Under the Argentine stars... Dr Jack Kenner can't refuse Amanda Robinson's plea for help—even though it means returning to South America, where the ghosts of his past haunt him. Worse still, the tropical nights working with brave, fiery Amanda push Jack to his limits—for a man who has sworn never to risk his heart again, they offer the ultimate temptation...

The B-52, or BUFF, first flew in the 1950's. It has been the backbone of our nation's strategic force for decades. Conceived as a long-range nuclear bomber, it has evolved through the years into a convention warfare workhorse as well. It served with great distinction during the war in Southeast Asia, helping to break the resistance of North Vietnam to a peace settlement. It has also been a major contributor during the many conflicts in the Middle East. Although well beyond what should be considered a normal lifetime of a combat aircraft, the B-52 has continued to play a major role in our warfighting capability. The amazing fact is that it is expected to serve our nation's needs for many years to come. Some say the last B-52 pilot hasn't yet been born. Nowhere else can you find an aircraft that has contributed so much for so long to the defense of the United States. This is the story of one man's life in aviation, centered on his involvement with the B-52. In many ways, he and the B-52 matured together.

Be a Hero challenges the Body of Christ to be enlisted in the battle for mercy and social justice. It opens with God's interaction in the affairs of men and His plan to redeem the 'invisible' people through justice, mercy and compassion. Setting the stage theologically, the authors then unveils the great exploits of those who have gone before us and the impact that they made in their own times and on their own culture. Practical steps are offered to the reader to empower them to make a difference in their world.

When Lark was sentenced to twenty-five years behind bars, she thought San Judas was her lucky break. The primitive 16,000-acre community in rural New Mexico isn't like any other prison. There are no cells, there is no warden, and Mother Mercy is the law. She didn't realize she'd be fighting for survival on a daily basis — battling hunger, violent inmates, and Mother Mercy's iron fist. Lark's only friend is Bernie — an off-the-rails environmental activist doing time for arson — and a mysterious stranger who's been sending her illicit messages from the men's colony. Lark never thought escaping San Judas was possible until a message in a bottle changes everything: The guards outside the walls are disappearing, and the world as they know it is coming to an end.

Keith Lowell Jensen thinks you should punch Nazis. In this collection of essays, stories, interviews, and rants, he tells us why. Jensen grew up and into the Sacramento punk music scene in the late eighties and early nineties, where weirdos, LGBTQ folk, feminists, and allies strived to carve out safe community spaces. This scene also attracted a different kind of outsider--white supremacists and Nazi skinheads—making for a politically charged and complicated landscape. In *Punching Nazis*, he reflects on his experiences with these racist fringe groups that infiltrated the progressive scene that gave rise to bands like Green Day. From unwittingly driving around in a lowrider with a gang called “The Suicidals,” to a night doing stand-up with a clown with an unwanted Swastika tattoo, Jensen brings his brand of subtle, sincere comedy to reflect on the complicated relationship that punk music has with racist skinheads and what we should do about it. In recent times, Americans are surprised to find groups like the Klan, and more recently the "Racial Realists" and the "Alt-Right," are still prominent,

and now as they grow increasingly emboldened, it's intriguing and valuable to hear tales of those who, through the love of punk rock music, have a history of dealing with racist fringe groups.

First published in 1979, *Bike Touring* introduced tens of thousands of riders to the joys of bicycle travel, and quickly became the go-to reference for an entire generation of bike-touring enthusiasts. But much has changed in the last three decades—and this fully revamped edition provides authoritative information on both the latest equipment and the ever-expanding universe of touring options for a whole new generation of riders. Readers learn how to train, equip, plan, and pack for tours of any length and difficulty, from overnight trips near home to multiweek journeys abroad. Author Raymond Bridge surveys the wide range of touring options, which now include extensive commercial offerings and roof-to-roof (or "credit card") tours, as well as independent, self-contained travel. Chapters covering bike styles—road, mountain, and world-touring models—along with bike frames and fit, drive trains, wheels, brakes, saddles and handlebars, and accessories, offer up-to-date guidance on the myriad equipment choices from the booming bike industry. And chapters on camping, transporting bikes, and roadside repairs are full of expert advice to help both novice and experienced bike travelers get maximum pleasure from any journey while saving money and staying safe.

Over the course of his stellar writing life, Peter Carey has explored his homeland of Australia in such highly acclaimed novels as *Oscar and Lucinda*, *True History of the Kelly Gang* and *Amnesia*. Writing at the peak of his powers, Carey takes us on an unforgettable journey that maps his homeland's secrets in this extraordinary new novel. Wildly inventive, funny and profoundly moving, *A Long Way from Home* opens in 1953 with the arrival of the tiny, handsome Titch Bobs, his beautiful doll of a wife, Irene, and their two children in the small town of Bacchus Marsh. Titch is the best car salesman in southeastern Australia. Irene loves her husband, and loves to drive fast. Together they enter the Redex Trial, a brutal endurance race around the ancient continent, over roads no car is designed to survive. With them is their neighbour and navigator, Willie Bachhuber, a quiz show champion and failed school teacher who calls the turns and creek crossings on a map that will lead them, without warning, away from the white Australia they all know so well. Just like the novel, Peter Carey's new masterpiece, begins in one way and takes you somewhere you never thought you'd be. Often funny, the book is also and always a page-turner, surprising you with history these characters

never even knew themselves. Its profound reckoning with Australia's brutal treatment of the continent's aboriginal people will also resonate strongly with Canadian readers.

