Fernando Soto dreamed of owning a business. For years he worked and struggled, never imagining that he could have a better life and then one day he woke up and believed that he could. In What's Next for You?, Mr. Soto shares the secrets to the fulfillment of his dream. But guess what? It's no secret at all. Living your dream is possible through hard work, dedication and an unrelenting will to succeed. Today, Mr. Soto owns a contract janitorial services company that services a broad range of clients in a variety of industries, from small office clients to automobile dealerships, manufacturing facilities, office buildings, medical practices and universities. One of his largest clients has annual revenues exceeding \$550 million with over ten thousand employees! He built his business from the ground up, taking notes and sketching his ideas on the manufacturing floor where he worked for years as a factory worker. He says, "I'm not one of his valued clients. "My goal is possible." He, Soto says, "but keep your dream front and center and with Mr. Soto's help, you could be living your dream life, too. Tell me to hold on, a real bitch is coming." Kahlia James was an ordinary girl with dreams of one day making it big. And she was well on her way, especially with a street gangsta like Anthony "Boston" Dixon training her to be a self made bitch. But when she was betrayed by the people that she loved the most it forced her to take actions into her own hands and show the city just how ruthless she could be. Ride with Kahlia as she navigates the streets showing the gangsta's that the penalty for betrayal is still death.

My father's suspicious death, perhaps at the hands of a small town sheriff's department, forced my mother to flee our hometown—Idamay, West Virginia—a few days after he died in 1954. She was told that he'd hung himself in a jail cell in Fairmont, West Virginia, where he was being held for driving while intoxicated. She was afraid they would do something to her and leave us kids orphaned. Though we left Idamay, that town and our devastating loss followed us. My father's absence, though seldom spoken about, was "present" everywhere we turned. My mother never looked back. But when she died forty-two years later, his death came back to me in full force. I felt compelled to investigate further. I'd heard conflicting stories all my life. This book documents an investigation that yields more questions than answers for the seven-year-old survivor who has an insatiable need to know. This book is about this seven-year-old whose entire life was indelibly marked by this tragic loss she had just reached what is often called the age of reason. Her quest for the truth takes her to places she'd never dreamed she could go. Because there is so much she doesn't know, she finds herself leaning heavily on her imagination to help her to navigate this mysterious and fatherless world.

In high school, everyone's talking about college. What to do. Where to go. Why It's important. Classes are given on it. Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged millennial complaints. It's a collection of wisdom gained in less than pleasant ways. It's a story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientist but left the controversial religion in 2005. In Beyond Belief, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her "disconnection" from family outside of the organization, and tells the story of her ultimate escape. Piercing the veil of secrecy that has long shrouded the world of Scientology, this insider reveals unprecedented firsthand knowledge of the religion, its obscure rituals, and its mysterious leader—David Miscavige. From her prolonged separation from her parents as a small child to being indoctrinated to serve the greater good of the Church, from her lack of personal freedoms to the organization's emphasis on celebrity recruitment, Jenna goes behind the scenes of Scientology's oppressive and alienating culture, detailing an environment rooted in control in which the most devoted followers often face the harshest punishments when they fall out of line. Addressing some of the Church's most notorious practices in startling detail, she also describes a childhood of isolation and neglect—a childhood that, painful as it was, prepared her for a tough life in the Church's most devoted order, the Sea Org. Despite this hardship, it is only when her family approaches dissolution and her world begins to unravel that she is finally able to see the patterns of stifling conformity and psychological control that have ruled her life. Faced with a heartbreaking choice, she mounts a courageous escape, but not before being put through the ultimate test of family, faith, and love. At once captivating and disturbing, Beyond Belief is an eye-opening exploration of the limits of religion and the lengths to which one woman went to break free.

