BLAZON, A TIGER, IS TRAPPED IN THE DEADLIEST APOCALYPSE-REVERSED ORDER EXISTENCE.

REVERSED ORDER EXISTENCE has

engulfed Tra Land. It is the weapon of the rising Mediocre (Monsters) led by MIZARD, the monster lord against the Meritorious (Tras) led by their Reverend Crown DIAMONDES. Meritocracy is responsible to have created dangerous divisions and deprivations amongst citizens through Status States. But BLAZON is no tra or monster but is tortured and chased. There is too little time to survive and incomplete deaths are rapid. Identity, love, betrayal, treachery, power, survival, family, friendship, tiger-human conflict will be judged in REVERSED ORDER EXISTENCE. There is no going back! Editorial Reviews REVERSED ORDER EXISTENCE: An apocalypse made by indicting the nature, manipulating the Natural Order of Existence. If all the existing energies,

resources that exist in the Natural Order of Existence are sucked out from the particular world and stored and concentrated in another, then the former gets rid of the natural conditions of life and existence.

FOURTH IN THE MARTIN BORA SERIES. SPELLBINDING MULTI-LAYERED CRIME NOVEL SET IN UKRAINE AS THE GERMANS REGROUP AFTER THE DISASTER OF STALINGRAD. FOR FANS OF PHILLIP KERR (BERNIE GUNTHER SERIES), ALAN FURST (SPIES OF THE BALKANS). THE HERO, MAJOR MARTIN BORA, IS AN

ARISTOCRATIC GERMAN OFFICER OF THE ILK OF CLAUDS VON STAUFFENBERG, TORN BETWEEN HIS DUTY AS AN OFFICER AND HIS INTEGRITY AS A HUMAN BEING. Ukraine, 1943. Having barely escaped the inferno of Stalingrad, Major Martin Bora is serving on the Russian front as a German counterintelligence officer. Weariness, disillusionment, and battle fatigue are a soldier's daily fare, yet Bora seems to be one of the few whose sanity is not marred by the horrors of war. As the Wehrmacht prepare for the Kursk counter-offensive, a Russian general defects aboard a T-34, the most advanced tank

of the war. Soon he and another general, this one previously captured, are found dead in their cells. Everything appears to exclude the likelihood of foul play, but Bora begins an investigation, in a stubborn attempt to solve a mystery that will come much too close to home.

"Pastor's plot is well crafted, her prose sharp. . . . A disturbing mix of detection and reflection."—Publishers Weekly "A mystery, it rivets the reader until the end and beyond, with its twist of historical realities. A historical piece, it faithfully reproduces the

grim canvas of war. A character study, it captures the thoughts and actions of real people, not stereotypes."—The Free Lance-Star Part wartime political intrigue, detective story, psychological thriller, and religious mystery, Ben Pastor's debut follows a German army captain and a Chicago priest as they investigate the death of a nun in Nazi-occupied Poland. In October 1939 Captain Martin Bora discovers the abbess, Mother Kazimierza, shot dead in her convent garden. Her alleged power to see the future has brought her a devoted following; her work and motto, "Lumen

Christi Adiuva Nos" ("Light of Christ, help us"), appear also to have brought some enemies. Father Malecki has come to Cracow, at the pope's bidding, to investigate Mother Kazimierza's powers. The Vatican orders him to stay and assist Bora in the inquiry into her killing. Stunned by the violence of the occupation and the ideology of his colleagues, Bora's sense of Prussian duty is tested to the breaking point. The interference of seductive actress Ewa Kowalska does not help matters. Ben Pastor, born in Italy, has lived for thirty years in

the United States, working as a university professor in Vermont. She is the author of other novels, including *The Water Thief* and *The Fire Walker* (St. Martin's Press). 500 Years of New Words

For the last five years, Veier has been chained to a king's throne in his bear form. When a neighboring kingdom overthrows the crown, Veier's imprisonment ends, but true freedom is not so easily earned. With blood on his hands, he needs someone with patience, strength, and trust to help him become the person he was before and prove to the invaders that he isn't the monstrous king's loyal pet. Elrid, the invading king's brother and a powerful mage,

is everything Veier despises. He's also the only thing between Veier and execution, because he thinks he can help Veier change from an aggressive bear shifter into a reasonable man. While the pair have a rough start, with long talks and mutual leaps of faith, they begin to care for each other. However, the closer Veier gets to his freedom, the closer he is to losing Elrid. He must find balance in his heart and his life if he wishes to truly claim the freedom he's been given—and the man he loves. **See this title's page on RiptidePublishing.com for content warnings.**

