This is a true story about what happened to my son, who heard his Grandmother say one thing, when she meant another, and his discovery that words we use can utterly confuse. It's a fun story with a happy ending.

Wear just 33 items for 3 months and get back all the JOY you were missing while you were worrying what to wear. In Project 333, minimalist expert and author of Soulful Simplicity Courtney Carver takes a new approach to living simply--starting with your wardrobe. Project 333 promises that not only can you survive with just 33 items in your closet for 3 months, but you'll thrive just like the thousands of woman who have taken on the challenge and never looked back. Let the de-cluttering begin! Ever ask yourself how many of the items in your closet you actually wear? In search of a way to pare down her expensive shopping habit, consistent lack of satisfaction with her purchases, and ever-growing closet, Carver created Project 333. In this book, she guides readers through their closets item-by-item, sifting through all the emotional baggage associated with their old-so-strappy high-heeled sandals that cost a fortune but destroy your feet every time you walk more than a few steps to that extensive collection of never-worn little black dresses- to locate the items that actually look and feel like you. As Carver reveals in this book, once we finally release ourselves from the cyclical nature of consumerism and focus less on our shoes and more on our self-care, we not only look great- we feel great- and we can see a clear path to make other important changes in our lives that reach far beyond our closets. With tips, solutions, and a closet-full of inspiration, this life-changing minimalist manual shows readers that we are so much more than what we wear, and that who we are and what we have is so much more than enough.

Thousands of girls and women around the world freeze in front of their wardrobe with the idea of what to wear today? Someone chooses the usual clothes and hides their charm in an inexpressive attire, and someone spends their precious time searching for clothes and is late for work. The ideal wardrobe is not magic, not a talent and not an absorber of money. The ideal wardrobe is self-love, self-awareness and the ability to see the new in everyday style. Do you want to look stylish? Do you have many clothes, at the same time you have nothing to wear? Then this means that my book is for you! Today you will learn what must necessarily be in the wardrobe of every woman! You will learn how to properly choose your clothes and dress according to the season and situation, and successfully combine your clothes and complement it with the right accessories. Thanks to my book, you will always look perfect! We like to wear casual jeans and sneakers, and any situation that entails a new look can put us at a dead end. Ridiculous mistakes, unsuccessful looks, comical situations are frequent problems of our life. None of us is immune from a stylish failure. How can you avoid obvious mistakes and not become a laughingstock for colleagues at work or friends at a party? How can you avoid the scornful smirks of passers-by, and achieve approving views? My book will answer all your questions. In your hands, you keep an accessible and unique guide to creating the perfect style, and a description of the steps to achieve an unforgettable look, as well as a list of insidious mistakes that you should avoid. Today you will learn how to adjust the figure by choosing the right clothing style, how to choose the right color range of clothes, what clothes should be in your wardrobe and much more. In my book, you will find answers to all the questions without a tedious description! Good luck!
