The photographic community is rife with talented and creative practitioners and artists. But making great photographs does not always translate into an ability to teach effectively. This new edition of Teaching Photography approaches photographic education from a point of view that stresses the how and why of the education. It includes the resources that will inspire new and seasoned teachers to help students expand their technical and aesthetic abilities and techniques, as well as their visual literacy and the way photography fits into the wider world. Fully updated to include the online/hybrid classroom environment, collaborative learning, rubrics, and using digital technology, plus techniques for inspiring conversations and critiques.

This full-color book is designed to tap the exploding market in serious digital photography with over 250 pages of new and beautiful photos, essential photography how-to information and no-fail formulas for getting great digital pictures with the newly announced Canon EOS Digital Rebel XTi/400D. It goes above and beyond competitive digital SLR books with step-by-step techniques that cover exposure, composition, and professional shooting tips on perspective, impact, and more. Charlotte K. Lowrie, author of two previous Digital Field Guides (see below), is an acclaimed photographer who was managing editor of editorial content for MSN Photos and now writes online instructional content for Canon. Charlotte K. Lowrie (Woodinville, WA) is a freelance editorial and stock photographer and an award-winning writer. Her work has appeared in Popular Photography & Imaging and PHOTOgraphic magazines, and she is the author of the bestselling Canon EOS Digital Rebel Digital Field Guide as well as Adobe Camera Raw Studio Skills, the Canon EOS 30D Digital Field Guide, and Teach Yourself Visually Digital Photography, Second Edition , all from Wiley. The Tutor at Your Side manual addresses the user's needs at each stage of their development. The Startup section gives Camera Setup and Care. The next sections provide continuous guidance through 3 learning phases: 1. The Orientation section describes the control and menu features with illustrated locations and concise descriptions of function, settings, operation and references to detail descriptions. 2. The Operation section gives the user a choice of 4 complete and independent starting points: There are 2 Basic subsections, Quick and Detailed, for Point and Shoot operation and Creative subsections, Quick and Detailed, for the Complete Control mode of operation. Each Detailed subsection includes the corresponding Quick subsection to eliminate looking back. Each subsection is sequenced in Photo Session order: Displays, Session Prep/Field Setup, Photo Features (Shooting Mode, Composition, Focus, Drive, Exposure and Shutter), Evaluation, Correction and Session Finish. Each subsection includes reset reminders at the individual features and at the Session Finish. Custom Function setups are given just before the first possible use and usage reminders are given thereafter (Creative Detailed section only). The Effective Use section continues the user guidance beyond the mechanics and the Reference section covers Problems, Playback and Printing. The manual has laminated covers for durability and a coil binding so it will stay open.
