DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period.

Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

"Toni Yancey's book is a terrific tool as we work together to promote healthy and active lifestyles."--Bill Clinton "Instant Recess is a call to all of us to get up and move. Part personal memoir, part public health manifesto, and part poetry, Yancey's warmth and enthusiasm shine through this book. I'm betting that she can convince anyone that moving more is not only good for health, but easy and lots of fun to do."--Marion Nestle, author of *What to Eat* "In *Instant Recess*, Dr. Yancey provides the tools to get America moving, in a very accessible style with the scientific research to back it up. Her call to incorporate short exercise breaks into routine, daily activities is one step that can create a true wellness society."--Senator Tom Harkin (D-IA), Chairman, Senate HELP Committee "Dr.

Toni (Antronette) Yancey has influenced and impacted community health and fitness in a number of profound ways! Her book is a must read for anyone interested in living a longer, healthier, and more fulfilling life. Recently, at the First AME Church of Los Angeles, we incorporated a quick but effective fitness interlude into all three of our Sunday worship services. The enthusiastic response from our congregation was tremendous! Thank you, Dr. Yancey, for waking us up to the dangers of our sedentary lives and for awakening our desire to get into better physical shape."--Rev. Dr. John & Denise Hunter, Pastor and First Lady of First AME Church of Los Angeles, the White House-designated local lead agency for Michelle Obama's Let's Move LA "Instant Recess is a necessary part of a complex solution to our society's epidemic of inactivity. It can work equally well in the corporate boardroom, school classroom, or for fans at a sporting event for that matter. It is a great place to start if we don't want to leave anyone behind. I'm all for breaking our national inertia with a musical beat and a smile on our faces."--Dave Winfield, National Baseball Hall of Fame 2001, Executive Vice President and Senior Advisor, San Diego Padres "Dr. Yancey writes on a topic about which she is both passionate and knowledgeable. Doable in just about any setting, Instant Recess could get America moving again."--David Satcher, M.D., Ph.D., 16th Surgeon General of the United States "Instant Recess is an

excellent, easy to read, informative book describing how we must all change our lifestyle patterns and incorporate activity into our day. Yancey poignantly shows why 'instant recesses' are needed by corporate Americans, educators, public health and medical professionals. This isn't just a simple how-to book, but also a how-come."--Francine Kaufman, Head of the Center for Diabetes, Endocrinology and Metabolism at Childrens Hospital Los Angeles "For the average person who continues to yo-yo between the hype of miracle weight loss gimmicks and the allure of fast food franchises, Instant Recess offers an easy and free solution to creating a healthier lifestyle."--Sharon Baucom, Medical Director of the Department of Public Safety and Correctional Services for the State of Maryland "A thoughtful and innovative approach to community-wide physical activity from a lay person's perspective. This book is well grounded in scientific evidence that is also contextualized in simple examples and in real life experiences people will be able to relate to."--Adrian Bauman, University of Sydney "I've seen everyone from curmudgeonly researchers and uptight bureaucrats to former elite athletes to avowed non-exercisers sucked in by the warm, inclusive energy and ease of her approach to getting people physically active. Most are smiling, some outright laughing as they rediscover the joy of moving. Thankfully, Toni captures the essence of that joy in her book, along with the practical guidance necessary to

help anyone start making physical activity a part of their life and their community again."--Mark Fenton, PBS television host and author of The Complete Guide to Walking for Health, Weight Loss, and Fitness "I read Instant Recess and couldn't help but jump for joy. Dr. Yancey's got the recipe for success to help turn around the epidemic of inactivity in our country. Finally we have a book that shows Americans how to build that strong base of fitness, 10 minutes of hip hopping at a time. Now, if you'll excuse me. It's time for me to take my Instant Recess."--Pam Peeke MD, MPH, FACP, author of Body for Life for Women, Chief Medical Correspondent for Nutrition and Fitness, Discovery Health TV "Through the San Diego Padres organization we've worked with Dr. Toni Yancey for nearly 4 years on various healthy eating and fitness related projects ... Dr. Yancey is an educated, dynamic, trusted and respected colleague who has a thorough knowledge of public health issues. Her knowledge, advocacy and connection to community service organizations across the country has been key. She's recruited a great number of them to enter the fight against childhood obesity by offering a wide variety of active lifestyles options. Influencing America to move towards healthy eating, better nutrition, and into her activity routine called Instant Recess is a significant and continuous task ... It's a pleasure working with this former collegiate athlete, Ph.D. and public servant. We need more people like Dr.

Toni Yancey combatting this nationwide health crisis."--David Winfield, member of the Baseball Hall of Fame, and Co-Director at UCLA Kaiser Permanente Center for Health Equity

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and

misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

The Moral of the Story: An Introduction to Ethics

In the Labyrinth of Drakes: the thrilling new book in the acclaimed fantasy series from Marie Brennan, as the glamorous Lady Trent takes her adventurous explorations to the deserts of Akhia. Even those who take no interest in the field of dragon naturalism have heard of Lady Trent's expedition to the inhospitable deserts of Akhia. Her discoveries there are the stuff of romantic legend, catapulting her from scholarly obscurity to worldwide fame. The details of her personal life during that time are hardly less private, having provided fodder for gossips in several countries. As is so often the case in the career of this illustrious woman, the public story is far from complete. In this, the fourth volume

of her memoirs, Lady Trent relates how she acquired her position with the Royal Scirling Army; how foreign saboteurs imperiled both her work and her well-being; and how her determined pursuit of knowledge took her into the deepest reaches of the Labyrinth of Drakes, where the chance action of a dragon set the stage for her greatest achievement yet. In the exercise world, there's something new in equipment, research, gadgets, videos, and Web sites just about every day. Health clubs are offering innovative new classes like cardio kickboxing and firefighter boot camp, and nifty new machines, like the elliptical trainer. Meanwhile, scientists have published scores of new studies suggesting that exercise may, among other things, improve memory, reduce the risk of breast cancer, and give you a mood boost. *Fitness For Dummies, 2nd Edition*, updates you on all the latest – the good, the bad, and the totally weird. The American artist Terry Winters (b 1949), known for his sensuously abstract paintings and drawings, is also a distinguished printmaker. He has explored a wide range of printing methods and techniques, including intaglio, lithography, screenprinting, woodcut, and linoleum cut, and has worked at such notable print ateliers as Universal Limited Art Editions in West Islip, New York, and the Aldo Crommelynck studio in Paris.

Winters's early works, sometimes described as organic abstraction, resonate with echoes of the natural world, while his more recent prints contain layered abstract fields that address how consciousness relates to visual form. This catalogue, accompanying a retrospective exhibition of

Winters's prints, will consist of a short essay, a selected bibliography, and a checklist of approximately 90 works. The prints, all from the collection of the Metropolitan Museum, will be on display from 12th June to 30th September 2001.

*In this inspirational and humorous collection of essays, author John Dietsch sees his addiction to and passion for fishing as a parable that can help us shift from compulsive thinking to mindfulness and a closer connection to God. From creating fishing scenes on the set of *A River Runs Through It* in Montana, to directing fly fishing shows in New Zealand and from exploring deep canyons in California to guiding in Colorado, John shares his experiences and asks the question: what are we really fishing for? Through John's journeys across the globe, we discover that the same pursuit in fishing—of what is elusive but attainable—can be applied to our own spiritual journey. In the end, Dietsch uncovers his own truth under the rocks of a childhood river, recognizing the loss of both his brothers as the path of acceptance and faith that is graced by waters.*

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardized up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more

effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Robert J. Blackwell Assistant Secretary for Maritime Affairs
