Whether it is a balance sheet of a company, a cinema hall, or of a school; auditing evaluates all! This comprehensive book, now in its second edition, is a compendium of a textbook; a handbook of Auditing Standards; a question bank, and a compilation of model answers. This text is organized in four parts. Part 1 (Principles) enunciates the standards and the concepts, which form the bases of auditing. Part 2(Process) provides a stepwise description of the auditing process, adopted by the auditors while performing audit engagements. Part 3 (Performance) deals with the auditing engagement and shows how the verification of financial elements such as receipts, payments, purchases, sales, assets and liabilities is conducted. Part 4 (Practice) demonstrates the practical aspects of audits of specific entities such as private limited companies, charitable trusts, hospitals and so on. This book is primarily intended for the students of Chartered Accountancy (appearing for the CA-PCC examination), Cost Accounting, Company Secretary, and postgraduate students of Finance and Accounting. Apart from that, the book is also useful for the practising Chartered Accountants and Financial officers of companies, as a reference handbook. Key Features : Incorporates 67 practical questions (with structured solutions) to help the students to apply the principles to practical situations. Comprises 147 case studies to help identify the issues involved, place them in the right context and arrive at a correct conclusion. Provides 285 innovative true and false type questions (with their reasoned answers) to strengthen the grasp of the subject. Contains 1267 answer-in-brief questions, which are cross-referenced. New to this Edition : Explains all the latest Standards on Auditing applicable for financial years 2009–2010 and 2010–2011. Includes model answers for all relevant descriptive examination questions, asked in the CA-PCC/Final examinations till June 2009. Numerous newly drafted questions (true or false, answer-in-brief, descriptive type) on latest auditing standards with answers/cross references.

Taxmann's Financial Reporting (2 Vols.) – The Most Updated & Amended Book Comprehensively covering the Subject Matter in Simple Language with 950+ Examples/Case Studies | CA Final | New Syllabus

*First Edition of this book got released at the end of November 2014 and took the blessings of “The Trio” of CA Education – SSR sir, RSN sir and MFJ sir and went into the hands of MT Educare students, with the administrative support of Mr. Sheik sir & Team. This book has got an unbelievable response and students just showered praises on me (the actual credit should go to almighty). Students rejoiced reading this pocket book and gave good insights to make it more wonderful. Its Exam time in May 2015 and many students asked me “Sir what to read in indirect tax?” and I gave only one reply “Revise That’s it....!!!” and post completion of exams, my Gmail and facebook flooded with appreciation of that’s it as it was very handy for them before exam and they are able to perform well in exams. The point is so simple; in subjects like indirect tax you should be very strong on provisions and intricate points and should have conceptual clarity. Finally, when you revise and revise, you will have command over the subject and will be waiting for the question paper to arrive. Now, you are holding the second edition of this book and hope you too make best use out of this book for your exams. In this edition amendments carried out upto April 30, 2014 has been covered, which are applicable for November 2015 exams*

*Auditing and Assurance explains the concepts, principles and techniques of auditing with a detailed presentation of their applications in real-life situations. With its simple and lucid language, this student-friendly and syllabi-oriented book covers recent development in the legal and regulatory framework governing the auditing work in India.*

*Auditiing and Assurance for CA Integrated Professional Competence presents an integrated concepts approach that shows students the auditing process from start to finish. This text prepares students for real-world audit decision making by using illustrative examples of key audit decisions, with an emphasis on audit planning, risk assessment processes and collecting and evaluating evidence in response to risks. This book is an invaluable text for students of IPCC of chartered accountancy course and also for other professional courses as well as students of B. Com and M.Com.*