"Flicker is a memoir in verse of a life well lived. Lynn Hansen rightly names the collection for her favorite bird, and for the flickers, or moments, of happenings caught in words, illustrating phases and interests of a lifetime. She carries us through childhood's joys of "forest hush, thick moss / and a bouquet of wild orchids" and woes, "the word move was profane because it frees the rat of anxiety that gnaws on the tight knot in my gut." She rejoices when she declares, "When I retire I'm going to write poetry." Then for a decade or more, that's precisely what she has done. Lynn was determined to be a scientist in a time it was regarded as impossible for women; her thirty-three-year career of teaching biological sciences at the college level has proven her right. Her keen naturalist's eye, her awareness and love of all life on this planet, and beyond, show in her poems. She even celebrates the lowly zucchini and rutabaga, though she does sigh toward the end of summer, "Zucchini manna again?" These observations are woven into the sum of time, the treasure of relationships, "Just as our lives gathered out of Jumble, then cemented with a matrix of mutual respect." Lynn's lone robin "lits his bugle beak to call up morning," and so lits us all. "Patricia Wellingham-Jones, Los Molinos, California" This collection by Lynn M. Hansen is an excellent read. While each poem is intensely personal, moving from childhood experiences to motherhood to traveling the world to growing older, Hansen generously takes us along on all her journeys, creating poems that welcome a reader's own connection with the world. Each poem is so personal, so intimate, so full of life, that I suspect the same will be true for all who read this celebratory work." -Gillian Wegener, Poet Laureate of Modesto, California. "Lynn Hansen's gorgeous book of poems is a testament to a writer who loves life and fully embraces living every day. It's rare that a trained scientist went to poetry to reflect on the normal world and even rarer that those written poems would be this wonderfully lucid, evocative, and heartfelt. Filled with keen-eyed wonder and amusement, these poems will touch readers about life and how to live." -Sam Pierstorff, Editor, Quercus Review Press

This book will help you to remember who you truly are, and to be your true, authentic self, in its entirety, to unlock the beautiful spirit and essence of you. You have a soul mission: it's time to wake up to it and fulfill your destiny and be everything you ever dreamed of being, your soul and spirit self really are, unafraid to shine in a world that all too often might seem might seek to undermine or limit you...You are filled with infinite possibilities and great gifts. Many of us are waking up from the illusion of fear, lower consciousness and vibration that we have been trapped in. Though times may be dark, the light can prevail and by holding on to our dreams and visions, we will emerge with a higher consciousness. We will shed all the restrictions of the past, and break the chains of the judgmental and fear-based systems which have ruled and limited our lives in so many ways, to take a jump and leap of faith and really be the full expression of our unique and special souls. "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul.... I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure." "What a beautiful book, one that touches you and works on so many levels." "It doesn't matter where you are on your journey, in this book you will find something new, something to remind you of who and where you are, why you are following the path you have chosen and affirmation that you are not alone, the Universe is always supporting you. I found the book easy to read, to me the energy of the words just flow off the page, and hit the spot. Read it from cover to cover, dip in and out, the choice is yours and the book supports you in it whatever way you wish to connect with it. Bursting with information and workable ways to experiment and include in your spiritual practice. Sally has worked really hard to make this work appeal to as wider audience as possible and I feel she has pulled it off with a flourish. Well done Sally, when's the next one?" "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul and I felt curiosity emotional. I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure & refer to when I am in need of uplifting"

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tabler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jaihbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Vivia is a hag, one of the last of her race, and can die, visit the underworld and return at will. She has a job she loves-helping London's most vulnerable supernaturals, even if her colleague Malcolm drives her round the bend on a daily basis. Then Malcolm is outed as a zombie and, along with his teenage son Ben, flees the police. When Malcolm is captured, he is only able to pass on one message before his dead brain degrades completely: 'He killed me.'As Ben remains missing, the police find decades-old corpses hidden near Malcolm's house, and Vivia begins to realise there's a lot more at stake than just a possible zompcalypse...

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

Do you ever feel like you could do more with your life, but you don't know where to start? Do great ideas keep going through your mind, barely changing from year to year? Do you need the tools to get you going in the right direction? This book has one purpose: To help you make your dream come true, no matter how big that dream might be. To change your life you need the desire to change and the commitment to make that change possible through action. Mind to Mind Conversations will help start you on the path to a new life.

My Secret Life in the CIA and What It Taught Me about What's Worth Fighting For

The Secret Life Of Walter Mitty

Put Some Shoes on

Truth Beyond the Matrix

That Colleague Book

A real-life, can't-put-down spy memoir. The CIA is looking for walking contradictions. Recruiters seek out potential agents who can keep a secret yet pull classified information out of others; who love their country but are willing to leave it behind for dangerous places; who live double lives, but can be trusted with some of the nation's most highly sensitive tasks. Michele Rigby Assad was one of those people. As a CIA agent and a counterterrorism expert, Michele soon found that working undercover was an all-encompassing job. The threats were real; the assignments perilous. Michele spent over a decade in the agency—a woman leading some of the most highly skilled operatives on the planet, secretly serving in some of the most treacherous areas of the Middle East, and at risk as a target for ISIS. But deep inside, Michele wondered: Could she really do this job? Had she misunderstood what she thought was God's calling on her life? Did she have what it would take to survive? The answer came when Michele faced her ultimate mission, one with others' lives on the line—and it turned out to have been the plan for her all along. In Breaking Cover, Michele has at last been cleared to drop cover and tell her story: one of life-or-death stakes; of defeating incredible odds; and most of all, of discovering a faith greater than all her fears.

