A Biographical Dictionary

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Rather than focusing on technical and mechanical details, Music and Technology: A Historical Encyclopedia features the sociological role of technological developments by highlighting the roles they have played in society throughout time. Students and music fans alike will gain valuable insight from this alphabetized encyclopedia of the most significant examples of technological changes that have impacted the creation, production, dissemination, recording, and/or consumption of music. The book also contains a chronology of milestone events in the history of music and technology as well as sidebars that focus on several key individual musicians and inventors.

Music and Technology: A Historical Encyclopedia

Produced in association with the Museum of Broadcast Communications in Chicago, the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people, networks and organizations, regulation and policies, audience research, and radio's technology. This encyclopedic work will be the first broadly conceived

reference source on a medium that is now nearly eighty years old, with essays that provide essential information on the subject as well as comment on the significance of the particular person, organization, or topic being examined.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.
