First of all, we must forget everything we've ever thought about how complicated playing music is. I compare it to 'math anxiety' Many people fear music and think that it takes a genius to be a good musician. To be a master it might take a genius, but to play songs on the bass guitar, sound good and have a great time is only a lesson or two away! I have been playing and teaching music professionally for many years and was a child piano prodigy myself. I play and teach: piano, guitar, bass, flute and drums. I have thought many friends and family members how to get started playing songs on the guitar practically overnight. When you are dedicated enough and passionate about learning the bass guitar, it comes a lot easier than you may think. My fiancé is also excelling at the guitar and the bass

Take your blues mandolin playing to the next level with the Mandolin Blues Book. A collection of 101 blues riffs and solos ideal for all mandolinists looking to get a good grasp of jamming the blues. The book covers all the essential tools needed to play blues mandolin. Start by learning the 40 stylistic riffs and 25 one and two bar blues riffs in multiple keys, then move on to the longer 12 bar blues rhythm riffs and extended solos. Most of the longer rhythm riffs and solos follow the standard 12 bar blues form, so they are readily applicable to the many mandolin playing styles, including country, rock, jazz, and bluegrass, to name a few. To further deepen your mandolin skills, study the major, minor and blues scales and arpeggios as well as the library of mandolin chords and blues chord progressions in all 12 keys. No book covers everything, but with some practice, you will be ready to take your mandolin, jam the blues with confidence, and show off your new skills. ### Blues You Can Use

Builds fingerstyle blues technique and independence through musical phrases and licks

Great for acoustic guitarists who have learned the basics of the blues and are ready to take the next step. Begins with a review of technique, standard music notation and basic theory. Building on the foundations of *Beginning Acoustic Blues*, the book takes a quick look at 12-bar, 16-bar and 9-bar blues progressions. It then delves into scale- and arpeggio-based blues soloing; using 3rds, 6ths, 10ths and triads in song arrangements; extended dominant chords and jazz blues; and open tunings. The book concludes with fingerstyle pieces in the style of the masters. If you love the acoustic blues and want to learn more, this book is a must. 79 pages.

(Guitar Educational). Boogie woogie music is one of the greatest influences on the blues, swing jazz and rock 'n' roll. The style is usually identified more with the piano than the guitar; however, boogie woogie actually seems to have originated with guitar players during the latter half of the 19th century in the rough "barrel houses" of the turpentine and lumber camps of the American South. Now with this book and video pack, trace the history of boogie woogie guitar with blues historian Dave Rubin and learn how to play the essential patterns that influenced generations of musicians. Features video lessons with demonstrations of every music example in the book!