Transparency is vital to the building and strengthening of every relationship and every ministry. It allows people to see you as approachable and to feel safer when talking to you. Transparency is a gateway to trust, and trustworthiness is an important quality which people seek in a good, ministerial leader. They want to know Is this person trustworthy?Is this person honest?How do I know I can talk to this person without fear of condemnation?It is with this in mind that Rohini Townsend approaches writing, friendships, ministry, and life itself. Her desire to see people healed and whole has led to a candor and openness that is sure to tug at the heartstrings of the despondent Put Some Shoes On, is an emotional and gripping story of one little girl's journey through heartache, rejection, abuse, and turmoil. Chronicling her path from scared child to broken, rebellious teen to powerful, anointed woman of God, the author shares the most intimate moments of her life with refreshing transparency and soul stirring honesty. It is not only a story of past hurts, it is a story of learning, growing and seeking a deeper relationship with God – the steps and sacrifices that are required for that level of depth and connection to the Father.Raw, poignant, and insightful, Put Some Shoes On was written to heal. It was written with your salvation in mind. This is a story of overcoming and, while on that walk, discovering who you are, and more importantly, WHOSE you are. Every step you take was conceived in the mind of the Father to guide you towards recognizing the spiritual gifts He has placed in you. Be not weary in well doing.

Do not allow your circumstances to define you. Do not be consumed by trials and heartache. Take your experiences and let God use them to mold you into a powerful Kingdom citizen. Put some shoes on and walk boldly in your Godly identity.

So many of us desire freedom – the freedom that is promised to us when we decide to leave behind the burden of our sin, the need to be "good enough," anger, jealousy, and envy. Even though we are believers we would be ashamed to say that we don't always experience peace, contentment, and joy in our life. We are looking for the grace that God has so graciously given to us to be real in our life. Breaking Pride is an eBook based on one simple truth: In order to walk in God's grace we need to tear down the walls of our self-image and poetically imagined, and her poems about growing up and getting older and the joys and losses that come with those parts of our lives, will make readers laugh and cry, sometimes all at once. In reading this book, I grew to even more deeply appreciate our world, our Great Central Valley, and Lynn Hansen's poetry, and I suspect the same will be true for all who read this celebratory work." -Gillian Wegener, Poet Laureate of Modesto, California. "Lynn Hansen's gorgeous book of poems is a testament to a writer who loves life and fully embraces living every day. It's rare that a trained scientist went to poetry to reflect on the normal world and even rarer that those written poems would be this wonderfully lucid, evocative, and heartfelt. Filled with keen-eyed wonder and amusement, these poems will touch readers about life and how to live." -Sam Pierstorff, Editor, Quercus Review Press

The author describes his early life, growing up in a dysfunctional family, and how he ended up becoming a CIA case officer.

The translation of this venerable Piece of Antiquity is undertaken upon a double Score; being designed as well to entertain the Curiosity of the Learned, as to supply the Defects of the Ignorant. If the original Language would have been more acceptable to the one, it would have been less intelligible to the other. I cannot, without uttering a Falsity, venture to affirm that so singular and valuable a Piece will be made Public, at least as yet; And in the mean Time I shall flatter myself, that this little Essay may contribute in some sort or other to the diversion, if not Instruction, of People in every Condition of Life. If this is well received, the other Parts will make their Appearance at proper Distances of Time. I publish no more at present, because I would not be thought to impose too much upon any one's Patience; as for losing my own Labour, I am under no bad Apprehensions about that; for the Reader cannot reject with a greater Disdain, than I have translated with Pleasure, the Contents of this Book.

A Memoir

My Secret Life as a CIA Assassin

Beyond Belief

Drive Gently

Coming of Age in the CIA

I lived in a world of darkness, never to see the light again. It's been eleven years since my father cursed Crystal City, since he condemned me to a life of loneliness and misery. By taking away everything that my mother loved, he took everything that I knew and cared for. Everything, but the throne. Only what good was being a queen in a city of mindless killers? A city that would never see the sunlight until the day of my death. I truly had nothing to live for.... ..Or so I thought. The children's friends once, but we went our separate ways. He became captain of the pirates, and I ascended to the diamond throne. My once sworn protector had become my enemy, but we were both alone, and the connection we felt was almost unbearable to ignore. My heart only cracked after my father abandoned me, but Wolfe would completely shatter it. For someone that hasn't felt anything for years, that wasn't such a bad thing.

