The Cambridge IGCSE® & O Level Essential Physics Student Book is at the heart of delivering the course and provides a clear, step-by-step route through the syllabus that is ideal for EAL learners. It has been fully updated and matched to the latest Cambridge IGCSE (0625) & O Level (5054) Physics syllabuses. The book uses an engaging and exam-focused approach that is accessible to all abilities, with varied and flexible assessment support and exam-style questions that improve students' performance and ensure every learner reaches their full potential. It combines depth of subject matter and clarity of material with concise, well-presented content, and includes embedded language for EAL students. The Student Book is written by the experienced author team of Jim Breithaupt, who wrote our previous successful edition, and Darren Forbes. It has also been reviewed by

subject experts globally to help meet teachers' needs. The supporting Exam Success Guide and Practical Workbook help students achieve top marks in their exams, while the Workbook, for independent practice, strengthens exam potential inside and outside the classroom.

This is a revised edition of Modern World History, which has been revised to meet all the core requirements of OCR's 2003 Modern World History specification.

This Student Book is written specifically to match the new AQA GCSE History specification, and is developed by Aaron Wilkes, an experienced Head of History, and Jon Cloake, an author with examining experience. Features such as Sources, Practice Questions and Study Tips help students prepare for the new AQA exams.

Complete support for the 20th Century section of the IGCSE History syllabus with best-selling books and digital resources from an author you can really trust. This new edition of Ben Walsh's best-selling GCSE Modern World History provides a comprehensive textbook for Cambridge

IGCSE History covering the 20th Century core content and developing the necessary skills. It provides a winning combination of features that will meet the needs of all students: - Clear, engaging and provocative author text brings the 20th Century period to life and summarises complicated history clearly without being simplistic - Focus Tasks (exactly targeting each focus point of the 20th Century part of the syllabus) steadily deepen students' understanding of the content while progressively building their history skills - Original and relevant source material - written and visual - is used for historical investigation not just for illustration - Exam Focus and Revision Tips help students acquire both the necessary content knowledge and the essential conceptual understanding In its previous editions this book has provided students with what they need to achieve their best possible results, and provided teachers with what they need to teach a rewarding and worthwhile course. It's a winning combination. It is endorsed by Cambridge International Examinations. Contents

How this book will help you to succeed in Cambridge IGCSE History Section 1: Core Content Option B - International Relations since 1919 Part 1 The Inter-War Years 1919-1939 1 Were the peace treaties of 1919-23 fair? 2 To what extent was the League of Nations a success? 3 Why had international peace collapsed by 1939? Part 2 The Cold War and the Gulf, 1945-2000 4 Who was to blame for the Cold War? 5 How effectively did the USA contain the spread of Communism? 6 How secure was the USSR's control over Eastern Europe, 1948-c.1989? 7 Why did events in the Gulf matter c.1970-2000? Exam Focus: core content option B Section 2: Depth Studies 9 Germany, 1918-45 8 Russia, 1905-41 10 The USA, 1919-41 Exam Focus: depth studies This book is supported by online Teaching and Learning resources powered by Dynamic Learning. These provide extensive ICT-based activities for all key topics which will help refine students' historical thinking and focus their revision.

Four Hours in My Lai

An investigative approach to Cambridge IGCSE Geography, written in partnership with the Geographical Association. Encourage students to make links between case studies and their own local contexts as well as exploring the core themes and skills of the 0460 syllabus in the context of global case studies and processes. Prepare for exam success with full coverage of the core themes of Paper 1 (Population and Settlement, The Natural Environment, Economic Development and the Use of Resources) as well as the geographical and fieldwork skills elements of Papers 2, 3 and 4. Help students focus on achieving the best grades with excellent exam support for each Paper, with exam-style questions, answers at different levels and accompanying comments. Be confident in the content and approach - this resource is written by highly experienced Geography teachers, consulted edited by a CIE Principal Examiner, and produced in partnership with the UK

Geographical Association - the home of best practice in Geography teaching.

