The explosion of a jetliner over India triggers an Apocalyptic battle that sweeps across the subcontinent. Reprint.

We all have one thing we wish for on the first star of the night. For the last three years, geeky high school senior Patrick Connolly has harbored a secret desire for the attention of his beautiful and seemingly unattainable classmate Nualla—a girl he's never even spoken to. However, when Nualla's abusive ex corners her in the deserted hallway of their elite San Francisco private high school, will Patrick finally find the courage to speak up? Or will his heart's desire remain a secret forever? This one decision could spell his doom or be the answer to his dreams...or both. Because you see, his dream girl has secrets of her own...like the fact she isn't even human.

Study Guide to Brave New World and Other Works by Aldous Huxley

When Kit Gillespie learns that his longtime, world-wandering girlfriend, Julia, has died he can't avoid asking himself: Was it his fault? Why couldn't she settle down? How did they ever think they could have a life together? To find answers he looks to Julia's letters and his memories of their times together. And he does something he has never done before - he travels. He turns to other people, other places to help him gain perspective on who Julia really was and why things turned out the way they did.

A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works by Aldous Huxley. James Tait Memorial Prize Winner for Fiction in 1939. Titles in this study guide include Brave New World, Point Counter Point. After Many a Summer Dies the Swan, and Eyeless in Gaza. As a gifted critic with an unprecedented intelligence, Huxley's science fiction vividly expresses the power and corruption of technology and politics in contemporary society. Moreover, Huxley's lifelong concentration on the impacts of science and technology on life can be seen through his use of dystopian imagery and symbolism. This Bright Notes Study Guide explores the context and history of Huxley's classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research.

Brave New WorldArrow

Jenny was left by her parents at a stanger's door. She goes from home to home hoping to find the home that will keep her and love her . But every home gets ripped from her fingers . The only stable thing in her unstable life is the social worker at the State Child Protection Office, Mary . Maybe with Mary, Jenny will find her way through the maze of life.

Brave New World and Brave New World Revisited

A Study Guide for Aldous Huxley's Brave New World

Nineteen Eighty-Four

Tears of a Tiger

The Phoenix and the Turtle

Brave New World is a dystopian social science fiction novel by English author Aldous Huxley, written in 1931 and published in 1932. Largely set in a futuristic World State, whose citizens are environmentally engineered into an intelligence-based social hierarchy, the novel anticipates huge scientific advancements in reproductive technology, sleep-learning, psychological manipulation and classical conditioning that are combined to make a dystopian society which is challenged by only a single individual: the story's protagonist. Huxley followed this book with a reassessment in essay form. Brave New World Revisited (1958), and with his final novel, Island (1962), the utopian counterpart. The novel is often compared to George Orwell's Nineteen Eighty-Four (published 1949). In 1999, the Modern Library ranked Brave New World at number 5 on its list of the 100 best English-language novels of the 20th century. In 2003, Robert McCrum, writing for The Observer, included Brave New World chronologically at number 53 in "the top 100 greatest novels of all time", and the novel was listed at number 87 on The Big Read survey by the BBC. This edition pairs Brave New World with Brave New World Revisited, Huxley's book about the original novel.

When Aldous Huxley wrote his famous novel Brave New World, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, Brave New World Revisited is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally assumed, and provides his own suggestions on how to bring an end to this decadent decline. Brave New World Revisited condems symptoms of modern life such as overpopulation, propaganda and extreme government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in Brave New World Revisited are still startlingly relevant, lending a chilling credibility to Aldous Huxley's unsettling predictions. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library. Rising Above the Ashes will compassionately guide you through your grief and help you to identify what brings you joy. You will learn how to grieve your loss-whether it's of a loved one, your beloved family pet, a business relationship, or big job or client-and identify and reignite your joy. You will also learn that grief doesn't define who you are. This book will help you to grieve on your own terms-to cry through it, lift you up, and reignite your passion for life. If you're willing to do the work to heal, there will be joy after all of this overwhelm and chaos. If you're ready to get out of the overwhelm you may be experiencing and begin the journey to healing your broken heart, this book is for you.

"Nineteen Eighty-Four: A Novel," often published as "1984," is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Part coming of age, part call to action, this fast-paced Rowanovics novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be "normal," to pass as hearing to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a com-munity, and believing in something better. Published to rave reviews as Future Girl in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, The Words in My Hands is very much a novel for our turbulent times.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

Study Guide

Provides the final report of the 9/11 Commission detailing their findings on the September 11 terrorist attacks.