"Lumen's plot is well crafted, her prose shap . . . a disturbing mix of detection and reflection."—Publisher's Weekly Rome, 1944. While the Allies are fighting their way up the Italian peninsula, Rome lives the last days of Nazi occupation. Their world is falling apart as the German Army, the Gestapo, and the SS vie for power while holding glittering and debauched parties. But this is also a time of Italian partisan attacks, arrests, and mass executions, all to the sound of Allied artillery bombardment just outside the walls of the city. Baron Martin von Bora, an officer in the Wehrmacht, has the complex and delicate task of solving not one, but three murders. A young

German embassy secretary has "accidentally" fallen to her death from a fourth-floor window, and a Roman society lady and a headstrong cardinal of the Roman Curia are found dead in her apartment. The cardinal is personally known to Bora and, like the officer, secretly active in the resistance against the Third Reich. With Italian police inspector Sandro Guidi at his side, Bora sets off to establish the truth. Different as they are, the two men confront crime, war, and dictatorship in the awareness that the dignity of man comes at a price beyond all imagination.

We live in a world of Light and Dark, Day and Night, Good and Evil. How do we deal with evil? Despite its power and resources, the state with all its laws and police is neither

omnipotent nor omnipresent. It is not always enough. There is a place called Pera which lies beyond the Light Veil, on the other side of reality. There are light trees there that eat sunlight and bear fruit that, in turn, lights up and energises (literally) the community of Pera. There are light birds that glitter in the night because they have eaten the seed of the lightberry. The House of Light and Dark, which is the domain of the Sun and her brother, Twilight, welcomes all creatures living in Pera. But in the midst of all the glitter, laughter and the songs, it must be remembered that the lightberry is poisonous to the non-Pera born, and the Land is afraid when the Sun retreats, for it is then that Twilight walks the streets... In Pera, as in our world, there is deceit

and cruelty. There are people who would harm defenceless children, and those who would jeopardise the health and wealth of their communities for personal gain. What happens, though, when the Sun is not able to shine her light into the repulsive crevices of humanity? When, with all the goodwill in the world, we cannot keep the children safe, or the forests intact. What happens when the rivers are polluted irreversibly, and we can hear the land groan: barren and toxic? And the people have lost their savings, their homes and their communities... Then, the Dark shall do what Light cannot. With some of the characters that we originally met in LiGa™, Sanem Ozdural's first novel, the Dark shall do what Light cannot transports us from New York to the colourful

and wonderful world of Pera. On the way we meet the pirate Patron and her ship the Flying Fish, the only one that can sail through the Light Veil; Orion (Imm.), the Hunter, respected by some and feared by others; and Shadow, the formidable soul of Pera.

MEMORIAS DE UN PORRETA

At the dawn of human civilization, beings from another planet land on Earth. At first, they seem friendly enough, promoting peace and sharing their incredible magic

with the habitants of their new world. While human in appearance, Dragonians have the ability to transform into the towering beasts we know today as dragons. Carving out a canyon, they create their capital and claim their own piece of land. After a terrible tragedy during the birth of the Dragonian king's son, they begin enslaving humanity, imposing despotic rule over their new home. As the dragons' hold on the land surrounding their black castle begins to tighten, the king's allies begin to question his motive, and his sanity. In the

middle of a plot against the king and his rule is a young, untrained prince; a hero some don't believe exists. As he becomes more and more entwined with those plotting for change, he must open himself up to learn what he's missed his entire life. Soon, he will learn what it truly means to be free, and what it means to fight for those who cannot. Otoño de 1940, Francia sufre la ocupación del Ejército alemán. Al capitán Martin Bora, de contrainteligencia militar, se le ordena trasladarse primero a París, donde debe contactar con un

polaco que tiene importante información oculta de los soviéticos, y luego a Bretaña para seguirle la pista a un oficial alemán que aparentemente está allí estudiando insectos: Ernst Jünger, héroe de la Primera Guerra Mundial y conocido escritor. Bora lo admira, pero el régimen de Hitler desconfía de él. Su misión se va a complicar cuando es brutalmente asesinada la esposa de un ambicioso contraalmirante alemán, bien relacionado con la cúpula de los servicios de información militar: una mujer bretona,

