industry. It reflects the reality of the transformation that has taken place over the past twenty years where there has been a shift from a highly protected domestic industry to an unprotected global industry.

# Read Book Building

The already huge  
and increasing  
pool of expertise in  
the field means  
that there is much  
greater choice  
available to clients  
and and potential  
clients. The choice  
of contractor is  
therefore going to  
be made
