We are all here for a purpose. We are more than enough. We just need to believe it. Plus don't miss I Believe I Can—the next beautiful picture celebrating self-esteem from Grace Byers and Keturah A. Bobo!

I Am Awesome! A Healthy Workbook for Kids was written with the needs of our youth in mind. It was written for both boys and girls, especially the tweens (ages 8-12) and early teens (13-14). The author wrote with the intention of helping this age group develop positive self-esteem. Kids have many physical and psychological changes to deal with while going through puberty, plus they are trying to cope with pressure from family, friends, teachers, coaches, and society in general, to act a certain way, often with mixed messages. This informative and motivating book will help the owner work through several of those challenges. This workbook can be used alone; in an educational or counseling setting; or, it can be something that a parent or guardian helps a child work through. Each of the six chapters of the workbook addresses one of the Six Types of Maturity: Personal - gaining self-knowledge and self-esteem by trying to work on feeling better about oneself and one's potential. Emotional - becoming aware of and able to understand and control one's feelings and thoughts; developing a positive outlook on life. Physical - taking good care of oneself as the body grows and develops, especially in terms of a healthy diet, adequate exercise, getting enough sleep, having good hygiene, and staying safe. Social - Making and keeping friends; improving communication skills; being at ease with a variety of people. Intellectual - Understanding the importance of learning about the world around us; gaining knowledge about one's interests; expanding one's creative mind. Ethical - Developing a sense of right and wrong; deciding how to be perceived; becoming a responsible citizen. The book also contains an Appendix of Fun Things to Do & Good Things to Know.

A modern classic that no child should miss. Since it was first published in 1939, Mike Mulligan and His Steam Shovel has delighted generations of children. Mike and his trusty steam shovel, Mary Anne, dig deep canals for boats to travel through, cut mountain passes for trains, and hollow out cellars for city skyscrapers -- the very symbol of industrial America. But with progress come new machines, and soon the inseparable duo are out of work. Mike believes that Mary Anne can dig as much in a day as one hundred men can dig in a week, and the two have one last chance to prove it and save Mary Anne from the scrap heap. What happens next in the small town of Popperville is a testament to their friendship, and to old-fashioned hard work and ingenuity.

In I am for Christian kids-Affirmations for Christian Kids, author Shonda Miles wants to empower Christian kids. Kids need to have positive messages. Christian Kids need to know what they

believe. They need constant reminders that at the right time they will be reminded what they believe. In I am for Christian kids, some of the affirmations are directly from the word of God. High Self Esteem is critical for Christian kids today. It is essential that kids believe the right things about themselves. The truth is if a kid believes in his or herself and talks to themselves in a positive way then nothing will stop them when they face challenges in life. Christian kids need to practice positive self-talk every day. The purpose of this book is to help kids do just that. This amazing coloring book is all about building a girl's confidence, imagination, and spirit! Affirmations will build up your child's self-esteem and transform her sense of self! The 38 coloring pages encourage little girls to think beyond social conventions and inspire conversations with adults about what it really means to be confident, brave, and beautiful. This coloring book seeks to remind and inspire girls that they are worthy, beautiful, tough and enough...it encourages children to accept their unique qualities, and promotes positive self-esteem. Positive, educational and fun a great gift for any girl! Based on studies showing that coloring books can combat stereotypes! Designed to build confidence in girls age 3-8, while giving them an opportunity to express themselves creatively!

Why Am I Here?

I Am the Sun

I Am Human A Book of Empathy Abrams

The Sun warms our days and brings light to the dark. Let's find out about the Sun, and why it's so important to life on Earth. There are many stars in the night sky, but only one that we've found so far that supports a planet filled with life, that's our star, the Sun! I Am the Sun introduces kids to the basic concepts of Space and Earth science while also teaching how important the Sun is to our very existence here on Earth. From the air we breathe to the everchanging weather, the Sun is a source of life for all of us. Young children will learn about basic concepts of astronomy, how the sun got its start in space, and how it's the glue that holds the solar system together. I Am the Sun is a great beginning science book for kids. Images are big and bright for kids ages 3-8. The concepts are basic and geared for preschool through second grade learners.

