When we—the member-elected bargaining team—began to work to negotiate a fair contract—we sought input from you—the members we represent. Through more than 200 work and town halls, we listened to your questions and concerns. A comprehensive survey, completed by more than 12,000 members, added important context to our bargaining strategy.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
