is full of character and determination, serving his owners well as a hunting dog and family companion. Named for his fawn-colored coat, the Basset Fauve stands high above his low-to-the-ground brethren in personality and courage. Written by the late Evan L. Roberts, the first breeder to import the Basset Fauve into England, this volume traces the breed's origins in native France, following it to the shores of England and beyond. Roberts continues with a chapters on characteristics and the breed standard encapsulating all of the virtues of this sweet-natured hound breed, offering sound advice about which owners are best suited to the breed. New owners will welcome the well-prepared chapter on finding a breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with handsome Malamute adults and puppies bursting with personality! In all, there are over 135 photographs in this compact, useful, and entertaining volume. The author's advice on obedience training the at-times stubborn Basset Fauve will help readers better mold and train their dogs into good canine citizens. The extensive chapter on healthcare written by Dr. Lowell Ackerman provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, parasites, infectious diseases, and more. Chapters on the special care of senior dogs and remedies to tackle and prevent common behavior problems conclude the volume. Sidebars throughout the text offer helpful hints, covering topics as diverse as historical kennels, toxic plants, first aid, crate training, carsickness,

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Western literary study flows out of eighteenth-century works by Alexander Pope, Daniel Defoe, Henry Fielding, Frances Burney, Denis Diderot, Johann Gottfried Herder, Johann Wolfgang von Goethe, and others. Pressine of Bretagne sets out to seduce King Elinas of Dumfries, chosen by the Goddess to unite the tribes against the foreign invader. Elinas, still mourning his departed queen, has no intention to remarry. Head strong and independent, Pressine does not expect to fall for the very attractive, wise and noble ruler... Furthermore, her Pagan nature clashes with the religious fanaticism of the king's Christian heir, who suspects her unholy ancestry and will stop at nothing to get rid of her.

"This story is filled with action and danger and there are many interesting secondary characters that help drive the plot forward. I particularly like Gwenvael, Pressine's brother, who has extensive scenes in his own viewpoint scattered throughout. Look for the just released, PAPAN QUEEN, to continue the saga of these two lovers" Gayle, Romance Junkies Reviews"

Princess of Bretagne

The Cultural and Political Legacy of Anne de Bretagne

Excerpt from *The Chouans, or Bretagne 1799* This costume, less original than the preceding, soiled by long usage and blackened by sweat and dust, had the historic merit of serving as a transition to the almost sumptuous garb of some few men who were scattered here and there among the motley assemblage like bright owers. In very truth their blue linen trousers and their red or yellow waist coats, like square cuirasses, embellished with two parallel rows of brass buttons, stood out as sharply against the white clothes and the goatskins of their comrades as bluebells and poppies in a field of grain. Some were shod with the clogs that the peasants of Bretagne know how to make for themselves; but almost all had heavy hob-nailed leather shoes and coats of very coarse cloth, cut like the old French coats, whose shape is still religiously adhered to by our peasants. Their shirt collars were fastened by silver buttons,

representing hearts or anchors. Lastly, their wallets seemed to be better supplied than those of their companions, and several of them added to their travelling equipment, a ask, full of eau-de-vie doubtless, which hung by a strap from the neck.