It's okay to need some help. It's okay to be a different color. It's okay to talk about your feelings. From the bestselling author Todd Parr comes a reassuring book about being who you are. Told with Todd Parr's signature wit and wisdom, It's Okay to Be Different cleverly delivers the important messages of acceptance, understanding, and confidence in an accessible, child-friendly format. The book features the bold, bright colors and silly scenes that made Todd a premiere voice for emotional discussions in children's literature. Targeted to young children first beginning to read, this book will inspire kids to celebrate their individuality through acceptance of others and self-confidence--and it's never too early to develop a healthy self-esteem. It's Okay to Be Different is designed to encourage early literacy, enhance emotional development, celebrate multiculturalism and diversity, and promote character growth.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Look At My Book!

I am human I am a work in progress Striving to be the best version of ME From the picture book dream team behind I Am Yoga and I Am Peace comes the third book in their wellness series: I Am Human. A hopeful meditation on all the great (and challenging) parts of being human, I Am Human shows that it's okay to make mistakes while also emphasizing the power of good choices by offering a kind word or smile or by saying "I'm sorry." At its heart, this picture book is a celebration of empathy and compassion that lifts up the flawed fullness of humanity and encourages children to see themselves as part of one big imperfect family—millions strong.

I Am a Super Girl!: An Acorn Book (Princess Truly #1)

I Am Me

How Kids Can Write & Illustrate Terrific Books

Do you remember your first friend? Your friends always find a way to double your joys and halve your sorrows. This fun, rhyming book helps children understand the value of having friends and of being a friend to others.

If your kids are interested in bugs, they'll definitely buzz with laughs and literacy over this engaging, informative, and science (STEM) book. This funny bug-story offers interesting and kid-friendly facts about insects' diverse features and their unique ways of life. The little spider doesn't initially know who he is. Yet with the ladybug's help, he meets different backyard bugs to understand who he looks like. By merging nonfiction and fiction, the author cleverly soars and scores in this nature book! DO INSECTS SCARE YOUR CHILDREN? Fizzle the fear factor associated with bugs with this amazing book. All characters are cute and relatable, without evoking fear or disgust. They're specifically endowed with human traits and emotions; and at the same time, the structure of their bodies is realistic. The book teaches friendship, benevolence, compassion, empathy, self-care, and cooperation. It positively shows insects, indicates their role in nature and benefits to humans, and demonstrates how to purge young readers' fears associated with them. Besides, each character within the book has its own info-spread with large photos and interesting facts that even adults don't know. At the same time, the book isn't too scientific and isn't overloaded with information. Fictional and educational spreads follow each other cohesively and creatively. They're separated so it's easy to skip educational ones for younger kids. Your kids will have fun. They'll also learn more about bugs than their peers while also mastering key literacy skills. This book provides a hive of activity, as exhibited below: Large book format, appealing illustrations, and alluring photographs. The colorful illustrations take up the entire spread and contain a large number of details that are interesting to study. The book is designed for a wide range of ages and will last a long time: babies can examine the illustrations, older children can read for themselves, and study the facts. Special book formatting (paperback only), so that the child can read easily: paragraphs instead of solid blocks of text, double spaces between sentences, semantic hyphenations. Characters are personified to also teach critical social skills and socioemotional development. Perfect gift for any holiday, birthday, classroom gift for teachers, home library, etc. Pick up your copy today and make your young bug-enthusiast happy, informed, and empowered! Get busy as a bee and buzz with reading! Max learns from his grandfather that his purpose is to be the-best-version-of-Max he can be, and he shares this lesson with his classroom. Asking the question "how can I be the best me?" helps him and his classmates change their behaviors in small, startling ways.
