Accompanies: 9781259663734. This item is printed on demand.

Essentials of Economics is the market leader for the one-semester survey course. In just about 400 pages, it provides a solid introduction to the core concepts of economics with an emphasis on real-world examples and current events.

Essentials has earned its popular success because, unlike other books on the market, it is free of the abstract and complex theory that requires more time than this course allows. Instead, the text is clean and concise, with many examples of significance to students today, including Headlines and Policy Perspectives that use current events to help illustrate the topics discussed. This real-world policy emphasis is a distinctive feature of Schiller's text and is integral to its dominance of the survey text market.

Schiller's Essentials of Economics is the market leader for the one-semester survey course, praised for its strong policy focus and core theme of seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. The 9th edition is benefitted by SmartBook, the first adaptive reading experience designed to engage students with the content in an active and dynamic way, as opposed to the passive and linear reading experience they are used to. As a result, students are more likely to master and retain important concepts in the survey course. As in previous editions, students are confronted early on with the reality that the economy doesn't always operate optimally, either at the macro or micro level, and are encouraged to examine the policy challenge of finding the appropriate mix of market reliance and government regulation that generates the best possible outcomes. In addition to the suite of resources available within Connect Economics, over 100 key topics are reinforced with interesting and innovative videos on YouTube, provided to help non-majors see the relevance of economics. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Study Guide to accompany Essentials of Economics

Written specifically for the one semester survey of economics course, Schiller's Essentials of Economics is

known for seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. Schiller is dedicated to introducing core economic principles in a real-world context by focusing on trending policies and front-page developments. As in earlier editions, the eleventh edition strives to engage students by illustrating economics with examples of applied economy theory found in real-world institutions, policy debates, and global developments. Essentials of Economics is thoroughly integrated with the adaptive digital tools available in McGraw-Hill's Connect, proven to increase student engagement and success in the course. Coauthor Karen Gebhardt has closely aligned digital resources to the text benefiting both students and instructors. Essentials of Economics features the latest suite of Connect resources including SmartBook 2.0. Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. SmartBook™ is the first and only adaptive reading experience designed to change the way students read and learn. It creates a personalized reading experience by highlighting the most impactful concepts a student needs to learn at that moment in time. As a student engages with SmartBook, the reading experience continuously adapts by highlighting content based on what the student knows and doesn't know. This ensures that the focus is on the content he or she needs to learn, while simultaneously promoting long-term retention of material. Use SmartBook's real-time reports to quickly identify the concepts that require more attention from individual students—or the entire class.

Thinking, Feeling and Behaving in a Global Context

Written specifically for the one semester survey of economics course, Schiller's Essentials of Economics is known for seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. As in earlier editions, the tenth edition strives to arouse interest in economic theories by illustrating them in the context of actual institutions, policy debates, and global developments. Built to provide interactive support for the introductory student, Connect® for the 10th edition features SmartBook®'s adaptive reading experience embedded with

learning resources as well as guided examples featuring coauthor Karen Gebhardt, among other resources. Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. Cram101 Just the FACTS101 studyguides gives all of the outlines, highlights, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. With increasing globalization, countries face social, linguistic, religious and other cultural changes that can lead to misunderstandings in a variety of settings. These changes can have broader implications across the world, leading to changing dynamics in identity, gender, relationships, family, and community. This book addresses the subsequent need for a basic understanding of the cultural dimensions of psychology and their application to everyday settings. The book discusses the basis of culture and presents related theories and concepts, including a description of how cognition and behavior are influenced by different sociocultural contexts. The text explores a broad definition of culture and provides practical models to improve intercultural relations, communication, and cultural competency. Each chapter contains an introduction, a concise overview of the topic, a practical application of the topic using current global examples, and a brief summary. This up to date overview of psychology and culture is ideal reading for undergraduate and graduate students and academics interested in culturally related topics and issues.

Schiller's Essentials of Economics is the market leader for the one-semester survey course, praised for its strong policy focus and core theme of seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. The 9th edition is benefitted by SmartBook, the first adaptive reading experience designed to engage students with the content in an active and dynamic way, as opposed to the passive and linear reading experience they are used to. As a result, students are more likely to master and retain important concepts in the survey course. As in previous editions, students are confronted early on with the reality that the economy doesn't always operate optimally, either at the macro or micro level, and are encouraged to examine the policy challenge of finding the appropriate mix of market reliance and government regulation that generates the best possible outcomes. In addition to the suite of resources available within Connect Economics, over 100 key topics are reinforced with interesting and innovative videos on YouTube, provided to help non-majors see the relevance of economics.

Real examples. Real companies. Real business decisions. Covering the core economics principles and providing engaging, relevant examples within just nineteen Chapters, Hubbard Essentials of Economics is the perfect teaching and learning resource for a one semester unit. The authors present economics as a dynamic, relevant discipline for Australasian students. The key questions students of first year economics ask themselves are: 'Why am I here?' and 'Will I ever use this?' Hubbard Essentials of Economics answers these questions by demonstrating that real businesses use economics to make real decisions every day. Each chapter of the text opens with a case study featuring a real business or real business situation, refers to the study throughout the Chapter, and concludes with An Inside Look—a news article format which illustrates how a key principle covered in the

Chapter relates to real business situations or was used by a real company to make a real business decision.