Welcome to New London. Everybody is happy here. Our perfect society achieved peace and stability through the prohibition of monogamy, privacy, money, family and history itself. Now everyone belongs.You can be happy too. All you need to do is take your Soma pills.Discover the brave new world of Aldous Huxley's classic novel, written in 1932, which prophesied a society which expects maximum pleasure and accepts complete surveillance - no matter what the cost.

In this important book, Ulrich Beck - one of the leading social thinkers in Europe today - examines how work has become unstable in the modern world and presents a new vision for the future. Beck begins by describing how the traditional work society, with its life-long job paths, is giving way to a much less stable world in which skills can be suddenly devalued, jobs obliterated, welfare cover reduced or eliminated. The West would appear to be heading towards a social structure of ambiguity and multiple activity that has hitherto been the characteristic of the developing world. But what appears to be the end of traditional working practices can also be seen as an opportunity to develop new ideas and models for work in the twenty-first century. Beck's alternative vision is centred on the concept of active citizens democratically organized in local, and increasingly also regional or transnational, networks. Against the threat of social exclusion, everyone can and must have a right to be included in a new definition and distribution of work. This will involve constant movement between formal employment (with a major reduction in working hours) and forms of self-organized artistic, cultural and political 'civil labour', providing equal access to comprehensive social protection. The aim must be to turn insecurity around, so that it becomes a positive and enriching discontinuity of life. Drawing on his earlier work on risk and reflexive modernization, The Brave New World is also closely linked to his studies on globalization and individualization. These processes are part of the same challenge upon which a politics of modernity must now base itself. Not only the future of work, but also the very survival of democracy and the welfare state will depend on the development of a newly committed and 'multi-active' transnational citizenship. This book will be of great interest to second- and third-year students in sociology, politics, geography and the social sciences generally. It will also appeal to a broader audience interested in the issues and debates surrounding the changing nature of work.

"This is the management book of the year. Clear, powerful and urgent, it's a must read for anyone who cares about where they work and how they work." —Seth Godin, author of This is Marketing "This book is a breath of fresh air. Read it now, and make sure your boss does too." —Adam Grant, New York Times bestselling author of Give and Take, Originals, and Option B with Sheryl Sandberg When fast-scaling startups and global organizations get stuck, they call Aaron Dignan. In this book, he reveals his proven approach for eliminating red tape, dissolving bureaucracy, and doing the best work of your life. He's found that nearly everyone, from Wall Street to Silicon Valley, points to the same frustrations: lack of trust, bottlenecks in decision making, siloed functions and teams, meeting and email overload, tiresome budgeting, short-term thinking, and more. Is there any hope for a solution? Haven't countless business gurus promised the answer, yet changed almost nothing about the way we work? That's because we fail to recognize that organizations aren't machines to be predicted and controlled. They're complex human systems full of potential waiting to be released. Dignan says you can't fix a team, department, or organization by tinkering around the edges. Over the years, he has helped his clients completely reinvent their operating systems—the fundamental principles and practices that shape their culture—with extraordinary success. Imagine a bank that abandoned traditional budgeting, only to outperform its competition for decades. An appliance manufacturer that divided itself into 2,000 smaller units, each with an HQ of just 50 people supporting over 14,000 people in the field—that is named the "best place to work" year after year. And even a team that saved \$3 million per year by cancelling one monthly meeting. Their stories may sound improbable, but in Brave New Work you'll learn exactly how they and other organizations are inventing a smarter, healthier, and more effective way to work. Not through top down mandates, but through a groundswell of autonomy, trust, and transparency. Whether you lead a team of ten or ten thousand, improving your operating system is the single most powerful thing you can do. The only question is, are you ready?

In Island, his last novel, Huxley transports us to a Pacific island where, for 120 years, an ideal society has flourished. Inevitably, this island of bliss attracts the envy and enmity of the surrounding world. A conspiracy is underway to take over Pala and events begin to move when an agent of the conspirators, a newspaperman named Faranby, is shipwrecked there. What Faranby doesn't expect is how his time with the people of Pala will revolutionize all his values and -- to his amazement -- give him hope.

