Books a la Carte
Edition

This is a user-friendly and practical guide for UK practitioners and those managing UK firms on the day-to-day legal issues that arise in the specialist field of partnerships and LLPs. The book is written by three authors: a leading partnership and LLP barrister with many

Read Online
Campbell Biology
Teacher Edition

years of litigation
experience, a solicitor
with specialist expertise
in partnership and LLP
structures and
agreements, and a
respected academic in
the field. It provides
clear and practical
guidance on the main
issues that arise time
and again in UK
partnerships and LLPs.
While there are many

Read Online
Campbell Biology
Teacher Edition

important differences between traditional partnerships and LLPs, the practical issues that they face are often similar, and the book therefore tackle both areas. The focus is mainly on those areas that regularly cause difficulty in firms (be they traditional partnership or LLP).
Subjects covered

arbitration, and court proceedings * mergers, acquisitions, and conversions.

Aimed at academic, professional and general readers, Bush, city, cyberspace provides a snapshot of the state of Australian children's and adolescent literature in the early twenty-first century, and an insight into its history. In doing

Read Online
Campbell Biology
Teacher Edition

so, it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify. The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that

Read Online
Campbell Biology
Teacher Edition

'Australian children's literature' has existed, from the bush myths and heroism that inform the past and the present, through the recognition that the vast majority of authors and readers live in cities, to the third wave of 'cyberliterature' that incorporates multimedia, hypertext, weblinks and e-books - none of which lessens

Read Online
Campbell Biology
Teacher Edition

the enduring enthusiasm of practitioners and readers for books. Bush, city, cyberspace is not meant to be an encyclopedic volume. Rather, well-known, recent and/or award-winning works have been emphasised, with the addition of others where these help to illuminate particular points. The book is

Read Online
Campbell Biology
Teacher Edition

similar in coverage and approach to Australian Children's Literature: An Exploration of Genre and Theme, written by the same three authors and published by the Centre for Information Studies in 1995. In the intervening period, much has changed in the field, notable examples including the blurring of