Movies such as The Wolf of Wall Street glorify an excessive lifestyle; yet, searches for stock broker jobs on indeed.com rose to a near 80% in the U.S around the release of the movie. This shows us that people are mesmerized by the prospect of easy money. The true purpose of our lives has to be more than an exercise of accumulating money; however, society conditions us to think differently. Our potential for happiness and our value as individuals are erroneously based on the amount of money we are capable of earning; hence, people come into trading with hopes of making millions in their pyjamas - and that is precisely why they fail. The very nature of financial markets makes them uncertain and almost impossible to predict on a trade by trade basis; therefore, successful trading can only happen when we drop our need for control. It requires that we let go of our attachment to certainty and money in favour of equanimity. In doing so, we not only find consistency in our results but also

emancipation from the fetters of fear and greed, right and wrong, good or bad. To put it another way, self-knowledge has some amazing liberating qualities. Paradigm Shift lays down the foundation for equanimity which allows us to see market action from a detached perspective. It enables us to learn from our mistakes and use failure as a springboard to success. It stimulates an openness to learn more about ourselves and the nature of our human experiences. It is my sincere hope that this book will inspire you and help you realize your potential for greatness - as a trader but also as an individual. Inside you will learn: ~ Why self-knowledge is important when dealing with the markets. ~ Why it is important to understand the game. ~ Why it is important for you to let go of your attachment to outcomes, certainty, money, and so on. ~ How to become an observer of your own stream of thoughts for a more satisfying trading experience. ~ How to set up a process for peak performance in the markets. ~ Why mistakes and failures are important stepping stones on your path to success. ~ The actions to take daily that will create a ripple effect in your life.

~ How to become your own personal trading (and life) coach.

Modern World History is a major GCSE core text in the Cambridge History Programme, focusing on international relations between 1914 and the collapse of communism in the late twentieth century. It meets the requirements of Modern World History courses and is particularly suitable for use with the MEG and SEG syllabuses. This lively and accessible text incorporates lead questions which focus on the core elements of the issues studied. Essential knowledge is provided through background briefings and analysis is encouraged through the investigations provided. There are regular review sections to clarify the themes studied and allow opportunities for revision. The text uses interpretations from recent research in the central issues studied and contains a wide range of sources, illustrations, maps, diagrams and activities.

The second edition of this leading introduction to the origins of the First World War. Updated to take account of the latest debates around the war's origins and outbreak, this is an essential classroom text which significantly revises our

understanding of diplomacy, political culture, and economic history from 1870 to 1914.

information on the investigation, and the aftermath.

Embed geographical and critical thinking skills for the latest Cambridge IGCSE, IGCSE 9-1 and O Level (0460/0976/2217) syllabuses with the skills focused approach of examiners David Kelly and Muriel Fretwell.

Giuseppe Garibaldi, the Italian revolutionary leader and popular hero, was among the best-known figures of the nineteenth century. This book seeks to examine his life, the making of his cult, to assess its impact, and understand its surprising success. For years Garibaldi was involved in every combative event in Italy. His greatest moment came in 1860, when he defended a revolution in Sicily and provoked the collapse of the Bourbon monarchy, the overthrow of papal power in central Italy, and the creation of the Italian nation state. It made him a global icon, representing strength, bravery, masculinity, saintliness, and a spirit of adventure. Handsome, flamboyant, and sexually attractive, he was worshiped in life and became a cult figure after his death in 1882. Lucy Riall argues that the emerging cult of Garibaldi was initially conceived by revolutionaries intent on overthrowing the status quo, that it was also the result of a collaborative effort by writers, artists, actors, and publishers, and that it became genuinely and enduringly popular among a broad public. The book demonstrates that Garibaldi played an important part in fashioning and promoting himself as a new kind of "charismatic" political figure and analyzes the way the Garibaldi myth has been harnessed both to legitimize and to challenge the

challenge national political structures. And it identifies elements of Garibaldi's po style appropriated by political leaders around the world, including Mussolini and Guevara.
