining astrology and numerology to paint a true picture of the characteristics, desires, and destinies of people born on that day. If you were born October 5th, you're a skilled negotiator with a gift for making money. But if you were born just four days later, you're a compassionate dreamer with spiritual inclinations. Aries is the sign of the determined ram, but if you were born on April 7th, you are idealistic and inspiring.

New York Times Bestseller "Fascinating."—Men's Health, Best Beach Reads for Sports Fans On the Origins of Sports is an illustrated book built around the original rules of 21 of the world's most popular sports, from football and soccer to wrestling and mixed martial arts. Never before have the original rules for these sports coexisted in one volume. Brimming with history and miscellany, it is the ultimate sports book for the thinking fan. Each sport's chapter includes a short history, the sport's original rules, and a deeper look into an element of the sport, such as the evolution of the baseball glove; sports with war roots; a compendium of sports balls; and iconic sports trophies. Written by ESPN The Magazine's former editor in chief, Gary Belsky, and executive editor, Neil Fine, and filled with period-style line drawings in a handsome package, On the Origins of Sports is a book that sports fans and history buffs alike will want to display on their coffee tables, showcase on their bookshelves, and treasure for generations.