2018 ECPA Christian Book Award Winner 2018 Christopher Award Winner Two best friends, 500 miles, one wheelchair, and the challenge of a lifetime. Friendship takes on new meaning in this true story of Justin and Patrick, born less than two days apart in the same hospital. Best friends their whole lives, they grew up together, went to school together, and were best man in each other's weddings. When Justin was diagnosed with a neuromuscular disease that robbed him of the use of his arms and legs, Patrick was there, helping to feed and care for him in ways he'd never imagined. Determined to live life to the fullest, the friends refused to give into despair or let physical limitations control what was possible for Justin. So when Justin heard about the Camino de Santiago, a 500-mile trek through Spain, he wondered aloud to Patrick whether the two of them could ever do it.

Patrick's immediate response was: "I'll push you." I'll Push You is the real-life story of this incredible journey. A travel adventure full of love, humor, and spiritual truth, it exemplifies what every friendship is meant to be and shows what it means to never find yourself alone. You'll discover how love and faith can push past all limits—and make us the best versions of ourselves.

This popular guide has been fully updated and redesigned to reflect exactly what today's students want to know. It is the most accessible guide to higher education and student life in the UK and provides reliable, lively and unbiased information on what universities really offer. The establishments are listed alphabetically, with each entry providing a wealth of information, from a description of the campuses to famous alumni. A separate section supplies a list of courses and which universities offer them, making it easy for the reader to cross-reference their chosen course with the right university.

Young children are intuitive scientists. This book builds on their inherent curiosity and problem solving as they move forward in their scientific thinking. Science develops from early beginnings and a solid foundation in the early years is essential for their future learning and engagement with the subject. Starting Inquiry Based Science in the Early Years shows you how you can support children's emerging scientific skills by working with them and scaffolding their inquiries as they experiment, hypothesise and investigate building on their natural curiosity. Full of practical advice, it offers a wide range of scientific activities that can be carried out in partnership with young children. Each activity presents a challenge for the child to solve by thinking and talking through their ideas and then carrying out their own investigations. This invaluable guide focuses on helping children to follow their own line of inquiry and supporting them in mastering the skills and vocabulary they need in order to do this. Features include: An explanation of the key skills children need to acquire and practical ideas for developing these; Useful lists of relevant vocabulary and everyday resources; Cue questions to encourage children's thinking skills; Cross-curricular links to show how the activities support early literacy and mathematics. Providing a rich bank of resources for promoting scientific experiences and learning, this highly practical book will help you ensure that the children in your care have the strong foundations they need to become confident, successful scientists in the future.

Chapin's World is purely a figment of the author's warped imagination, so please don't report him to the authorities because there is nothing that can be done. He was born thinking like this. And, it was inevitable that his mind would be unleashed upon an unsuspecting public. Chapin's World, subtitled A Mid Amid is a book-of-life as seen through the green, 'mid-life' eyes of a member of a highly exploited (as of yet, unentitled) minority - redheads! It is a collection of humorous short stories of the author's early life, family camping-trip shenanigans, vacation pranks and mishaps, and how he grew to be 'mid' in America's Heartland. His light-hearted style allows the reader a chance to experience unpleasant circumstances with humor, and to tag along as he turns the most simple of situations into full-blown calamities. Chapin's narrative of his childhood reads like a tale by a modern day Samuel Clemens. The stories progress randomly through his life to include 'mid-- with -- kid.' Chapin's World will drag you along with Chapin, his family, and a few 'less-than role model' friends into, but not out of 'mid-life.' the author is determined to find your funny bone even if he has to use a chainsaw. A Mid Amid contains twenty-seven mildly amusing, yet wildly outrageous tales by the 'Master of Personal Disaster.' In case you are unaware of Chapin's writing style, he has used the formula of mixing equal, half-portions of wit and narrative. Chapin has now become quite distinguished for his 'half-wit' humor. But, such is Chapin's World. If you or a loved one is struggling through the 'mid-life' crisis (or if you just have the strange urge to help a confessed liar succeed) then Chapin's World - A Mid Amid is surely required reading.

The world is destroyed in a devastating nuclear attack. Now Chuck and his family must learn to survive in a harsh new dystopia in Fairbanks, Alaska. Retired Marine and survivalist Chuck Nagy, his brilliant and brave wife Madison, and his remarkable children are thrown from the modern world into a dystopian wasteland in the span of a few heartbeats. Now it's up to Chuck to build a new life in a post-apocalyptic world that becomes more dangerous every day. The Nagys do more than simply survive a devastating surprise attack--they thrive. Together with other survivors, the Nagys must rebuild their lives in the Alaskan wilderness and create a better society from scratch. But the Russian military is closing in. As Chuck leads the survivors through three hundred miles of Alaskan wilderness in a fight for freedom, the odds are stacked against them. Food is scarce and the weather is brutal. In spite of these dire circumstances, Chuck must unite the remaining survivors before they all--even his own children--are forced to pay the ultimate price.

Turned upside down by misadventure Amy Childs is late for a party when she makes an illegal turn and hits a pedestrian—the brother of one of the most corrupt men in town. Now her brush with the law has her running for her life from those who want retribution. Torn apart by tragedy Detective Sgt. Dane Philips lost his wife to a serial killer. He's juggled work and parenting his two daughters since but can no longer cope. To save his job he must find a live-in nanny immediately. While he knows he shouldn't hire someone without references, he desperately needs someone. Perhaps Amy is an answer to prayer. But as events take a sinister turn, only a miracle can save them all from destruction. Is Amy the woman of his dreams or the start of a nightmare?
