Forged in the fires of the Bronx and Kingston, Jamaica, hip-hop became the Esperanto of youth rebellion and a generation-defining movement. In a post-civil rights era defined by deindustrialization and globalization, hip-hop crystallized a multiracial, polycultural generation's worldview, and transformed American politics and culture. But that epic story has never been told with this kind of breadth, insight, and style. Based on original interviews with DJs, b-boys, rappers, graffiti writers, activists, and gang members, with unforgettable portraits of many of hip-hop's forebears, founders, and mavericks, including DJ Kool Herc, Afrika Bambaataa, Chuck D, and Ice Cube, *Can't Stop Won't Stop* chronicles the events, the ideas, the

music, and the art that marked the hip-hop generation's rise from the ashes of the 60's into the new millennium.

It's not just rap music. Hip-hop has transformed theater, dance, performance, poetry, literature, fashion, design, photography, painting, and film, to become one of the most far-reaching and transformative arts movements of the past two decades. American Book Award-winning journalist Jeff Chang, author of the acclaimed *Can't Stop Won't Stop: A History of the Hip-Hop Generation*, assembles some of the most innovative and provocative voices in hip-hop to assess the most important cultural movement of our time. It's an incisive look at hip-hop arts in the voices of the pioneers, innovators,

How gangsta rap shocked America, made millions, and pulled back the curtain on an urban crisis. How is it that gangsta rap—so dystopian that it struck aspiring Brooklyn rapper and future superstar Jay-Z as “over the top”—was born in Los Angeles, the home of Hollywood, surf, and sun? In the Reagan era, hip-hop was understood to be the music of the inner city and, with rare exception, of New York. Rap was considered the poetry of the street, and it was thought to breed in close quarters, the product of dilapidated tenements, crime-infested

housing projects, and graffiti-covered subway cars. To many in the industry, LA was certainly not hard-edged and urban enough to generate authentic hip-hop; a new brand of black rebel music could never come from La-La Land. But it did. In *To Live and Defy in LA*, Felicia Viator tells the story of the young black men who built gangsta rap and changed LA and the world. She takes readers into South Central, Compton, Long Beach, and Watts two decades after the long hot summer of 1965. This was the world of crack cocaine, street gangs, and Daryl Gates,

and it was the environment in which rappers such as Ice Cube, Dr. Dre, and Eazy-E came of age. By the end of the 1980s, these self-styled “ghetto reporters” had fought their way onto the nation’s radio and TV stations and thus into America’s consciousness, mocking law-and-order crusaders, exposing police brutality, outraging both feminists and traditionalists with their often retrograde treatment of sex and gender, and demanding that America confront an urban crisis too often ignored.

One of the most outspoken voices in America's cultural dialogues, John McWhorter can always be counted on to provide provocative viewpoints steeped in scholarly savvy. Now he turns his formidable intellect to the topic of hip-hop music and culture, smashing the claims that hip-hop is politically valuable because it delivers the only “real” portrayal of black society. In this measured, impassioned work, McWhorter

dives into the rhythms of hip-hop, analyzing its content and celebrating its artistry and craftsmanship. But at the same time he points out that hip-hop is, at its core, simply music, and takes issue with those who celebrate hip-hop as the beginning of a new civil rights program and inflate the lyrics with a kind of radical chic. In a power vacuum, this often offensive and destructive music has become a leading voice of black America, and McWhorter stridently calls for a renewed sense of purpose and pride in black communities. Joining the ranks of Russell Simmons and

We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. In the face of several major earthquakes and floods, riots and economic insecurity, police brutality and mass incarceration, some young black Angelenos turned to holy hip hop—a movement merging Christianity and hip hop culture—to “save” themselves and the city.

churches and gangsta rap beats into anthems of praise, holy hip hoppers used gospel rap to navigate complicated social and spiritual realities and to transform the Southland's fractured terrains into musical Zions. Armed with beats, rhymes, and bibles, they journeyed through black Lutheran congregations, prison ministries, African churches, reggae dancehalls, hip hop clubs, Nation of Islam meetings, and Black Lives Matter marches. Zanfagna's fascinating ethnography provides a contemporary and unique view of black LA, offering a much-needed perspective on how music and religion intertwine in people's everyday experiences.

