*Popular author Steven Lubet brings his signature blend of humor, advocacy, and legal ethics to The Importance of Being Honest, an incisive analysis of how honesty and law play out in current affairs and historical events. Drawing on original work as well as op-ed pieces and articles that have appeared in the American Lawyer, the Chicago Tribune, and many other national publications, Lubet explores the complex aspects of honesty in the legal world. The Importance of Being Honest is full of tales of questionable practices and poor behavior, chosen because negative examples are much richer, and often more remarkable, in their ultimate lessons. Wyatt Earp's shootout with Billy Clanton, Bill Clinton's disastrous decision to lie under oath, Oscar Wilde's self-destructive perjury in a 1896 libel trial, and the dubious resolution of Justice Scalia's duck hunting trip with Dick Cheney are only a few of the cases Lubet use to illustrate that law is a vague and boggy realm where truth, and falsehood, is seldom absolute. With his lively, insightful, and sometimes hilarious prose, Lubet takes readers on a tour of the law in our everyday lives, and forces us to rethink how we really feel about honesty and truth.*

*NATIONAL BESTSELLER The heartfelt and hilarious story of beloved Canadian comedian Mark Critch's journey from Newfoundland to the national stage--and back home again. One of Mark Critch's earliest acting gigs was in a Newfoundland tourist production alongside a cast of displaced fishery workers. Since, he's found increasing opportunities to take his show on the road. In An Embarrassment of Critch's, the star of CBC's This Hour Has 22 Minutes revisits some of his career's--and the country's--biggest moments, revealing all the things you might not know happened along the way: A wishful rumour spread by Mark's father results in his big break; two bottles of Scotch nearly get him kicked out of a secret Canadian airbase in the United Arab Emirates; and for anyone wondering how to get an interview with the Prime Minister and Bono (yes, that Bono) on the same evening, Critch might recommend a journey to the 2003 Liberal Convention. Critch's top-secret access to all of the funniest behind-the-scenes moments involve many of the charismatic and notorious politicians we love to see blush, including fearless leaders Justin Trudeau, Stephen Harper, Paul Martin, and Jean Chrétien, celebrities such as Pamela Anderson and Robin Williams, and other colourful figures he's met over years of pulling off daring skits at home and abroad. Remember when MP Carolyn Parrish took her boot to George W. Bush's head in an interview? Or when Critch asked Justin Trudeau where the best place to smoke pot on Parliament Hill was before pulling out a joint for them to share? There's more to each of those stories than you know. Though Critch has spent years crisscrossing the country--and the globe--with the explicit aim of causing trouble everywhere he goes, like the best journeys, this one takes him right back home.*

Over the past decade, a global convergence in migration policies has emerged, and with it a new, mean-spirited politics of immigration. It is now evident that the idea of a settler society, previously an important landmark in understanding migration, is a thing of the past. What are the consequences of this shift for how we imagine immigration? And for how we regulate it? This book analyzes the dramatic shift away from the settler society paradigm in light of the crisis of asylum, the fear of Islamic fundamentalism, and the demise of multiculturalism. What emerges is a radically original take on the new global politics of immigration that can explain policy paralysis in the face of rising death tolls, failing human rights arguments, and persistent state desires to treat migration as an economic calculus.
