Vivian Paley presents a moving personal account of her experiences teaching kindergarten in an integrated school within a predominantly white, middle-class neighborhood. In a new preface, she reflects on the way that even simple terminology can convey unintended meanings and show a speaker's blind spots.

healthy sunshine. By the mid-twentieth century, the Mennonite story in California had developed into an interesting tale of religious conservatives--traditional agrarians--finding their way in an increasingly urban and religiously pluralistic California. Some California Mennonites negotiated new identities by endorsing

12213
an all time high, new and
emerging threats to the food
supply are being recognized,
and consumers are eating
more and more meals prepared
outside of the home.

Accordingly, retail and
foodservice establishments,

12213
organization with thousands
of employees, or a local
community, you must change
the way people do things.
You must change their
behavior. In fact, simply
put, food safety equals
behavior. When viewed from
