put them on the path to success with their BTEC National Sport qualification. Written by expert senior verifiers who have been involved with the new qualification's development.

BTEC LEVEL 3 NATIONAL SPORT:

PERFORMANCE AND EXCELLENCE SECOND

EDITION provides complete coverage of every level of the qualification and includes: --clear learning goals and key learning points --clear layout with student-friendly accessible text --expert assessment tips --even more colour photos to provide even greater context for students --clear mapping of knowledge and activities to the relevant Pass, Merit and Distinction criteria --practical case studies linked to assessment

This is a brand new book, intended to support BTEC Level 2 Firsts in Sport, and fully endorsed by Edexcel! It is designed to engage, inspire and help students to be the best they can be. Content is presented in a concise and visually appealing way to attract today's BTEC Level 2 Firsts in Sport students. Key Features A spread-based approach offering clarity and allowing

students to quickly and easily see the content for each topic. Very visual - making it much easier to spot the key features, especially the activities and the assignment tasks. Considerable guidance on how to successfully complete the assignment tasks. The activities are graded (to pertain to students aiming for a pass, a merit or a distinction on the exam) - a feature that all the reviewers have praised! Praised for being at the appropriate depth! Provides a complete match to the NEW 2010 specification.

BTEC First Award Sport Student Book

*BTEC National Level 3 Sport and Exercise Science
4th Edition*

Btec Level 2

Suitable for BTEC National Sport and Exercise Sciences to match Edexcel's 2007 specification, this book covers the curriculum

in manageable chunks that link to the specification headings, so that students can be confident that they have covered the underpinning theory they need. It features a full-colour format.

An essential component of good practice in physical education is ensuring inclusivity for all pupils, regardless of need, ability or background. Now in a fully revised and updated new edition, Equity and Inclusion in Physical Education fully explores the theoretical and practical issues faced by physical education teachers today. The book amalgamates areas of critical debate within the world of physical education and is structured around the key topics of ability, special educational needs, gender, sexuality, social class, race and ethnicity. These issues are discussed in relation to principles of equity, equality of opportunity, pedagogy, differentiation, curriculum planning and cultural awareness. Other chapters explore contemporary themes such as healthism and obesity and values in physical education and policy, whilst a chapter new to this edition demonstrates the importance of reflexivity and critical self-reflection in good inclusive practice. As well as being a perfect introductory text for any course on inclusion

or inclusive practice in physical education, the book offers invaluable, practical advice for established professionals, newly qualified teachers and trainees about how to meet equity and inclusion requirements. Examples of good practice are included throughout, as well as guidance on how to implement an inclusive PE curriculum within the school. BTEC First Award in Engineering Student Book - Our BTEC First in Engineering Award Book covers Units 1, 2, 5, 6 7 and 8 so learners have relevant and specific content to complete the new next generation Pearson BTEC First Award in Engineering for level 2 learners. If learners are studying other sizes of this qualification they might prefer our Full Edition*. - Provides all the underpinning knowledge and understanding needed at level 2 to help learners prepare for the course. - Activities in each unit provide support and guidance for learners, and can be used in the classroom or for independent work. - The new BTEC Assessment Zone guides learners through the challenges of both internal and external assessment with grading tips and support for external assessment. * From 2012, Pearson's BTEC First qualifications have been under re-development, so schools and colleges could

be teaching the existing 2010 specification or the new next generation 2012-2013 specification. There are different Student Books to support each specification. If learners are unsure, they should check with their teacher or tutor. Units covered: 1: The Engineered World 2: Investigating an Engineered Product 5: Engineering Materials 6: Computer-aided Engineering 7: Machining Techniques 8: Electronic Circuit Design and Construction

Sport. Level 2

The component of school education which focuses on psychomotor learning through movement exploration and play is known as physical education. It also seeks to impart knowledge regarding the health benefits of regular exercise and balanced diet as well as the risks associated with inactivity and poor diet. The system of activities which are based on physical athleticism or physical dexterity fall under the category of sports. They are generally used to maintain and improve physical abilities and skills. Sports are generally governed by a set of rules which exist to ensure fair competition and allow consistent adjudication of a winner. Some of the associated fields of study related to sports are sports

engineering and sports science. It presents these complex subjects in the most comprehensible and easy to understand language. The various advancements in the fields of physical education and sport are glanced at and their applications as well as ramifications are looked at in detail. This book will help the readers in keeping pace with the rapid changes in these fields.
