

Box Of Mixed Chocolates A

A deliciously illustrated historical tour of England ’ s “ chocolate city. ” In the nineteenth century, York was renowned for confectionery—particularly chocolate. Treats like Kit Kat, Fruit Gums, All Gold, and Butterkist were made by York companies Rowntree ’ s, Terry ’ s, and M.A. Craven and Son. This new book is the first to chart the history of chocolate and confectionery manufacture and marketing by York companies, from their origins in the eighteenth century through to recent takeovers by Nestle, Tangerine, and Kraft. Revolutionary new products such as Easter eggs in the 1870s and chocolate assortments in the 1890s are covered—along with such crucial turn-of-the-century developments as milk chocolate and the chocolate bar. The significance to the industry of the Quaker movement is discussed, along with an examination of the impact of the world wars and the intervening depression. Fully illustrated throughout, this book provides both an enlightening view of the chocolate industry—from production, quality control, distribution, and marketing to packaging, design, and branding—as well a tasty morsel of British history.

Revisit the first novel in bestselling author Sheila Roberts' adored Life in Icicle Falls series Sweet Dreams Chocolate Company has been in the Sterling family for generations, ever since Great-Grandma Rose literally dreamed up her first fabulous recipe. But now it looks as if they're about to lose Sweet Dreams to the bank—and that would be a disaster, not only for the family but for the town of Icicle Falls, Washington. Can Samantha, the oldest daughter and new head of the company, come up with a way to save it? After Samantha does some brainstorming with her mother and sisters, inspiration strikes. They'll have a chocolate festival! Time's running out, but the Sterling women are determined and the town's behind them, so everything's bound to go smoothly.... Or not. Events seem to be conspiring against Samantha, and her mother's attempts to help aren't helping. To make matters worse, the fate of her company is in the hands of her archenemy, Blake Preston, the bank manager with the football-hero good looks. It's enough to drive her to chocolate. But Blake's also enough to convince her that (believe it or not) there's something even better than chocolate. Previously published as Better Than Chocolate.

Kit Kat, Turkish Delight, Creme Egg, Rolo and All Gold: they are all as much a part of British life as were the companies that made them and which led the chocolate revolution in the nineteenth century: Rowntree's, Fry's, Cadbury's, Mackintosh and Terry's. This book charts the history of chocolate manufacture, marketing and consumption in Britain from its origins in the eighteenth century. It then describes the golden age from 1900 to the 1970s and the subsequent US and Swiss invasions, spearheaded by brands such as Mars, Toblerone and Nestlé's Milky Bar, including the takeovers by Nestle and Kraft.

Preparing your own traditional, handcrafted chocolates is an amazing experience! The author, Adi's, first exposure to the art of making handmade Candies was in a boutique factory in rural England - and she was blown away! Since the confectioner would not agree to share his secrets, and there were few books available on Candy making, she had to figure things out on her own. She realized that this is what she wanted to pursue in her life, so she created her own brand, "Handmade Candies." Enjoy mouth-watering recipes for every kind of candy imaginable! Adi learned to prepare a broad range of quality, handcrafted chocolates with unique textures and surprising flavors. Her candies are created using traditional methods and contain no gluten, preservatives, or artificial flavors or colors! This book features 25 of her recipes for chocolates that anyone can prepare at home. It is also a great opportunity to get the children into the kitchen. No need to go to workshops! It is Adi's hope that you will enjoy preparing chocolates as much as she does. Scroll up now to get your copy of Handmade Chocolate!