muy religiosa y de familia adinerada, madre de un complejo oficial de la Marina. Bora tendrá que asumir la investigación de un caso que plantea muchas dudas, en un ambiente ambiguo, agitado de pasiones e intereses ocultos de todo tipo. Una investigación salpicada de "pequeños incendios" en la que contará con la ayuda del enigmático Ernst Jünger desde una esquivia y desconfiada amistad. Un cura expulsado del sacerdocio, nacionalistas bretones, una cantante de cabaret desencantada con la vida, una

población bretona menos resistente al invasor de lo que se esperaba, la hostilidad de los SS..., todo envuelto por la misteriosa magia celta, las tradiciones arcanas y las brumas de Bretaña, marcarán las pesquisas de un Martin Bora que de nuevo, buscando algo de humanidad y justicia en medio de los horrores de la guerra, tendrá que enfrentarse a la disyuntiva de cumplir con su deber o no traicionar sus profundas convicciones morales.

An Elementary Introduction to the Taita Language, Eastern Equatorial Africa

Pulitzer Prize-winning author James A. Michener brings Hawaii's epic history vividly to life in a classic saga that has captivated readers since its initial publication in 1959. As

the volcanic Hawaiian Islands sprout from the ocean floor, the land remains untouched for centuries—until, little more than a thousand years ago, Polynesian seafarers make the perilous journey across the Pacific, flourishing in this tropical paradise according to their ancient traditions. Then, in the early nineteenth century, American missionaries arrive, bringing with them a new creed and a new way of life. Based on exhaustive research and told in Michener's immersive prose, Hawaii is the story of disparate peoples struggling to keep their identity, live in harmony,

and, ultimately, join together. BONUS: This edition includes an excerpt from James A. Michener's Centennial. Praise for Hawaii "Wonderful . . . [a] mammoth epic of the islands."—The Baltimore Sun "One novel you must not miss! A tremendous work from every point of view—thrilling, exciting, lusty, vivid, stupendous."—Chicago Tribune "From Michener's devotion to the islands, he has written a monumental chronicle of Hawaii, an extraordinary and fascinating novel."—Saturday Review "Memorable . . . a superb biography of a

In the summer of 1981 Will Traverse set out to walk across the city of Brisbane; a journey that took him from an Aboriginal bora ground in the Samford valley west of the city, through the city centre, and on to a midden on Stradbroke Island. At that time Brisbane, a small city under the yoke of an ultra-conservative state government, was transitioning from what many called that great big country town into what would become the two-hundred-kilometre city. Wills journey, through time and space, maps a unique portrait of a city and its people during this time of change. Along the way he met many

characters, including the last Samford dairy farmer and his dog, a woman who told him things shed held secret for too long, and an American soldier whod been stationed in Brisbane during the Pacific Campaign. There were many strange encounters, including a drunken game of racing peanuts, a conversation with six cane toads, and monsters in the night. As he walked Will sometimes recalled events from his own past. Sometimes these memories were pleasant, some bitter-sweet, but there was one, concerning a visit to a place of evil, that haunted him.

Un libro políticamente incorrecto que espero que nunca lean mis hijos. Sinopsis Tras releer mi diario, 20 años después, hay dos preguntas que me hago al momento: ¿Cómo es que aún sigo vivo? ¿Cómo es que nunca me arrestaron? El libro acompaña mi vida cotidiana durante mi etapa de estudiante universitario, donde además de beber cerveza y fumar hachís con regularidad, también peleé, robé, tuve relaciones

sexuales con desconocidas, llevé droga desde Holanda, dañé espacios públicos, me enamoré y lloré. Un libro políticamente incorrecto que espero que nunca lean mis hijos. Un libro crudo que enseña el alma humana como en realidad es ? Al escribir este libro me sumí en un océano de emociones. Eché de menos las locuras de mi juventud y las personas que conocí y que perdí el contacto. Sin embargo, hubo momentos en los que me perturbé, me pregunté el porqué de ciertas acciones. Cabe decir que esto no es una novela, sino una purga interna.