—Deepak Chopra, MD, author of *Total Meditation* Don't believe everything your mind tells you. Are you a chronic overthinker? Do you obsess to the point of feeling anxious, hopeless, angry, or stressed out? Have you ever tried to “think your way out” of one of these negative thought spirals, only to fall in deeper? Let's face it: trying to escape your thoughts—or control them—just doesn't work, and can actually make you more miserable in the long run. So, how can you overcome your addiction to thinking? In *Can't Stop Thinking*, psychotherapist and spiritual counselor Nancy Colier offers the keys to breaking free from the obsessive rumination that drives stress, worry,

and anxiety. Using powerful tools grounded in the ancient wisdom of mindfulness and evidence-based acceptance and commitment therapy (ACT), you'll learn how to observe and gain distance from troubling thoughts, put an end to harsh self-criticism, and manage difficult feelings like resentment and shame. If you're ready to discover a life beyond your thoughts—one of self-compassion, presence, and peace—it's time to stop thinking and start living.

Before there was hip hop, there was DJ Kool Herc. On a hot day at the end of summer in 1973 Cindy Campbell threw a back-to-school party at a park in the South Bronx. Her brother, Clive Campbell, spun the records. He had a new way of playing the music to make

the breaks—the musical interludes between verses—longer for dancing. He called himself DJ Kool Herc and this is *When the Beat Was Born*. From his childhood in Jamaica to his youth in the Bronx, Laban Carrick Hill's book tells how Kool Herc came to be a DJ, how kids in gangs stopped fighting in order to breakdance, and how the music he invented went on to define a culture and transform the world.

This book explores how educational institutions have failed to recognize and effectively address the symptoms of trauma in students of all ages. Given the prevalence of traumatic events in our world, including the COVID-19 pandemic, Gross argues that it is time for educational institutions and those who work within them to change their

approaches and responses to traumatic symptoms that manifest in students in schools and colleges. These changes can alter how and what we teach, how we train teachers, how we structure our calendars and create our schedules, how we address student behavior and disciplinary issues, and how we design our physical space. Drawing on real-life examples and scenarios that will be familiar to educators, this resource provides concrete suggestions to assist institutions in becoming trauma-responsive environments, including replicable macro- and microchanges.

Book Features: Focuses on trauma within the early childhood-adult educational pipeline. Explains how trauma is often cumulative, with recent traumatic events often triggering a

revival of traumatic symptomology from decades ago. Provides clarifications of currently used terms and scoring systems and offers new and alternative approaches to identifying and ameliorating trauma. Includes visual images to augment the descriptions in the text.

The History of Hip Hop

"In his most recent book, *Who We Be*, Jeff Chang looked at how art and culture effected massive social changes in American society. Since the book was published, the country has been gripped by waves of racial discord, most notably the protests in Ferguson, Missouri. In these highly relevant, powerful essays, Chang examines some of the most contentious issues in the current discussion of race and inequality. Built around a central essay looking at the rise of the Black Lives Matter

movement and the events in Ferguson, Missouri, surrounding the death of Michael Brown, Chang questions the value of "the diversity discussion" in an era of increasing racial and economic segregation. He unpacks the return of student protest across the country and reveals how the debate over inclusion and free speech was presaged by similar protests in the 1980s and 1990s. The author of *Can't Stop Won't Stop* looks at how culture impacts our understanding of the politics of this polarized moment. Throughout these essays Chang includes the voices of many of

From its beginnings in hip hop culture, the dense rhythms and aggressive lyrics of rap music have made it a provocative fixture on the American cultural landscape. In *Black Noise: Rap Music and Black Culture in Contemporary America*, Tricia Rose, described by the *New York Times* as a "hip hop theorist," takes a comprehensive look at the lyrics, music, cultures,

themes, and styles of this highly rhythmic, rhymed storytelling and grapples with the most salient issues and debates that surround it. Assistant Professor of Africana Studies and History at New York University, Tricia Rose sorts through rap's multiple voices by exploring its underlying urban cultural politics, particularly the influential New York City rap scene, and discusses rap as a unique musical form in which traditional African-based oral traditions fuse with cutting-edge music technologies. Next she takes up rap's racial politics, its sharp criticisms of the police and the

government, and the responses of those institutions. Finally, she explores the complex sexual politics of rap, including questions of misogyny, sexual domination, and female rappers' critiques of men. But these debates do not overshadow rappers' own words and thoughts. Rose also closely examines the lyrics and videos for songs by artists such as Public Enemy, KRS-One, Salt N' Pepa, MC Lyte, and L. L. Cool J. and draws on candid interviews with Queen Latifah, music producer Eric "Vietnam" Sadler, dancer Crazy Legs, and others to paint the full range of rap's

political and aesthetic spectrum. In the end, Rose observes, rap music remains a vibrant force with its own aesthetic, "a noisy and powerful element of contemporary American popular culture which continues to draw a great deal of attention to itself." Traces the history of rap music as a key component of the black arts movement in the wake of the civil rights and black power movements, examining the music and its politics, profiling ten key artists and their influence on the evolution of rap, and the music's birth as an expression of urban life and culture.