Note: 50% of the proceeds from this book will be donated to a mental health organization focused on helping anxiety, depression, and suicide." Hey YOU! Yes... you... the (really cool) person reading the back summary of this book. How are you? Having a good day? Since you are reading the back cover of this book I'm guessing that you're curious what the heck it's about. Right? Well, let me tell you, this ain't no children's book. Full of love, sex, anxiety, and depression this book will do more with your girlfriend of three months. Overcome by love, I (stupidly) decide to proclaim my love for her in the middle of a coffee shop. I love you. And I know that one day I'm supposed to marry you." Man... do I regret that moment -/ I wish I could tell you that the awkwardness stops here but that would be a bold faced lie. If I was in marketing (I'm not) I would say something like... "From navigating online dating apps and relationships, to self-centered friends, and emotionally abusive His only comfort is his love for music, which displays itself in the form of original lyrics throughout the book. One crazy day, James runs into Nikki, a bold, spit-fire, do-things-her-own-way type of person who changes his moment-viewer." Well... If you made it down here I'd say this book is for you. If you didn't, oh, well. #YOURLOSSBUDDY. Thanks for all the memories, James Merlot (The Protagonist of this story) "Donation will be made once a year in December. See www.alwayswakeup.com

This is the first work to engage with intelligence studies through the lens of queer theory. Adding to the literature in critical intelligence studies and critical international relations theory, this work considers the ways in which both the spy, and the activities of espionage can be viewed as queer. Part One argues that the spy plays a role which represents a third path between the hard power of the military and the soft power of diplomacy. Part Two shows how the intelligence community has used this path to have been the plan for her all along. In Breaking Cover, Michele has at last been cleared to drop cover and tell her story: one of life-or-death stakes; of defeating incredible odds; and most of all, of discovering a faith greater than all her fears.

Walter Mitty, a mild-mannered forty-year-old man, drives into Connecticut with his wife for their weekly shopping trip. Tired of his drab, schedule-driven life, Walter escapes into five elaborate daydreams, and finally becomes the hero he always hoped to be. "The Secret Life of Walter Mitty" was originally published in a 1939 issue of The New Yorker. It is considered to be an American classic, and author James Thurber's masterpiece. It has been adapted for film, first in 1947, and most recently for the 2013 feature film starring Ben Stiller and Kristen Wiig. A highly entertaining account of a young woman who went straight from her college sorority to the CIA, where she hunted terrorists and WMDs "Reads like the show bible for Homeland only her story is real." –Alison Stewart, WNYC "A thrilling tale...Walders's fast-paced and intense narrative opens a window into life in two of America's major intelligence agencies" –Publishers Weekly (starred review) When Tracy Walder enrolled at the University of Southern California, she never thought that one day she would offer her pink beanbag chair to a CIA recruiter, or that she'd fly to the Middle East under an alias identity. The Unexpected Spy is the riveting story of Walder's tenure in the CIA and, later, the FBI. In high-security, steel-walled rooms in Virginia, Walder watched al-Qaeda members with drones as President Bush looked over her shoulder and CIA Director George Tenet brought her donuts. She tracked chemical terrorists and searched the world for Weapons of Mass Destruction. She created a chemical terror chart that someone in the White House altered to convey information she did not have or believe, leading to the Iraq invasion. Driven to stop terrorism, Walder debriefed terrorists—men who swore they'd never speak to a woman—until they gave her leads. She followed trails through North Africa, Europe, and the Middle East, shutting down multiple chemical attacks. Then Walder moved to the FBI, where she worked in counterintelligence. In a single year, she helped take down one of the most notorious foreign spies ever caught on American soil. Catching the bad guys wasn't a problem in the FBI, but rampant sexism was. Walder left the FBI to teach young women, encouraging them to find a place in the FBI, CIA, State Department or the Senate—and thus change the world.

For homicide detective Mac, it's been a good year. Having Tony to go home to makes him a better cop and a better person. For Tony, it's been hard being in love with a man he can't touch in public. Evasions and outright lying to friends and family take a little of the shine off his relationship with Mac, but Tony is determined to make it work. As the Minneapolis Police Department moves into a hot, humid summer, Mac is faced with a different challenge. A killer has murdered two blond women, and the police have no real clues. Mac hates to think that another murder may be the only way they'll make progress with the case. But when that murder happens, it hits close to home for Tony. And suddenly Mac faces an ultimatum: come out into the sunlight and stand beside Tony as his lover, or walk away and live without a piece of his heart.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases, and their cures.

WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or even to eat the moment she saw the wide open spaces, she left she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy—especially after twelve years. Forbes isn't the same young man. He found his adventure—and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

It's night. Always night. Dreams guard against the evil forged by nightmares. Infinite shooting stars illuminate a moonless sky. A city stands alone, surrounded by a darkened field. On its fringes, a man watches one star separate from the masses and fall. What survives the crash will unveil a secret centuries long hidden. Molly hasn't slept well since the night her twenty-fourth birthday. Being struck by lightning might have something to do with it, but then again, her chicken did look a little undercooked at dinner. Whatever the culprit, her life quickly catapults from mundane to insane

as, night after night, Molly is transported through her once dreamless sleep to a mysterious land illuminated by shooting stars. There she meets the captivating but frustrating Dev, and together they discover Molly possesses a power coveted by his people--the ability to conjure almost anything she desires into existence. Seduced by the possibilities of this gift, Molly shifts her attention from waking life toward the man, the magic, and the world found in her dreams. But Molly must ask herself--does something truly exist if you only see it when you close your eyes? Faced with the threat of losing everything--her job, best friend, boyfriend, and most importantly, that little thing called her sanity--Molly will learn just how far she'll go to uncover what is real and what is merely a figment of her imagination.

An ex-Soviet KGB agent details his primary mission to work undercover in the United States for over a decade and discusses his change of allegiance and defection from the KGB. --Publisher's description.

Call me naïve, but when I was a girl-watching James Bond and devouring Harriet the Spy-all I wanted was to grow up to be a spy. Unlike most kids, I didn't lose my secret-agent aspirations. So as a bright-eyed, idealistic college grad, I sent my resume to the CIA. Getting in was a story in itself. I peed in more cups than you could imagine, and was nearly condemned as a sexual deviant by the staff psychologist. My roommates were getting freaked out by government investigators lurking around, asking questions about my past. Finally, the CIA was training me to crash cars into barriers at 60 mph. Jump out of airplanes with cargo attached to my body. Survive interrogation, travel in alias, lose a tail. One thing they didn't teach us was how to date a guy while lying to him about what you do for a living. That I had to figure out for myself. Then I was posted overseas. And that's when the real fun began.

My Life in China and America

Two Days to Live. What Would You Write? a Memoir of Hope

My Secret Life in the Light

For the first time, the CIA has authorized a top-level operative to tell all in an unforgettable behind-the-scenes look at espionage in action, an undisputed genius who could create an entirely new identity for anybody, anywhere, anytime, Antonio J. Mendez combined the cunning tricks of a magician with the analytical insight of a psychologist to help hundreds of people escape potentially fatal situations. From "Wild West" adventures in East Asia to Cold War intrigue in Moscow and helping six Americans escape revolutionary Tehran in 1980, Mendez was on the scene. Here he gives us a privileged look at what really happens in the field and behind closed doors at the highest levels of international espionage, some of it shocking, frightening, and wildly inventive--all of it unforgettable.

INSTANT NEW YORK TIMES BESTSELLER "Fast and thrilling . . . Life Undercover reads as if a John le Carré character landed in Eat Pray Love." —The New York Times Amaryllis Fox's riveting memoir tells the story of her ten years in the most elite clandestine ops unit of the CIA, hunting the world's most dangerous terrorists in sixteen countries while marrying and giving birth to a daughter. Amaryllis Fox was in her last year as an undergraduate at Oxford studying theology and international law when her writing mentor Daniel Pearl was captured and beheaded. Galvanized by this brutality, Fox applied to a master's program in conflict and terrorism at Georgetown's School of Foreign Service, where she created an algorithm that predicted, with uncanny certainty, the likelihood of a terrorist cell arising in any village around the world. At twenty-one, she was recruited by the CIA. Her first assignment was reading and analyzing hundreds of classified cables a day from foreign governments and synthesizing them into daily briefs for the president. Her next assignment was at the Iraq desk in the Counterterrorism center. At twenty-two, she was fast-tracked into advanced operations training, sent from Langley to "the Farm," where she lived for six months in a simulated world learning how to use a Glock, how to get out of flexicuffs while locked in the trunk of a car, how to withstand torture, and the best ways to commit suicide in case of captivity. At the end of this training she was deployed as a spy under non-official cover--the most difficult and coveted job in the field as an art dealer specializing in tribal and indigenous art and sent to infiltrate terrorist networks in remote areas of the Middle East and Asia. Life Undercover is exhilarating, intimate, fiercely intelligent--an impossible to put down record of an extraordinary life, and of Amaryllis Fox's astonishing courage and passion.