REA's MAXnotes for Aldous Huxley's Brave New World MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of each work, so you should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers. Available in graphic novel form for the first time, "one of the most prophetic dystopian works of the twentieth century" (Wall Street Journal) Aldous Huxley's classic novel of authoritarianism Brave New World, adapted and illustrated by Fred Fordham, the artist behind the graphic novel edition of To Kill A Mockingbird. Originally published in 1932, Brave New World is one of the most revered and profound works of twentieth century literature. Touching on themes of control, humanity, technology, and influence, Aldous Huxley's enduring classic is a reflection and a warning of the age in which it was written, yet remains frighteningly relevant today. With its surreal imagery and otherworldly backdrop, Brave New World adapts beautifully to the graphic novel form. Fred Fordham's singular artistic flair and attention to detail and color captures this thought-provoking novel as never before, and introduces it to a new generation, and countless modern readers, in a fresh and compelling way.

Huxley's story shows a futuristic World State where all emotion, love, art, and human individuality have been replaced by social stability. An ominous warning to the world's population, this literary classic is a must-read.

Campbell Award for Best New Writer, Finalist Lambda Literary Award Finalist, LGBTQ SF/F/Horror A Stonewall Book Award Honor Book Included in the American Library Association's GLBTRT 2019 Over the Rainbow List Included in Hypable's list of book recommendations related to Captain Marvel "What Solomon achieves with this debut--the sharpness, the depth, the precision--puts me in mind of a syringe full of stars. I want to say about this book, its only imperfection is that it ended. But that might give the wrong impression: that it is a happy book, a book that makes a body feel good. It is not a happy book. I love it like I love food, I love it for what it did to me, I love it for having made me feel stronger and more sure in a nightmare world, but it is not a happy book. It is an antidote to poison. It is inoculation against pervasive, enduring disease. Like a vaccine, it is briefly painful, leaves a lingering soreness, but armors you from the inside out." --NPR "Ghosts are 'the past refusing to be forgot,' says a character in this assured science-fiction debut. That's certainly the case aboard the HSS Matilda, a massive spacecraft arranged along the cruel racial divides of pre-Civil War America." --Toronto Star "This novel from an exciting new voice follows Aster, who lives in the slums of a spaceship that is escorting the last survivors of humanity to a Promised Land—a journey that has taken decades so far. The vessel is segregated and cruel, and as she tries to escape, she starts discovering dark connections between her own mother's death and the fate of the ship's sovereign. Solomon has already been called a successor to Octavia Butler, rightly so." --E!e UK "In Rivers Solomon's highly imaginative sci-fi novel An Unkindness of Ghosts, eccentric Aster was born into slavery on--and is trying to escape from--a brutally segregated spaceship that for generations has been trying to escort the last humans from a dying planet to a Promised Land. When she discovers clues about the circumstances of her mother's death, she also comes closer to disturbing truths about the ship and its journey." --Buzzfeed "Rivers Solomon's debut science fiction novel is cunning, dark, and unapologetic; atmospheric and visceral; the kind of story that pulls you in and doesn't let go. Aboard the HSS Matilda, a spaceship in the future, Solomon and her characters deftly tackle race, identity, sexuality, gender, poverty, and discrimination, all with thoughtful insight and thrilling intensity. This is a difficult work that pays off; the rare kind of book that stays with you for years. You should read it now--I plan to read it again." --Shondaland Aster has to read it off folks in the way of rebuttal when they call her org and freak. She's used to the names; she only wishes there was more truth to them. If she were truly a monster, she'd be powerful enough to tear down the walls around her until nothing remains of her world. Aster lives in the lowdeck slums of the HSS Matilda, a space vessel organized much like the antebellum South. For generations, Matilda has ferried the last of humanity to a mythical Promised Land. On its way, the ship's leaders have imposed harsh moral restrictions and deep indignities on dark-skinned shareholders like Aster. Embroiled in a grudge with a brutal overseer, Aster learns there may be a way to improve her lot--if she's willing to sow the seeds of civil war.

From Huxley's Brave New World, to Orwell's 1984, to Atwoods' The Handmaid's Tale, dystopian books have always been an integral part of both science fiction and literature, and have influenced the broader culture discussion in unique and permanent ways. Brave New Worlds brings together the best dystopian fiction of the last 30 years, demonstratng the diversity that flourishes in this compelling subgenre. This landmark tome contains stories by Ursula K. Le Guin, Cory Doctorow, M. Rickert, Paolo Bacigalupi, Orson Scott Card, Neil Gaiman, Ray Bradbury, and many others.
